Reason why project is exempt: The Plumas County General Plan Amendment (GPA 8-21/22-02) consists of strictly administrative text changes to incorporate the Local Hazard Mitigation Plan 2020 Update into the Public Health & Safety Element to address Assembly Bill 2140 compliance, which is highly procedural as directed by state law and is therefore exempt from the requirements of the California Environmental Quality Act (CEQA) because CEQA only applies to projects that have the potential for causing a significant effect on the environment and it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.
