AGENDA REQUEST

for the June 11, 2013 meeting of the FC&WC District Governing Board

May 28, 2012

To: Honorable Governing Board

From: Randy Wilson, Co-Manager – Planning *RW*

Subject: Contract for water quality testing by Dr. Gina Johnston and John McMurtry.

Background:

Each year ABWAC develops and recommends a water quality testing program for Lake Almanor. The testing is financed by donations. Dr. Gina Johnston and Mr. John McMurtry have submitted a proposal for water quality testing for 2103 in line with ABWAC's recommendations. Annually, a new contract is needed for this water quality testing. Attached is the contract and testing program for 2013.

Actions for Consideration:

Approve the attached contract between the Plumas County Flood Control and Water Conservation District and Dr. Gina Johnston and Mr. John McMurtry in the amount of \$12,850 for water quality testing of Lake Almanor in accordance with the 2013 water quality testing proposal attached as Exhibit A to the 2013 contract.

SUBJ: BOARD AGENDA ITEM FOR JUNE 11, 2013

RE: AUTHORIZATION TO APPOINT THE VACANT PRINCIPAL STAFF SERVICES
ANALYST POSITION IN THE DEPARTMENT OF SOCIAL SERVICES AT
SALARY RANGE 2268 E

It is Recommended that the Board of Supervisors

Authorize the Director of Social Services to fill the vacant 1.0 FTE Principal Staff Services Analyst position at Salary Range 2268, Step E. Discussion and possible action.

Background and Discussion

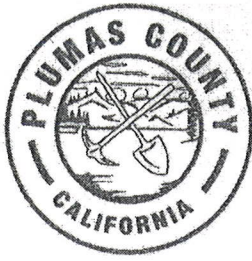

The Board of Supervisors is already aware that the Department of Social Services experienced an unexpected loss in our staff complement due to the passing of Betty Cortez-Young. A recruitment was conducted for this vacancy and interviews were held on May 30, 2013. After considering the interviews and background of each of the candidates, it is the Department's intent to hire at the salary range 2268 E to fill the vacant position.

Board of Supervisors Resolution 98-6208 and Plumas County Personnel Rule 6.03 provides that the Department head may, upon the approval of the CAO, appoint at Steps C, D, or E. At the present time the County does not have a CAO, so this matter is being brought to your Board for consideration.

Other Agency Involvement

This matter was reviewed by the Human Resources Director and she confirms that it is consistent with the rules in the absence of a CAO.

Subject: Alternative Sentencing Budget Transfer

Recommendation:

Please approve a budget transfer to move Payroll amounts to Services & Supplies accounts. All of these funds are from Drug Court Realignment and none from the General Fund.

Background and Discussion

The Community Corrections Partnership (CCP) and the Drug Court Planning effort led by Public Health recommended and agreed separately to fund a variety of activities in the Alternative Sentencing Program in the District Attorney's Office. Public Health has committed \$61,978 out of Drug Court Realignment to provide for staff and activities this year and into the future. In March we brought before you an allocation in this budget unit to hire additional staff of a Community Care Case Manager and in May we brought a Supplemental Budget for a small grant from Plumas Superior Court for educational and drug testing supplies. In the May Board letter, we provided information on successful programs implemented recently by the Alternative Sentencing Coordinator.

At this time we request approval of a budget transfer to move some Payroll monies into Services & Supplies accounts due to the delay in hiring staff and the fact that excess funds in these accounts must be spent in the current year or forfeited and there are a number of Services & Supplies needs that are still outstanding.

Truly this program has grown faster and gone further than we had anticipated but this is a good outcome for an extraordinary effort to provide services designed to reduce criminal recidivism and protect public safety.

Agenda: Presentation Item for June 11, 2013

Item: Discussion and possible direction regarding the provision of inmate health and medical services in the Plumas County Correctional Facility.

Background and Discussion: As the Board is aware, the Plumas County Sheriffs Office has had a long standing contract with North Fork Family Medicine (NFFM) to provide medical services to inmates of the county jail. North Fork Family Medicine, in turn, subcontracts with Plumas County Public Health Agency (PCPHA) to provide nursing services and staff.

Recently, PCPHA has been struggling to attract and retain sufficient nursing staff to provide adequate coverage for the jail. Although the current situation was created by the sudden resignation of a regular "after hours" nurse, PCPHA has been challenged with maintaining nursing coverage to fulfill its contract with NFFM for several years.

Without the assurance of full nursing availability 24 hours a day, 7 days a week, NFFM has provided a 30 day notice of intent to terminate its contract to provide jail medical services with Plumas County Sheriffs Office.

Recommendation: Three potential solutions have been discussed by the Sheriffs Office, NFFM and PCPHA and are brought before the Board for consideration and discussion at this time:

1. Enter into an agreement with a contract jail medical provider, such as California Forensic Medical Group (CFMG), to provide full service, full scope medical services for Plumas County's correctional facility.
2. Work with PCPHA to develop a model in which nursing supervision, duties, and related services at the jail would be delivered in a separate series of job classifications specific to jail health services and as a separate division from Public Health Clinic nursing.
3. Explore the use of a contract nursing registry for jail nursing services.

Please contact me with any questions or concerns.

SUBJECT: CONSENT AGENDA ITEM FOR BOARD OF SUPERVISORS MEETING OF June 11, 2013

RE: Authorization to move funds from Regular Wages to Other Wages in the Mental Health Budget

It is recommended that the Board:

Approve transfer of funds within the budget for Mental Health from "regular wages" to "other wages" for \$30,000 for FY12-13.

Background and Discussion:

Plumas County Mental Health provides outpatient psychotherapy, case management, medication assessment and prescribing and socialization services. More intensive services such as acute hospitalization, long-term intensive residential services, and state hospital services are provided through various contract providers. Plumas County Mental Health is the managed care provider for all Medi Cal mental health services in the county. Fund 0014 represents the core revenues and expenditures for the Mental Health Department.

Open positions of psych nurse and fiscal tech for several months resulted in a savings in the regular wages budget item. The responsibilities were carried out by a temporary psych nurse and a temporary fiscal staff member. We respectfully request the Board's approval for a budget transfer from the regular wages budget to the household expenses budget line item in order to meet the shortfall and cover other for the remainder of the fiscal year.

Budget Impact:

Mental Health is funded by state and federal funds. The transfer of \$30,000 from regular wage budget to other wages does not require additional funds from realignment or from the county general fund. **Kimball Pier, Director of Mental Health is requesting that the Board of Supervisors approve the transfer of regular wage budget to other wages for Mental Health in the amount of \$30,000.**

RE: Authorization to move funds from Regular Wages to Household Expense

It is recommended that the Board:

Approve transfer of funds within the budget for the Sierra House, a residential care facility, to increase the budget for household items to pay for expenses through the end of FY12-13 for \$2,000.

Background and Discussion:

The Sierra House is an adult resident facility for chronic mentally ill clients age 18-64 and is the only one of its kind in this county. The basic services offered are housing and meals, supervision of medication and medical needs, supervision of personal care, monitoring of psychiatric status with appropriate referrals and a full range of mental health services available through Plumas County Mental Health. The goal is to maximize client independence and integration into the community while providing education, support and protection for persons with psychiatric disabilities.

The maximum capacity is 14 residents who live on site. Staff is present 24 hours per day.

Sierra House is required to pay for household supplies for the board and care facility. Sierra House beds are at full capacity and costs have increased due to rising transportation costs and full occupancy. The anticipated occupancy for this fiscal year was 12 beds, but this year, the need for housing for chronically mentally ill adults such that we filled 12-14 filled beds which has resulted in higher household expenses and a budget shortage in that budget category.

Due to an unanticipated staff resignation, Sierra House has had an open position of 0.5FTE Lead House Attendant for several months resulting in a savings in that budget item. We respectfully request the Board's approval for a budget transfer from the regular wages budget to the household expenses budget line item in order to meet the shortfall and cover household expenses for the remainder of the fiscal year.

Budget Impact:

The Sierra House is funded by patient fees and transfers from the Mental Health budget with realignment funds. The transfer of \$2,000 from regular wage budget to household expense, does not require additional funds from realignment or from the county general fund. **Kimball Pier, Director of Mental Health is requesting that the Board of Supervisors approve the transfer of regular wage budget to household expense for Sierra House in the amount of \$2,000.**

INTEROFFICE MEMORANDUM

TO: Honorable Board of Supervisors, County of Plumas

FROM: R. Craig Settlemyre, *Plumas County Counsel*

SUBJECT: Modification of Agreement with Northern California EMS, Inc., for
services as the Local EMS Agency for Plumas County
For Meeting June 11, 2013

Background:

The Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act (EMS Act) was enacted in 1980 to "provide the state with a statewide system for emergency medical services" and to "ensure the provision of effective and efficient emergency medical care" to the people of California. (Further section references are to the Health and Safety Code unless otherwise specified.) Through the EMS Act, the Legislature created essentially a two-tiered regulatory system "governing virtually every aspect of prehospital emergency medical services." The first tier is occupied by the Emergency Medical Services Authority (the Authority), a division of the Health and Welfare Agency, "which is responsible for the coordination and integration of all state activities concerning emergency medical services." (§§ 1797.1, 1797.100.) The second tier of governance is "a local EMS agency" (§ 1797.200), which is responsible for, among other things, "(1) planning, implementing, and evaluating an emergency medical services system 'consisting of an organized pattern of readiness and response services based on public and private agreements and operational procedures' (§ 1797.204); (2) developing a formal plan for the system in accordance with the Authority's guidelines and submitting the plan to the Authority on an annual basis (§§ 1797.250, 1797.254); [and] (3) 'consistent with such plan, coordinat[ing] and otherwise facilitat[ing] arrangements necessary to develop the emergency medical services system' (§ 1797.252)." The EMS Act authorizes a county to designate "a local EMS agency" (§ 1797.200) to administer the duties of the County under the Act.

TO: Honorable Board of Supervisors, County of Plumas
FROM: R. Craig Settlemyre, *Plumas County Counsel*
SUBJECT: Modification of Agreement with Northern California EMS, Inc., for
services as the Local EMS Agency for Plumas County
For Meeting June 11, 2013

Page 2 of 2

Since the 1980s Northern California EMS, Inc., ("NorCal EMS") has been designated as Plumas County's local EMS agency to perform all of the requirements of County under the Act. The current agreement with NorCal EMS will expire June 30, 2013.

Proposal:

The proposed "Modification of Agreement for EMS Services" revises the existing agreement with NorCal EMS to extend the term of the agreement through June 30, 2014. There is no change in the cost to Plumas County. The annual cost to Plumas County in FY 2013-2014 is \$24,244.46, the same as in the prior four fiscal years.

The directors of Plumas County Public Health and the Office of Emergency Services have advised that they are in favor of extending the agreement for another year.

Action:

Since it is to the advantage of Plumas County to have Nor Cal EMS continue to provide the duties and responsibilities of a local EMS agency for Plumas County at no additional cost, it is recommended that the Board of Supervisors approve the accompanying Modification of Agreement with Nor Cal EMS and authorize the Chair to sign the same on behalf of Plumas County.
