Re: Presentation Item for 7/10/12 - Certificate of Appreciation for Martha Heeszel

The Board of Supervisors is asked to recognize Martha Heeszel for over twenty years of dedicated service. Martha started in the Quincy Nutrition site in 1991 when Senior Nutrition was a separate county department. Martha has worked under Public Health as the Director of Senior Services for the past fifteen years, and has been an outstanding leader, colleague, and “Jill” of all trades.

Martha will retire effective July 13, 2012. She will be missed dearly, and her efforts over the past twenty years warrant the Board’s recognition.

Please contact me should you have any questions or need additional information. Thank you.

The Board of Supervisors and the People of the County of Plumas, State of California, hereby ORDAIN as follows:

Section 1. Section 3-4.03 of the Plumas County Code is amended to read as follows:

Sec. 3-4.03. Tax imposed.

For the privilege of occupying a lodging within the unincorporated area of the County, each transient shall pay a tax in the amount of eleven (11%) percent of the rent charged by the operator. Such tax shall constitute a debt owed by the transient to the County, and that debt can be satisfied only by payment in full to the operator or to the County. The transient shall pay the tax to the operator at the time that the rent is paid. If the rent is paid in installments, a proportionate share of the tax shall be paid with each installment. The unpaid tax shall be due upon the transient's termination of the lodging. If for any reason the tax due is not paid to the operator of the lodging, the Tax Administrator may require that such tax be paid directly to the Tax Administrator.

Section 2. General Tax. The change in the County's Transient Occupancy Tax imposed by this ordinance is a general tax within of Article XIIC of the California Constitution. The revenues generated by this tax are available for general governmental purposes and shall be deposited into the County's General Fund account(s). The revenues generated by this tax will be collected pursuant to the requirements of Title 3, Chapter 4 of the Plumas County Code. The revenues from this tax shall be available for appropriation by the Board of Supervisors of County of Plumas for any lawful expenditure. Nothing in this ordinance or in any other ordinance, resolution or policy of the County shall be construed as limiting, in any way, the amount or the objects of the appropriations and expenditures that can be made from the revenue of this tax, nor be construed as creating a continuing appropriation.

Section 3. Severability. If any provision of this ordinance or its application to any person or circumstance is held invalid by a final decision of a court of competent jurisdiction, such decision shall not affect the remaining portions of this ordinance or its application to other persons and circumstances.

Section 4. Effective Date. This ordinance shall take effect as provided by law. This ordinance shall become effective according to law only if at least a majority of the electors voting on the measure at the election on November 6, 2012 vote to approve enactment of the ordinance. If it becomes effective, the operative date of Section 1 of this ordinance shall be January 1, 2013. The provisions of Plumas County Code section 3-4.03 which were in effect on November 5, 2012, shall remain in effect through December 31, 2012. This ordinance shall be automatically repealed and of no further force or effect on January 1, 2017, at which time the provisions of Plumas County Code section 3-4.03 shall revert to the provisions in effect on November 5, 2012.

Section 6. Within 15 days after the votes are received from the November 2012 election, and if such votes show that a majority of voters have voted in favor of this ordinance, this ordinance shall be published in the Feather River Bulletin, a publication of general circulation serving Plumas County. Section one of this ordinance shall be codified in the Plumas County Code; the remaining sections shall not be codified. Codification shall only occur if the ordinance is approved by the voters on November 6, 2012.

Section 7. (d) To adopt a retail transactions and use tax ordinance that can be administered in a manner that will be, to the greatest degree possible, consistent with the provisions of Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting the transactions and use taxes, and at the same time, minimize the burden of record keeping upon persons subject to taxation under the provisions of this ordinance.

Prior to the operative date, the County shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of this transactions and use tax ordinance; provided, that if the County shall not have contracted with the State Board of Equalization prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract.

Sec. 3-16.05. TRANSACTIONS TAX RATE. For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers in the incorporated and unincorporated territory of the County at the rate of 0.25% of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in said territory on and after the operative date of this ordinance.

Dear Members, California State Legislature,

Oh behalf of the Plumas County Board of Supervisors we are writing in support of the Timber Harvest Plan Reform Package described in the Governor's May Revise.

If enacted, the THP Reform Package ensures continued sustainable funding for the state's forest practices program to protect the state's forest resources, replacing the current piecemeal funding structure with a single funding source. In addition, the THP Reform Package supports in-state production of timber while maintaining the state's environmental standards which promotes and encourages the retention of California forests and forested landscapes and the stability of timber-dependent, high paying jobs in rural California counties. The THP Reform Package also creates a funding source for the restoration of the state's forestlands and promotes the restoration of fisheries, wildlife habitat and improvement of water quality.

California companies have made the commitment to adhere to California environmental values and are providing family-wage jobs for 26,000 for Californians but are finding themselves at a competitive disadvantage to out-of-state producers. As a result, 70% of lumber consumed in California is imported from other states and nations with lower standards for environmental protection for forestry. Regulatory and legal disadvantages in California have forced landowners to consider selling their land; often leading to conversion of forestland to non-forestry uses. The state's need for additional funding for the forest practice program will put even more forestland at risk to conversion. If this practice continues, it will have deleterious effects on maintaining critical infrastructure in our county and further limit our efforts to provide facilities necessary to process materials generated from fire prevention projects. The THP Reform Package is designed to put sustainable California producers on an even playing field with their out-of-state competitors while maintaining and enhancing California's strong environmental protections for forest management.

The THP Reform Package will provide stability and allow forestland owners and regulators to continue to protect and maintain California's forest, air, water, habitat and soil. Support for the THP Reform Package will help to ensure that California's vast forestlands remain healthy, productive and whole.

The Plumas County Board of Supervisors strongly urges your support of the THP Reform Package. Thank you for consideration of this very important matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Meacher", written in a cursive style.

RE: AGENDA ITEM FOR JULY 10, 2012

It is recommended that the Board:

Approve a budget transfer request from Contingency in the amount of \$15,100 to cover vacation and sick leave payoff for a retiring employee.

Background:

A library employee retired in June with a substantial balance of vacation and sick leave hours. Since departments cannot budget for these costs, the library was faced with a sizeable shortfall in wages.

We were able to cover most of the unexpected expense from several sources, including our other wages account, which we had been extremely frugal with throughout the fiscal year. We also had some overage in our benefit accounts due to the savings from the cuts the library had taken at the beginning of the fiscal year and at mid-year. All available funds were also transferred from supply accounts, including the remainder of the book budget, to reduce the need for Contingency funds as much as possible.

RE: Agenda Item for the meeting of July 3, 2012

Recommended Action:

Approve and authorize a budget transfer in the amount of \$6,866.00 from the Inmate Welfare Fund (dept 22911) contingency account (528400) to the fixed asset account for vehicles (541500).

Background and Discussion:

The Inmate Welfare Fund maintains a budget in contingencies for unanticipated expenses. Therefore, funds are available for transfer when necessary.

The Sheriff has a services agreement (#IWF0008) with Fontaine Metal Products, which has been approved by County Counsel, to convert a vehicle already owned by the Sheriff's Office to a safe and secure inmate transport vehicle. The amount of this agreement is \$6,866.00 and a transfer from the contingency account is necessary to pay for the services under the agreement. The transfer cannot wait because the agreement expires June 30, 2012.

RECOMMENDATION:

Approve and authorize the Sheriff to sign service agreements with Fehrman Mortuary (PCSO00023) in the amount of \$20,000.00 for the period of 05/01/12 to 04/30/12.

BACKGROUND & DISCUSSION:

The Sheriff's Office utilizes the services of many vendors. All service agreements over \$10,000.00 require Board approval.

Attached is the service agreement between the County of Plumas, Office of the Sheriff and Fehrman Mortuary to provide services for the Sheriff's law enforcement needs.

The agreement has been approved by County Counsel and signed by the vendor. They are now being submitted for Board approval as per County policy and for Board authorization for the Sheriff to sign both agreements.

Recommendation

Authorize the Airports Director to advertise for bids for a FAA funded snowplow truck for the Gansner Airport.

The funding is based on bids and can only be formally awarded after bids are open. The FAA will fund 90% and the State Division of Aeronautics will fund an additional 5% through the AIP match program. Agenda: Agenda Item for July 10, 2012

Item Description and Recommendation: Approve submission of an Application to The Department of Health and Human Services, Center of Disease Control for the Community Transformation Grant Small Communities Program.

History/Background: The Community Transformation Grant Small Communities Program grant is offered by the Center for Disease Control. The Community Transformation Grant (CTG) program supports the implementation, evaluation, and dissemination of evidence-based community health activities in order to reduce chronic disease rates, prevent the development of secondary conditions, address health disparities, and develop a stronger evidence-base of effective prevention programming.

The overarching purpose of this program is to prevent heart attack, stroke, cancer, diabetes and other leading chronic disease-related causes of death or disability through a variety of “policy, environmental, programmatic, and, as appropriate, infrastructure” interventions to promote healthier lifestyles.

In collaboration with agencies and organizations in other sectors, the Public Health Agency will develop a proposal that will identify effective strategies to accelerate and expand the reach and health impact of policy, environmental, programmatic and infrastructure improvements to advance community health and reduce chronic diseases, conditions and risk factors.

If awarded Plumas County Public Health Agency will return to the Board for approval of the contract and a supplemental budget with unanticipated revenues.

Agenda: Consent Agenda Item for July 10, 2012

Description/Recommendation: Approve and authorize the Chair to sign the Certificates of Compliance for the MediCal Cost Avoidance Program and the County Subvention Program for FY 2012/2013 from the California Department of Veterans Affairs.

Background Information: The State of California, through the California Department of Veterans Affairs (CDVA) provides funds of the current Plumas County Veterans Services Office budget. The California Military and Veterans Code, Sections 972.1 and 972.2 outline how these funds will be distributed.

This revenue is generated through three State implemented programs: County Subvention, Medi-Cal Cost Avoidance (MCCA) and the Veterans Service Office Fund (VSOF), and are distributed through the California Department of Veterans Affairs. As all fifty-eight Counties participate equally in these revenue programs, actual revenue per County can fluctuate dramatically from year to year depending on the workload and other factors of each office during each reporting period.

Subvention Funding is a constant fund to all participating counties on a pro rate basis. This allocation is based on the overall State Workload of all County Veterans Service Offices, and stable allocations, one to assist with covering the administrative costs of running the office.

Medi-Cal Cost Avoidance funding is distributed to all participating counties on a pro rata basis using a formula based on the number of claims processed as a direct result of referrals from the Department of Social Services.

Veterans Service Officer Funds are distributed to each county based on Net County Cost of the County Veterans Service Office. This funding is derived from sale of special veteran's license plates.

Item/Description/Recommendation: Approve a Supplemental Budget (Budget Unit 70560) in FY 11-12 for unanticipated revenue in the amount of \$4,999.99 from First 5 Plumas to work to promote and educate caregivers and families on child passenger safety.

Background Information:

Plumas County Public Health Agency, through its injury prevention program, has provided car seats, outreach and education to families with young children. PCPHA has funded this important service with discretionary revenue earned from fees and charges, as grant dollars have not been available for this program in several years. In the spring of 2012, First 5 Plumas received grant funding for this purpose and awarded \$4,999 to PCPHA as a subgrantee, for providing car seats, outreach and education to three hundred parents/families of children ages 0-8. In addition, PCPHA's Car Seat Technician coordinated one event in each of the community resource centers which included a one hour class with video and hands on car seat instillation educating families impacted by the new booster seat requirements for children 8 years of age or younger.

Total funding is in the amount of \$4,999.99 for activities through the end of June 2012. A Supplemental Budget with unanticipated is on file with the Clerk of the Board for review.

Agenda: Item for July 10, 2012

Item Description/Recommendation: Approve Service Agreement #A&D1213MARSHALL in the amount of \$21,000 with Dianne Marshall for activities related to the Plumas County Drug Court Program for FY 2012-2013, and direct the Chair to sign.

History/Background: As the Board is aware Plumas County Public Health Agency has the fiscal and administrative responsibilities for alcohol and drug prevention services, which includes funding treatment services for the Drug Court Program. When planned, implemented and evaluated effectively, drug courts programs can significantly reduce recidivism, improve overall outcomes for participants, and realize substantial cost savings.

The scientific evidence is overwhelming that adult drug courts reduce crime, reduce substance abuse, improve family relationships, and increase earning potential. In the process, they return net dollar savings back to their communities that are at least two to three times the initial investments. The fidelity to several key ingredients of the drug court model has been demonstrated to be necessary for favorable results.

Plumas County is challenged to implement an adult drug court program that a strong substance use disorder treatment component without diluting the intervention below effective levels. Any program can be made cheaper simply by lowering the dosage or by providing fewer services to more participants. The difficult task is to maintain effectiveness in the process. Rather than drop essential components of the drug court model, research indicates that the better course of action is to utilize standardized best practices of drug courts so they can be reliably implemented.

Dianne Marshall is the Executive Director of the California Collaborative Justice Courts Foundation and has an extensive background in planning and implementing robust and effective drug court programs that are tailored to the needs of each local jurisdiction. Ms. Marshall will work with the local Drug Court partners to develop an effective drug court program in Plumas County.

The Service Agreement has been reviewed and approved by all Counsel, a copy of which is on file with the Clerk of the Board for your review.

RE: RATIFICATION OF PROFESSIONAL SERVICE AGREEMENT WITH CHRIS BARNETT, MD FOR MENTAL HEALTH TEMPORARY CONSERVATORSHIP ASSESSMENT FOR THE DEPARTMENT OF MENTAL HEALTH.

It is recommended that the Board of Supervisors: approve and ratify the contract with Doctor Barnett for the period May 1, 2012 to April 30, 2014, for mental health services provided, and authorize the Interim Appointed Director of Mental Health to sign the contract, subject to approval by County Counsel.

Background and Discussion: At times, Plumas County Department of Mental Health hospitalizes individuals due to the severity of their mental health problems. For some of these clients circumstances occur that it is necessary for the provision of individualized assessment for temporary conservatorship under the Lanterman-Petris-Short (LPS) Act. Plumas County Mental Health, as the entity that initiated the hospitalization, is required to authorize payment for mental health evaluations. This contract is to obtain temporary conservatorship assessment of individuals deemed gravely disabled. The Dr. Barnett contract is specifically associated with the provision of specialty mental health services to clients placed by Plumas County Mental Health due to the circumstances noted above.

Regulations on temporary conservatorship require timeliness of a mental health assessment and processing, and often is the case that those services are provided prior to the usual processing of a standard contract before this Board of Supervisors.

The standard contract has been approved to form by County Counsel. Mental Health Department was advised to bring this matter that is now before the Board to ratify this action.

Subject: **Public Hearing for Zoning Change: Norman and Barbara Holmes
Proposal to add the Farm Animal Combining Zone (F)**

Waiver of first reading of proposed ordinance enacting the Zoning Change

Location: 76580 Aspen Drive, Portola, CA; Assessor Parcel Number 125-080-041; Township 23 North, Range 14 East, Section 30, MDM (Exhibit 1)

General Plan: Prime Opportunity area, Single Family Residential

Planning Area: Sierra Valley

Zoning: Single Family Residential (2-R)

Supervisory District: District 4 Supervisor Swofford

Applicants: Norman and Barbara Holmes

RECOMMENDATION:

Planning staff requests that the Board hold a public hearing on the proposed zone change and waive the first reading of the ordinance enacting the proposed zone change

BACKGROUND/DISCUSSION:

Notice of the application was sent to Environmental Health, the City of Portola and Supervisor Swofford.

Rob Robinette, of Environmental Health responded approving the request. The City of Portola had no comment.

Mailed and published notice has been provided as per code. County Counsel has reviewed and approved the attached ordinance as to form.

An application was received on February 28, 2012 (Exhibit 2). The purpose of the zoning change is to allow uses allowed by the zoning of the surrounding properties. Properties located to the north and east, which share the meadow area with this property are zoned S-3, which allows small and large animal husbandry.

The current county zoning code allows large animal husbandry in several ways. Residential properties that are zoned for three acre or greater, such as the 3-acre, 10-acre and 20-acre per dwelling unit zoning codes of S-3 (Secondary Suburban), R-10 (Rural) and R-20 (Rural), allow large animal husbandry as do all the Agricultural, Timber and Mining zones.

Large animal husbandry is defined in code as "the care and raising of hoofed livestock for the personal use of residents of the property, 4-H market and breeding projects, except horses, cows, and pigs and the care of horses, cows, and pigs at the ratio of two (2) animals with their young (one year old or less) for the first acre of property and one additional animal for each additional one-half (1/2) acre. *Horses, cows or pigs may not be kept on parcels smaller than one acre*".

The other method of allowing large animal husbandry on parcels, such as this Single-Family Residential zoned parcel, is through the addition of the Farm Animal Combining Zone. This combining zone allows large animal husbandry, as well as small animal husbandry.

It should be stressed that, while the Farm Animal Combining Zone allows horses, cows, and pigs, only horses are proposed to be kept on this property.

ACTIONS FOR CONSIDERATION:

Staff recommends that the Board of Supervisors

- I. **Hold a public hearing on the proposed zoning change.**
- II. **Find that the proposed project is exempt from the requirements of the California Environmental Quality Act under Section 15061(b)(3) because it can be seen with certainty, based on the initial study and requirements of the County Code applicable to this project, that there are no significant adverse environmental impacts.**
- III. **If the Board chooses to approve the zoning change, waive the first reading of the ordinance enacting the zoning change. County Counsel has approved the ordinance as to form (see attached as Exhibit 3).**

INFORMATION ABOUT CLAIM

7. Incident Date: February 15, 2012.
8. Location of Incident: 1151 Lee Road.
9. Explain the circumstances that led to the alleged damage or injury:

On the above date claimant's car was legally parked (see attached police report) at the above location. The night before the day in question it lightly snowed, approximately half an inch (see attached photograph). At approximately 6:00 a.m. a Plumas County snowplow, driven by Tracy Wilburn, Jr., smashed into complainant's car for no legitimate reason. According to the police report, county employee Wilburn "caused this collision by driving [the snowplow] improperly...." (see attached report).

Furthermore, Tracy Wilburn, Jr., though employed by Plumas County as a snowplow driver, has been charged with Driving Under the Influence in Plumas County four times over the past 12 years, including one that is pending as of the date of this writing.

Plumas County outside counsel Richard Reza's position that Municipal Code Section 4-3.502 allowed Mr. Wilburn to plow into the side of complainant's car without any liability is insupportable. While it may be correct that Plumas County has the authority to restrict parking during "snow conditions," this in no way supports the negligent destruction of property by heavy machinery driven by chronic drunk drivers whenever a half inch of snow falls, with impunity.

Furthermore, Mr. Wilburn's daughter - Jessica Nalley - has called claimant's mother threatening her because her father stood to lose his job over claimant's claims.

10. General description of the specific damage, injury, indebtedness, obligation, or loss incurred so far as it may be known at the time of presenting claim:

Approximately \$9,000 in damage repairs (see attached estimates). Approximately \$2,000 in storage fees. Approximately \$5,000 for loss of use of vehicle for five months. Possible private attorney general action to alter employment practices that allow the county to hire chronic DUI personnel to operate dangerous, heavy machinery in inclement weather.

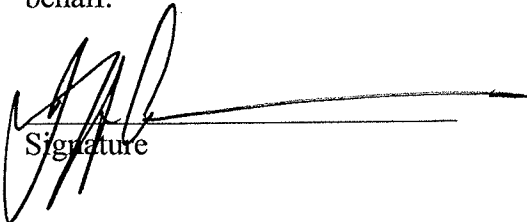

11. Dollar amount of claim (if less than \$10,000) as of the date of presenting the claim (include the estimated amount of any prospective injury, damage, or loss, insofar as it may be known when claim is presented).

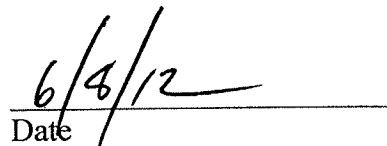

12. If the amount claimed exceeds \$10,000, no dollar amount shall be included in the claim. However, please indicate whether the claim would be a limited civil case:
This claim would not be a limited civil case.

13. Name(s) of public employee(s) causing the injury, damage or loss, if known:
Tracy Wilburn, Jr.

Section 72 of the Penal Code provides that a person found guilty of submitting a fraudulent claim may be punished by imprisonment in the County Jail or State Prison, and/or by the imposition of a fine up to \$10,000.00.

Signature of Claimant, or by some person legally authorized to submit this claim on your behalf.
