

**INDEPENDENT ACCOUNTANT'S REPORT ON AGREED-UPON PROCEDURES
APPLIED TO APPROPRIATION LIMIT CALCULATION**

To the Board of Supervisors
County of Plumas
Quincy, California

We have performed the procedures enumerated below to the accompanying Appropriations Limit worksheet of the County of Plumas, for the year ended June 30, 2015. These procedures, which were agreed to by the County of Plumas, were performed solely to assist the County in meeting the requirements of Section 1.5 of Article XIII B of the California Constitution. The County of Plumas management is responsible for the Appropriations Limit worksheet. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the County of Plumas. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our findings were as follows:

1. We evaluated the accuracy of the computation and adequacy of the documentation. We obtained the completed worksheets, and compared the limit and annual adjustment factors in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the County Board of Supervisors. We also evaluated the County's compliance with Government Code Section 37200.

Finding: No exceptions were noted as a result of our procedures.

2. We determined compliance with the Appropriations Limit. We compared the proceeds of tax subject to the limit to the calculated limit.

Finding: No exceptions were noted as a result of our procedures

3. We determined that the Appropriations Limit resulting from the completion of the various worksheets was adopted by the Board of Supervisors. We noted that the Limit was approved by the Board of Supervisors on June 17, 2014.

Finding: We noted that the prior year appropriations limit was included in the current year State Controller's report.

4. We compared the prior year appropriations limit presented in the current year appropriations limit calculation to the prior year appropriations limit adopted by the Board of Supervisors.

Finding: No exceptions were noted as a result of our procedures.

To the Board of Supervisors
County of Plumas
Quincy, California

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on the accompanying Appropriations Limit worksheet. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriation limit for the base year, as defined by Article XIII-B of the California Constitution.

This report is intended solely for the information and use of management, the Board of Supervisors, and others within the entity, and is not intended to be and should not be used by anyone other than these specified parties.

COUNTY OF PLUMAS
Appropriations Limit Worksheet
For the Year Ended June 30, 2015

Gann Limit for the fiscal year ended June 30, 2014		\$ 30,595,563
Per capita personal income factor	.9977	
Population change factor	<u>.9872</u>	
Gann Limit Increase factor		<u>.9849</u>
Gann Limit for the fiscal year ended June 30, 2015		<u>\$ 30,133,570</u>

The accompanying notes are an integral part of this worksheet.

COUNTY OF PLUMAS
Notes to Appropriations Limit Worksheet
For the Year Ended June 30, 2015

NOTE 1: PER CAPITA PERSONAL INCOME FACTOR

The per capita personal income factor was obtained by using the percentage factor from the State Department of Finance letter dated May 1, 2014. The CPI change was (.23) percent. This percentage was converted to a ratio and for calculation purposes was .9977.

NOTE 2: POPULATION CHANGES

There are three methods of calculating the change in population that a County may choose in determining the Gann Limit. 1) The change in population within its jurisdiction; 2) The change in population within its jurisdiction, combined with the changes in population within all counties having borders that are contiguous to that county; 3) The change in population within the incorporated portion of the county. The county may use either of these methods in any year.

The County has elected to use the change in population within its jurisdiction, combined with changes in population within all counties having borders that are contiguous to that County (method 2). The population change percentages for the County as well as the population change percentages for all counties having borders that are contiguous to Plumas County were taken from the May 1, 2014 letter from the State Department of Finance. This combined percentage was converted to a ratio and for calculation purposes was .9872.

NOTE 3: APPROPRIATION LIMIT

The County has calculated the proceeds of tax for the year ended June 30, 2015 as \$15,199,070. The appropriation limit for the year ended June 30, 2015 is \$30,133,570, therefore, the proceeds of tax is \$14,934,500 less than the appropriations limit. The proceeds of tax is 50.44 percent of the limit.
