The Office of Statewide Health Planning and Development (OSHPD) is the lead agency and is preparing an environmental impact report (EIR) for the project identified below. OSHPD would like input from your agency and interested members of the public regarding the scope and content of the environmental information that is germane to your agency's statutory responsibilities in connection with the proposed project. Your agency may need to use the program EIR prepared by OSHPD when considering any permit or other approval related to the proposed project.

The project description, location, and potential environmental effects are contained in the attached materials. A copy of the initial study *is* *is not* attached.

Because of the time limits mandated by state law, your response must be sent at the earliest possible date but not later than 30 days after receipt of this notice.

Please send your response to Glenn Gall, AIA, at the address above. Please include your name or the name of a contact person in your agency.
