G. **Cost of review.** The party requesting the special Rate review shall bear all reasonable costs incurred by the other Party, including labor and materials, of a special Rate review which it has requested up to a maximum of twenty-five thousand dollars (\$25,000). Costs of a review requested by **Contractor** may neither be included in the Rates nor charged to **County** or Customers.

12.07: RATE-SETTING PROCESS

A. **General.** **County** shall be solely responsible for establishing and adjusting Rates as described in this Article. Rates shall be adjusted only after joint discussions and **agreement** between **County** and **Contractor**, a review by the Administrator and the PCIWMTF, and approval of the Board.

B. **Annual review process.** The Rates shall be reviewed annually by **County**, commencing with Rate Year one (2015) and continuing through the remaining Term Including any extension periods.

C. **Rate structure.** **County**, through its Board of Supervisors, **and after joint discussions and agreement between County and Contractor** shall have right to change the relationship of individual Rates in comparison with other Rates and to allocate total costs among Service Sectors and lines of business. If at any time **Contractor** believes that a rate not included in the **County**-approved rate schedule would be necessary or useful, **Contractor** shall notify **County** and recommend establishment of such rate.

12.08: NOTICE OF RATE ADJUSTMENTS

If requested by **County**, **Contractor** shall provide **County** with a complete and current list of its Customer addresses within ten (10) Business Days of the request. In addition, if requested by **County**, **Contractor** shall arrange for the mailing of notices of rate adjustment (to be prepared by **County**). The cost of mailing such notices shall be considered a pass-through cost in the annual and triennial financial reports.

12.09: POTENTIAL RATE CONSTRAINTS

The Parties recognize that, as of the date this Agreement is entered into, there is no authoritative judicial determination of whether Articles 13.C and D (Proposition 218) of the California Constitution apply to charges imposed by private enterprises for Solid Waste handling and Recycling services when those charges are regulated by a local government. Until such authoritative judicial guidance is available, **County** intends to provide notice of proposed rate increases, and an opportunity for public hearing and protest as required by Article 13.D, except as specifically exempted under Article 13.D. **County** will not be in default of this Agreement if:

- A. A majority protest prevents a proposed rate increase from being adopted,
- B. A court rules that Rates adopted by **County** are not consistent with Article 13.D, or
- C. An initiative reduces Rates from those in effect. After any such event, the Parties shall promptly meet and confer in good faith to consider modifications to service levels and/or reductions in the Franchise Fee and other governmental fees and charges, commensurate with the Rates that **Contractor** may legally charge. If **County** and **Contractor** are unable to reach agreement about such a modification or reduction, then **Contractor** may terminate this Agreement upon two hundred and seventy (270) calendar days prior written notice to **County**, in which case **Contractor** and **County** shall each be entitled to payment of amounts due for contract performance through the date of termination but otherwise will have no further obligation to one another pursuant to this Agreement after the date of such termination.

ARTICLE 13

INTERRUPTION OF SERVICES

13.01: PURPOSE

The Parties recognize:

A. That frequent and continuous Collection of Solid Waste and/or Targeted Recyclable Materials is an essential public service and an important element of public health in Plumas County, and

B. That even a temporary interruption in the Collection and transport services entrusted to **Contractor** may threaten the public health and safety, as well as cause serious financial harm to business operations in Plumas County. The purpose of this Article is to provide **County** with the ability to respond to such threats to the public health, safety and welfare by either using its own personnel and equipment or authorizing another Collection and transport contractor, either within Plumas County or outside, to perform such Collection and transport services until such time as **Contractor** is able to resume services. This Article applies to any interruption of services, regardless of whether or not **Contractor's** failure to perform is excused under **Section 15.10**.

C. That an interruption of services may occur in either of Plumas County's two solid waste franchise areas, and that past practices under the previous franchise agreement **between Contractor and County dated February 21, 1995** to maintain continuous Collection and transport services have involved the use of the other in-County franchise contractor's personnel and/or equipment to fulfill **Contractor's** obligations under **Article 18. Franchisee Default** of that agreement. This Article is intended to extend and include that previous mutual aid clause within this Agreement.

13.02: CONDITIONS AUTHORIZING COUNTY'S RIGHT TO COLLECT AND TRANSPORT

If **Contractor**, for any reason, fails, refuses or is unable to Collect Solid Waste and/or Targeted Recyclable Materials at the times and in the manner required by this Agreement, and transport them to the Designated Transfer and Processing Facility, for more than **five (5) Business Days**, **County**, **at its sole discretion**, may invoke **any of the provisions of Section 15-06**.

13.03: NOTICE TO CONTRACTOR

In the event that **County** invokes its right to perform Collection and transport services with its own personnel or authorize a third Party to do so pursuant to **Section 15.06**, **County** shall deliver written notice to **Contractor** of its determination to exercise its right to provide Collection services. **Contractor** shall cooperate in any reasonable way to assist **County** in providing Collection services on a temporary basis.

13.04: RIGHTS AND RESPONSIBILITIES OF PARTIES

In the event that **County** invokes its right to perform Collection and transport services and authorize a third Party to do so pursuant to **Section 15.06**, **County** shall compensate such third Party under the terms of the agreement with **Contractor**, and the third Party shall otherwise carry out **Contractor's** contract obligations as if the third Party were the original contracting Party. If at the end of ninety (90) Days, **Contractor** is unable to resume Collection and transport operations, **County** shall have the right to terminate this Agreement and retain another

solid waste franchise contractor to perform such services. **County's** exercise of its rights under this Article does not limit its ability to seek any of the remedies available to it under **Article 15**.

ARTICLE 14

INDEMNITY, INSURANCE, BOND

14.01: INDEMNIFICATION

Contractor shall indemnify, defend and hold harmless **County**, its officers, employees and agents (collectively, the "indemnitees"), from and against:

- B. Any and all loss Including injury to and death of any Person and damage to property and
- C. Contribution or indemnity demanded by third Parties (collectively, the "claims"), in each case to the extent arising out of or occasioned in any way by, directly or indirectly, **Contractor's** performance of, or its failure to perform, its obligations under this Agreement.

The foregoing indemnity shall not apply to the extent that a claim is caused solely by the active negligence or intentional misconduct of the indemnitees, but shall apply if the claim is caused by the joint negligence of **Contractor** and other Persons, Including an indemnitee.

Upon the occurrence of any Claim, **Contractor** shall defend (with attorneys reasonably acceptable to **County**) the indemnitees. **Contractor's** duty to defend and indemnify shall survive the expiration or earlier termination of this Agreement.

14.02 HAZARDOUS WASTE INDEMNIFICATION

Contractor shall indemnify, defend and hold harmless the indemnitees against all claims, of any kind whatsoever paid, incurred or suffered by, or asserted against indemnitees arising from or attributable to any repair, cleanup or detoxification, or preparation and implementation of any removal, remedial, response, closure or other plan (regardless of whether undertaken due to governmental action) concerning any Hazardous Wastes released, spilled or disposed of by **Contractor** pursuant to this Agreement. The foregoing indemnity is intended to operate as an agreement pursuant to Section 107(e) of the Comprehensive Environmental Response, Compensation and Liability Act, ("CERCLA"), 42 U.S.C. Section 9607(e), and California Health and Safety Code Section 25364, to defend, protect, hold harmless and indemnify indemnitees from liability and shall survive the expiration or earlier termination of this Agreement. Notwithstanding the foregoing, **Contractor** is not required to indemnify the indemnitees against claims arising from **Contractor's** delivery of Solid Waste, C&D and/or Targeted Recyclable Materials to the Designated Transfer, Processing and Disposal Facility, or their subsequent delivery to other processing locations or the ultimate Disposal Site, unless such claims are due to **Contractor's** negligence or willful misconduct.

14.03: CALIFORNIA INTEGRATED WASTE MANAGEMENT ACT INDEMNIFICATION

Contractor agrees to indemnify and hold harmless the indemnitees against all fines and/or penalties imposed by CalRecycle or the Local Enforcement County (LEA) based on **Contractor's** failure to comply with laws, regulations or permits issued or enforced by CalRecycle or the LEA or caused or contributed to by **Contractor's** failure to perform obligations under this Agreement. This indemnity obligation is subject to the limitations and

conditions in *Public Resource Code* Section 40059.1 but is enforceable to the maximum extent allowable by that Section. This indemnity shall survive the termination or earlier expiration of this Agreement.

If occurrence coverage is not obtainable,

Contractor must arrange for “tail coverage” on a claims-made policy to protect **County** from claims filed within four (4) years after the expiration or earlier termination of this Agreement relating to incidents that occurred prior to such expiration or termination.

3. **Automobile Liability.** **Contractor** shall maintain automobile liability insurance covering all vehicles used in performing service under this Agreement with a combined single limit of not less than **two** million dollars (\$ 2,000,000) per occurrence for bodily injury and property damage.

B. **Acceptability of insureds.** The insurance policies required by this section shall be issued by an insurance company or companies admitted to do business in the State of California, subject to the jurisdiction of the California Insurance Commissioner, and with a rating in the most recent edition of Best’s Insurance Reports of size category XV or larger and a rating classification of A+ or better.

C. **Required endorsements.** Without limiting the generality of **Sections 14.04.A and B**, the policies shall contain endorsements in substantially the following form:

1. **Workers’ Compensation and Employers’ Liability Policy.**

b. The County of Plumas, its officers, employees, and agents are additional insureds on this policy.

c. This policy shall be considered primary insurance as respects any other valid and collectible insurance maintained by the County of Plumas, Including any self-insured retention or program of self-insurance, and any other such insurance shall be considered excess insurance only.

d. Inclusion of the County of Plumas as an insured shall not affect the County of Plumas' rights as respects any claim, demand, suit or judgment brought or recovered against the Contractor. This policy shall protect **Contractor** and the County of Plumas in the same manner as though a separate policy had been issued to each, but this shall not operate to increase the company's liability as set forth in the policy beyond the amount shown or to which the company would have been liable if only one Party had been named as an insured.

D. Deductibles and self-insured retentions. The liability policies described in **Sections 14.02.A(2) and (3)** may contain a deductible or self-insured retention not to exceed \$500,000 per occurrence. This amount may not be increased without **County's** prior written consent. **Contractor** remains responsible for the payment of all losses and investigation, claim administration and defense expenses, Including those of **County**.

E. Delivery of proof of coverage. Prior to the commencement of operations, **Contractor** shall furnish **County** one or more certificates of insurance on a standard ACORD form substantiating that each of the coverages required hereunder is in force, in form and substance satisfactory to **County**. Such certificates shall show the type and amount of coverage, Effective Dates and dates of expiration of policies and shall be accompanied by all required endorsements. If **County** requests, copies of each policy, together with all endorsements, shall also be promptly delivered to **County**. **Contractor** shall furnish renewal certificates to **County** to demonstrate maintenance of the required coverages throughout the Term.

F. Other insurance requirements.

1. In the event performance of any services is delegated to a Subcontractor, **Contractor** shall require such Subcontractor to provide statutory workers' compensation insurance and employer's liability insurance for all of the Subcontractor's employees engaged in the work. The liability insurance required by **Subsection A.2** and the automobile liability policy required by **Subsection A.3** shall cover all Subcontractors or the Subcontractor must furnish evidence of insurance provided by it meeting all of the requirements of this **Section 14.02**.

2. **Contractor** shall comply with all requirements of the insurers issuing policies. The carrying of insurance shall not relieve **Contractor** from any obligation under this Agreement, Including those imposed by **Section 14.01**. If any claim is made by any third Person against **Contractor** or any Subcontractor on account of any occurrence related to this Agreement, other than claims by employees for work-related incidents, **Contractor** shall promptly report the facts in writing to the insurance carrier and to **County**.

3. If **Contractor** fails to procure and maintain any insurance required by this Agreement, **County** may take out and maintain such insurance as it may deem proper and may require **Contractor** to reimburse it for the cost incurred within thirty (30) Days and/or deduct the cost from any monies due **Contractor**. **County** may also treat the failure as a **Contractor** default.
4. **County** is not responsible for payment of premiums for or deductibles under any required insurance coverages.
5. Any excess or umbrella policies shall be written on a “following form” basis.

14.05: FAITHFUL PERFORMANCE BOND

The principal sum of the bond shall be no less than Two Hundred Thousand Dollars (\$200,000.00). The form of the bond shall be approved as to form by the Plumas County Counsel. The bond shall be extended, or replaced by a new bond in the same principal sum (adjusted by the percentage change in the Consumer Price Index), for the same Term (i.e., twenty-four (24) months) and in the same form, bi-annually thereafter. Not less than ninety (90) Days before the expiration of the initial, or any subsequent, bond, **Contractor** shall furnish either a replacement bond or a continuation certificate substantially in a form approved by County Counsel, executed by the surety. It is the intention of this Section that there be in full force and effect at all times a bond securing **Contractor’s** faithful performance of the Agreement, throughout its Term.

14.06: ALTERNATIVE SECURITY

County may, in its sole discretion, allow **Contractor** to provide alternative security to the Faithful Performance Bond described above in the amount set forth in **Section 14.03**, in the form of (a) a prepaid irrevocable standby letter of credit in form and substance satisfactory to **County**, approved by the County Counsel and issued by a financial institution acceptable to **County**, or (b) a certificate of deposit in the name of **County** and in a form and with a Term satisfactory to **County**, accompanied by an agreement giving **County** the right to draw on the funds deposited satisfactory to **County** and with a financial institution acceptable to **County**. 3. **Contractor** fails to perform its obligations under Article 8 of this Agreement by failing to resolve a Customer complaint in a timely manner. **Contractor's failure to resolve a Customer complaint in a timely manner shall only constitute a deficiency if the complaint results in a material failure to provide service in accordance with the terms of this Agreement**

B. Unexcused deficiencies shall be subject to liquidated damages as set forth below:

1. The first event of an unexcused deficiency as defined above in a Calendar Year shall result in liquidated damages of Five Hundred dollars and no cents (\$500.00) to be paid by **Contractor** to **County**. Such liquidated damages are to be considered neither pass-through costs nor business expenses that may be recovered through the Rates.
2. The second event of an unexcused deficiency as defined above in a Calendar Year shall result in liquidated damages of One Thousand dollars and no cents (\$1000.00) to be paid by **Contractor** to **County**. Such liquidated damages are to be considered neither pass-through costs nor business expenses that may be recovered through the Rates.
3. The third event of an unexcused deficiency as defined above in a Calendar Year shall be considered as an event of default. **Contractor** shall be subject to **County's** remedies in the case of default as described in Sections 15.03 through 15.07, below.

15.02: EVENTS OF DEFAULT.

Each of the following shall constitute an event of default ("**Contractor** default"):

- A. **Contractor** fails to perform its obligations under **Articles 5 through 8** of this Agreement and its failure to perform is not cured within thirty (30) Business Days after written notice from **County** specifically describing such failure.
- B. **Contractor** fails to perform its obligations under any other Article of this Agreement and its failure to perform is not cured within thirty (30) Business Days after written notice

from **County** specifically describing such failure, provided that if the nature of the failure is such that it will reasonably require more than thirty (30) Business Days to cure, **Contractor** shall not be in default so long as it promptly commences the cure and diligently proceeds to completion of the cure, and provided further that neither notice nor opportunity to cure applies to events described in **the following subsections C through I.**

C. **Contractor** ceases to provide Collection and transportation services for a period of **five (5)** Business Days for any reason within **Contractor's** control, including labor unrest such as strike, work stoppage or slowdown, sickout, picketing, or other concerted job action by **Contractor's** employees.

D. **Contractor** files a voluntary petition for relief under any bankruptcy, insolvency or similar law.

E. An involuntary petition is brought against **Contractor** under any bankruptcy, insolvency or similar law which remains un-dismissed or un-stayed for ninety (90) Days.

F. **Contractor** fails to furnish a replacement bond or a continuation certificate of the existing bond not less than ten (10) days before expiration of the performance bond, as required by **Section 14.03** or fails to maintain all required insurance coverage in force.

G. **Contractor** fails to provide reasonable assurance of performance when required under **Section 15.11.**

H. A representation or warranty contained in **Article 2** proves to be false or misleading in a material respect as of the date such representation or warranty was made.

I. Repeated unexcused deficiencies exceeding limits set forth in **Section 15.01.**

15.03: CONTRACTOR'S RIGHT TO HEARING

No deficiency or default shall be deemed unexcused unless the Administrator reasonably so determines after giving Contractor the right to be heard and to present exculpatory evidence.

15.04: RIGHT TO SUSPEND OR TERMINATE UPON DEFAULT.

A. Upon any **Contractor** default, and subject to Contractor's cure rights set forth above, **County** may terminate this Agreement or suspend it, in whole or in part. Such suspension or termination shall be effective thirty (30) days after **County** has given notice of suspension or termination to **Contractor**, except that such notice may be effective in a shorter period of time, or immediately, if **Contractor** default is one which endangers the health, welfare or safety of the public, such as the failure to Collect Solid Waste, C&D and/or Targeted Recyclable Materials for the period of time specified in **Section 15.02.C.** Notice shall be given in writing and shall specifically describe the grounds for termination or suspension. **Contractor** shall continue to perform the portions of the Agreement, if any, that are not suspended in full conformity with its terms.

B. **County** may also suspend or terminate this Agreement, upon the same notice provisions, if **Contractor's** ability to perform is prevented or materially interfered with by a cause which excuses nonperformance under **Section 15.10** for a period of 180 Calendar Days or more, despite the fact that nonperformance in such a case is neither a breach nor a **Contractor** default.

15.05: SPECIFIC PERFORMANCE

By virtue of the nature of this Agreement, the urgency of timely, continuous and high quality service, the lead time required to effect alternative service, and the rights granted by **County** to **Contractor**, the remedy of damages for a breach hereof by **Contractor** is inadequate and **County** shall be entitled to injunctive relief.

15.06: COUNTY RIGHT TO PERFORM SERVICE

A. If this Agreement is suspended and/or terminated due to a **Contractor** default, or, for any reason whatsoever, **Contractor** fails, refuses or is unable to Collect, transport or Dispose of any or all Solid Waste, Targeted recyclables, C&D or other discarded materials which are required by this Agreement, at the time and in the manner provided in this Agreement for a period of more than five (5) days, and if, as a result thereof, Solid Waste, Targeted Recyclables, C&D or other discarded materials should accumulate in the county to such an extent and in such a manner, or for such a time that **County** should find that such an accumulation endangers or menaces the public health, safety or welfare, **County** shall have the right, even if **Contractor** is not in breach of this Agreement, to perform, with its own forces or by contract, **or to assign to another franchise contractor within the County** the work herein or such part thereof as it may deem necessary upon twenty-four (24) hours prior written notice to **Contractor**.

B. If such work is assigned to another franchise contractor within the County, that contractor shall fulfill **Contractor's** obligations under this Agreement as if that contractor were the original contracting Party until such time as **Contractor** is able to resume its contractual obligations, or until such time that **County** has made other arrangements for the provision of such services... Likewise, if the other franchise contractor within the County fails, refuses or is unable to Collect, transport or Dispose of any or all Solid Waste, Targeted recyclables, C&D or other discarded materials which are required by their Agreement with **County**, **Contractor** shall be obligated to fulfill the terms of their Agreement as if **Contractor** were the original contracting Party until such time as the other franchise contractor is able to resume their contractual obligations, or until such time that **County** has made other arrangements for the provision of such services..

C. **County** shall provide **Contractor** written notice that it intends to consider invoking this Article at a public meeting of its governing body, to be held two (2) or more Business Days from the date of the notice. At the meeting, the governing body may invoke its rights under this Article if it determines that there has been an interruption in Collection service and that such interruption may continue, thereby threatening the public health, safety and welfare. If the governing body makes that determination, it may also determine to exercise **County's** right to perform Collection and transport services with its own personnel or authorize a third Party to do so, after having invoked this right under its Franchise Agreement with **Contractor**.

D. Such failure to act by **Contractor** shall be deemed by **County** as a public health emergency, and shall empower the **County**, per **Article 13** of this Agreement, to perform, or cause to be performed, such services itself with its own or other personnel **and its own or other** equipment, including, **but not limited to Contractor's equipment**.. In such an event, **Contractor** shall immediately make **Contractor's Collection equipment and** a listing and description, including street names and addresses of all of **Contractor's** service Collection routes within **Contractor's** Franchise Area **available to County**. **County** shall have the right to continue to perform such services until other

suitable arrangements can be made for the provision of such services, which may include the award of a contract to another service provider.

E. The period of time that **County** shall have the right to use **Contractor's** equipment for the Collection, transport or Disposal of Solid Waste, Targeted recyclables, C&D or other discarded materials in such an event shall not exceed ninety (90) days. **Contractor** shall be reimbursed for the use of such equipment at **Contractor's** actual cost for such equipment for the period of time that such use occurs.

15.07: DAMAGES

Contractor shall be liable to **County** for all direct damages arising out of **Contractor's** deficiency or default, but shall not be responsible for special or consequential damages.

15.08: COUNTY'S REMEDIES CUMULATIVE

County's rights to suspend or terminate the Agreement under **Section 15.04**, to obtain specific performance under **Section 15.05** and to perform under **Section 15.06** are not exclusive, and **County's** exercise of one such right shall not constitute an election of remedies. Instead, they shall be in addition to any and all other legal and equitable rights and remedies that **County** may have, including a legal action for damages under **Section 15.07**.

15.09: COUNTY DEFAULT

County shall be in default under this Agreement ("**County** default") in the event **County** commits a material breach of the Agreement and fails to cure such breach within thirty (30) days after receiving notice from **Contractor** specifying the breach, provided that if the nature of the breach is such that it will reasonably require more than thirty (30) days to cure, **County** shall not be in default so long as **County** promptly commences the cure and diligently proceeds to completion of the cure. In the event of an asserted **County** default, **Contractor** shall continue to perform all of its obligations hereunder until a court of competent jurisdiction has issued a final judgment declaring that **County** is in default.

15.10: EXCUSE FROM PERFORMANCE

A. **Force majeure.** Neither Party shall be in default of its obligations under this Agreement in the event, and for so long as, it is impossible or extremely impracticable for it to perform its obligations due to an "act of God" (including flood, earthquake or other catastrophic events), war, insurrection, riot, labor unrest of other than the Party's employees (including strike, work stoppage, slowdown, sick out, picketing, or other concerted job action), or other similar cause not the fault of, and beyond the reasonable control of, the Party claiming excuse. A Party claiming excuse under this Section must:

1. Have taken reasonable precautions, if possible, to avoid being affected by the cause, and
2. Have notified the other Party in writing as provided in **Subsection C**.

B. **Obligation to restore ability to perform.** Any suspension of performance by a Party pursuant to this Section shall be only to the extent, and for a period of no longer duration than, required by the nature of the event, and the Party claiming excuse shall use its best efforts to remedy its inability to perform as quickly as possible and to mitigate damages that may occur as result of the event.

C. **Notice.** The Party claiming excuse shall deliver to the other Party a written notice of intent to claim excuse from performance under this Agreement by reason of an event of *Force Majeure*. Notice required by this Section shall be given promptly in light of the circumstances, but in any event not later than five (5) days after the occurrence of the event of *Force Majeure*. Such notice shall describe in detail the event of *Force Majeure* claimed, the services impacted by the claimed event of *Force Majeure*, the expected length of time that the Party expects to be prevented from performing, the steps which the Party intends to take to restore its ability to perform, and such other information as the other Party reasonably requests.

D. **County's rights in the event of force majeure.** The partial or complete interruption or discontinuance of Contractor's services caused by an event of *force majeure* shall not constitute a **Contractor** default. Notwithstanding the foregoing:

1. **County** shall have the right to make use of **Contractor's** Facilities and equipment in accordance with **Article 13** in the event of non-performance for more than three (3) Business Days excused by *force majeure*;

2. If **Contractor's** failure to perform by reason of *force majeure* continues for a period of one hundred and eighty (180) days or more, **County** shall have the right to immediately terminate this Agreement;

3. If **Contractor** is unable to collect and transport Solid Waste, C&D and Targeted Recyclable Material as required by this Agreement for a period of three (3) or more consecutive Business Days as a result of *force majeure*, **County** shall have the right to make use of **Contractor's** property in accordance with **Article 13**, and

4. If **Contractor's** inability to Collect and transport Solid Waste, C&D and Targeted Recyclable Material continues for five (5) days or more from the date by which **Contractor** gave or should have given notice under **Subsection C**, **County** may terminate this Agreement.

15.11: ASSURANCE OF PERFORMANCE

If Contractor:

A. Is the subject of any labor unrest including work stoppage or slowdown, sickout, picketing or other concerted job action;

B. Appears in the reasonable judgment of **County** to be unable to regularly pay its bills as they become due;

C. Is the subject of a civil or criminal proceeding brought by a federal, State, regional or local County for violation of an Environmental Law in the performance of this Agreement, or

D. Performs in a manner that causes **County** to be uncertain about **Contractor's** ability and intention to comply with this Agreement,

County may, at its option and in addition to all other remedies it may have, demand from **Contractor** reasonable assurances of timely and proper performance of this Agreement, in such form and substance as **County** may reasonably require.

ARTICLE 16

OTHER AGREEMENTS OF THE PARTIES

16.01: RELATIONSHIP OF PARTIES

The Parties intend that **Contractor** shall perform the services required by this Agreement as an independent contractor engaged by **County**, and not as an officer or employee of **County**, nor as a partner of or joint-venture with **County**. No employee or agent of **Contractor** shall be deemed to be an employee or agent of **County**. REFUSE RATE INDEX

The Refuse Rate Index (RRI) adjustment shall be calculated in the following manner:

1. The expenses for the required franchised services for the designated fiscal period (January – December) shall be prepared in the format set forth in the Operating Cost Statement - Description on the following page of this Attachment.
2. The expenses for the required franchised services shall be broken down into the following six (6) cost categories: Labor; Diesel Fuel; Vehicle Replacement; Vehicle Maintenance, All Other, and Disposal. Each cost category is assigned a weighted percentage factor based on that cost category's proportionate share of the total of the costs shown for all cost categories.
3. The following five (5) indices published by the United States Department of Labor, Bureau of Labor Statistics (BLS), and the actual change in the Disposal Facility Tip Fee are used to calculate the adjustment for each cost category. The change in each index and the Tip Fees is calculated on a twelve-month fiscal period in accordance with the terms of the Agreement. In the event any index is discontinued, a successor index shall be selected by the County. Successor indices shall be those indices that are most closely equivalent to the discontinued indices as recommended by the BLS.

<u>Cost Category</u>	<u>Index</u>
Labor	Series ID: ceu6056210008 Professional and business services – waste collection
Diesel Fuel	California No 2 Diesel Ultra Low Sulfur (0-15 ppm) http://tonto.eia.doe.gov/oog/info/wohdp/diesel.asp Vehicle Replacement Series ID: pcu336211336211 Motor vehicle body manufacturing

All Other	Series ID: cuusx400sa0 Consumer Price Index, All Urban Consumers, All Items; West – Size Class B/C
Disposal	The actual tip fee charged to the Contractor by the Disposal Facility.

The percentage weight for each cost category is multiplied by the change in each appropriate index to calculate a weighted percentage for each cost category. The weighted percentage changes for each of the six (6) cost categories are then added together to calculate the RRI.

4. Project revenues and expenses for the next Rate Year (See **Attachment G**);
5. Apply a proposed targeted Operating Ratio to projected allowable expenses (not including Pass-Through Costs) for current Calendar Year to determine the current Calendar Year revenue requirement; and
6. Calculate rate adjustment required to achieve calculated revenue requirement.
7. Complete and submit a Detailed Rate Review application to the other Party.
8. Confer with the other Party to determine whether the requested Rate modification is in conformance with the provisions of **Section 12-05**; and
9. Jointly approve and sign the Application and submit the Application to the PCIWMTF for concurrence and recommendation to the Board of Supervisors.
