

Notice of Intent to Adopt
Negative Declaration 664
U 11-09/10-02
Special Use (Site Development) Permit for Public Service Facility
Materials Recovery Facility
InterMountain Disposal, Inc.
Delleker, Plumas County, CA

Notice is given that Negative Declaration 664 has determined that this project will not have a significant effect on the environment.

The project is located 73836 South Delleker Road, 74260 Humbug Lane and 73980 Industrial Way, Delleker, CA; Assessor's Parcel Numbers 125-420-036, 125-420-044, and 125-420-052; T22N/R13E/Section 3, MDM; 120.502396/39.801951.

The proposed project will involve the construction of a large metal building and appurtenances that will be operated as a Materials Recovery Facility (MRF). The new Materials Recovery Facility is proposed to process recyclable materials, in conjunction with an existing 10,000 square foot building for baling and for storage of recovered material. This building is the current location of the Delleker Recycling Center.

A 5.18 acre parcel located at 74260 Humbug Lane is proposed to be used as an Outdoor Processing area, to be used for the processing and storage of mixed construction and demolition debris, inert materials, green waste, wood waste and metals that are delivered directly to, or are separated at the Materials Recovery Facility. Proposed operations would include constructing and operating a biomass gasification unit on the Outdoor Storage/Processing area site. The biomass gasification unit, if constructed in the future, would be subject to issuance of Authority to Construct and Permit to Operate from the Northern Sierra Air Quality Management District.

This document is proposed to be adopted and has been filed with Plumas County Planning and Building Services. It is now available for inspection and review at:

Plumas County Planning and Building Services
555 Main Street
