RESOLUTION NO. 2024-_____

AUTHORIZING PARTICIPATION IN THE WATER SOLUTIONS NETWORK UPPER FEATHER/LA (LOS ANGELES) WATERSHED FRAMEWORK TEST DRIVE

WHEREAS, the State Water Project supplies drinking water to approximately 27 million Californians (over two-thirds of California's population) and agricultural water to 750,000 acres of farmland in the Central Valley representing over 34 million acre-feet per year; and

WHEREAS, the State Water Project spans more than 705 miles from the headwaters in Northern California to Southern California and includes 36 storage facilities, 21 pumping plants, five hydroelectric power plants, four pumping-generating plants, and approximately 700 miles of canals, tunnels, and pipelines; and

WHEREAS, the State Water Project facilities within Plumas include Lake Davis (84,371-acre-feet), Frenchman Lake (55,475-acre-feet), and Antelope Lake (22,564-acre-feet), with releases flowing through the County down the North Fork and Middle Fork of the Feather River to Lake Oroville; and

WHEREAS, the Upper Feather River Watershed includes all of Plumas County and portions of Butte, Sierra, Lassen and Yuba counties and is a critical State Water Project headwater region that covers 3,600 square miles of the headwaters to Lake Oroville, where Oroville Dam impounds 3,537,577 acre-feet of water and is the largest reservoir in the State Water Project; and

WHEREAS, the Upper Feather River Watershed communities are stewarding land and water resources that support much of the State and historically it has been incumbent on the largely disadvantaged headwaters regions to shoulder the brunt of responsibility for watershed restoration and health that ultimately benefits the majority of State Water Project end users; and

WHEREAS, the Upper Feather River Integrated Regional Water Management (IRWM) Group, representing three counties (Plumas, Sierra, and Butte), Native American Tribes, local water resource agencies, and three National Forests (Plumas, Tahoe and Lassen), have worked with the Upper Feather River Watershed's stakeholders for over a decade to identify, develop, and implement regional and landscape scale projects to restore and enhance water resources in this headwaters region for the benefit of local and downstream users; and

WHEREAS, the goals stated in the Upper Feather River 2016 IRWM Plan support protecting and improving water quality and water supply reliability; and

WHEREAS, the objectives stated in the Upper Feather River 2016 IRWM Plan are to support establishing, maintaining, and building communication and collaboration among water resources stakeholders; enhance public awareness and understanding of water management issues and needs; and work with state and regional agencies to develop strategies and actions for the management, operation, and control of State Water Project facilities in the Upper Feather River Watershed in order to increase water supply, recreational, and environmental benefits to the region; and

WHEREAS, the Water Solutions Network was founded in 2017 by Coro Northern California, DIG IN, and Water Education for Latino Leaders (WELL) with sponsorship from the S. D. Bechtel, Jr. Foundation; and

WHEREAS, the Water Solutions Network original partnership commitment was to expand the understanding of California's water management field and increase awareness of the diverse perspectives and goals of water stakeholders with collaborative leadership approaches to create lasting solutions and give water leaders the skills, knowledge, and networks to support coalition-building to manage for and lead through water extremes; and

WHEREAS, the Water Solutions Network is test-driving an Upper Feather/FA Watershed Framework with the following Framework Principles:

- Time is of the essence. Nimble, flexible, adaptive, timely action is paramount.
- Interconnected and coordinated action across a watershed can produce more powerful human interventions.
- Trust is a necessary and foundational condition.
- Equity is essential and can be better accomplished by reconnecting communities across a watershed.
- Water should be affordable to everyone for basic human needs.
- Collaboration creates opportunity to reduce redundancies and conflict.
- A shift toward catalyzing good things vs preventing bad things must be based on transparency and accountability.
- Everyone is a land and water steward; and

WHEREAS, the stated objectives by the Water Solutions Network for the Upper Feather/LA (Los Angeles) Watershed Framework Test Drive include:

- State Water Project end users in Los Angeles and Upper Feather River Watershed land and water stewards will meet each other.
- The group will develop a common understanding of how the entire watershed works from headwaters to engineered outflows in Los Angeles.
- Drawing on existing plans and strategies in the Upper Feather and Los Angeles, the group will identify opportunities to improve the health of the watershed.
- At the group's discretion and agreement, the group may collaborate on the pursuit of resources to support the shared priority opportunities; and

WHEREAS, the health and capacity of the Upper Feather River Watershed to steward the resources while also supporting thriving local communities may be enhanced by building a common understanding of the watershed with downstream State Water Project end users; and

WHEREAS, coordination and collaboration across sectors may assist in reducing redundancies and expanding the impact of projects and funding within the Upper Feather River Watershed.

When a cause or probationary employee is absent due to a death in the family, the employee shall receive up to five (5) days paid leave on the following conditions:

(a) The appointing authority was notified on the first day of such absence.

(b) The appointing authority has ascertained that the absence is reasonably related to a death in the employee's family. Family is defined as spouse, child, mother, father, brother, sister, grandparent, grandchild, and those family relationships recognized by law such as in-law, half, step, adopted and foster family members.

5.08 VACATION

(a) Accrual shall be computed from the date of hire:

1. During the first (1st) through second (2^{nd}) year of compensated and continuous service, an employee shall accrue ten (10) days of vacation.

2. During the third (3rd) through seventh (7th) year of compensated continuous service, an employee shall accrue fifteen (15) days of vacation.

3. During the eighth (8th) year of compensated and continuous service, and each year thereafter, an employee shall accrue twenty-one (21) days of vacation per year.

4. In any accounting period the County will first accrue vacation earned to the employee's record before charging vacation taken.

(b) The balance of accrued unused vacation leave for any employee shall be limited to the number of days equal to twice (2x) the current year's rate of accrual. No vacation will be earned when the maximum vacation accrual is reached except as provided for in this section.

(c) In the event an employee was prevented from taking a scheduled vacation, due to a County need, which results in the employee exceeding the accrual limit the employee will continue to earn vacation in excess of the maximum limit for a period no longer than six (6) months. During the extension time the employee and the department management will cooperate in developing a vacation use schedule to bring the employees vacation accrual balance at or below the maximum allowed accrual.

(d) Reasons to extend a vacation accrual limit may include but not be limited to the following.

1. The employee was required to work as a result of an operational need or an emergency.

2. The employee was assigned to work of a priority or critical nature an extended period of time.

3. The employee was absent on full salary for compensable injury pursuant to Section 5.06 of this Agreement.

Except in case of emergency no employee shall be denied the opportunity to take off each year two thirds (2/3) of the employee's annual vacation accrual, nor denied the opportunity to take off at least five (5) consecutive days each year.

If an employee's vacation accumulation will exceed the vacation cap at any time the department head or designee has the right to order the employee to take

When two (2) or more employees on the same shift (if applicable) in a work unit (as defined by each department head or designee) request the same vacation time and approval cannot be given to all employees requesting it, employees shall be granted their preferred vacation period in order of seniority (defined as total months of County service in the classification in the department). When two or more employees have the same amount of classification seniority, departmental seniority will be used to break the tie.

(g) Each department head or designee will make every effort to act on vacation requests in a timely manner.

(h) Vacations will be canceled only when operational needs require it.

(i) Upon death, retirement, layoff, an employee or said employee's estate shall be paid one hundred percent of the value of any accrued vacation leave. The value of the accrued vacation leave shall be based upon the employee's hourly wage at the end of employment.

6.00 GRIEVANCE AND APPEAL PROCEDURE

6.01 GRIEVANCE PROCEDURE

Definitions

"Grievance." A grievance is a claimed violation, misinterpretation, or misapplication of a specific provision of this document or of the provisions of the County Personnel Code or other County policies relating to issues within the scope of bargaining. Except as specifically provided otherwise, grievances regarding the County Personnel Rules or County policies may be advanced only through Formal Step Three (3) of this procedure.

A grievance shall not include any matter for which a separate administrative appeal process is available including but not limited to claims of discrimination, on the job illness or injury (workers' compensation) and unemployment claims.

Grievances relating to disciplinary actions and medical terminations or demotions shall be subject to the appeal process provided herein.

"Grievant." A grievant is an employee in the unit at the time of the alleged violation. The Union may act as a grievant in its own behalf or in behalf of one or more employees adversely affected provided that the affected employees and circumstances are identified in sufficient detail for management to respond.

"Day." As used within this Article, "day" shall be construed to mean calendar day, excluding recognized County holidays, unless otherwise specifically stated.

Procedure

There shall be an earnest effort on the part of both parties to settle grievances promptly through the steps listed as follows:

STEP ONE (1): An employee's grievance must be submitted to his/her first line supervisor or management representative immediately in charge of the aggrieved employee within fifteen (15) calendar days after the event giving rise to the grievance. The supervisor or management representative will give his/her answer to the employee by the end of the fifth (5th) calendar day following the presentation of the grievance and the giving of such answer will terminate "Step One".

DocuSign Envelope ID: 9F9508D6-B14E-4467-947C-34473C747385

STEP TWO (2): If the grievance is not settled in "Step One", the grievance will be reduced to writing by the employee, fully stating the facts surrounding the grievance and detailing the specific provisions of this Memorandum of Understanding alleged to have been violated, signed and dated by the employee and presented to the supervisor or his/her designee within seven (7) working days after termination of "Step One". A meeting with the representative and supervisor or his/her designee will be arranged at a mutually agreeable location and time to review and discuss the grievance. Such meeting will take place within seven (7) calendar days from the date the grievance is received by the supervisor or his/her designee. The supervisor or his/her designee may invite other members of management to be present at such meeting. The supervisor or his/her designee will give a written reply by the end of the seventh calendar day following the date of the meeting, and the giving of such reply will terminate "Step Two".

Should there be intermediate layers in the chain of command, Step Two 2 may be repeated for each layer of supervision in the chain of command before advancing to Step Three (3).

STEP THREE (3): If the grievance is not settled in "Step Two" the Union Representative (or the employee if not represented by the Union, the Employee Representative) and the Management Representative shall, within seven (7) calendar days after the termination of "Step Two", arrange a meeting to be held at a mutually agreeable location and time to review and discuss the grievance. Such meeting will take place within fourteen (14) calendar days from the date the grievance is referred to "Step Three". A decision shall be rendered within seven (7) calendar days from the date of such meeting.

Time limits as set forth may be extended by mutual agreement between the parties, but neither side shall be required to so agree.

If the County fails to respond to the grievant within the time period contained above, the grievance will be advanced to the next step in the procedure.

The decision of the Department Head may be appealed to the designated hearing officer pursuant to Section 6.02.

6.02 APPEAL POLICY

The County hereby establishes a personnel action appeals procedure in order to have an impartial hearing on disputed personnel actions which have been appealed on the basis of the following rules: Personnel Rule 4.03 (Discrimination); Personnel Rule 11.05 (Medical Examination); 16.02 (Disciplinary Action); and Section 6.0 (Grievance) of this document.

6.03 REQUESTS FOR APPEAL

When a person has a right to appeal under these rules, the person may submit to County Counsel a written request for appeal to the Board. The request for appeal must be submitted within fourteen (14) days from the date that the person received notification of the right to appeal the appointing authority's final decision.

DocuSign Envelope ID: 9F9508D6-B14E-4467-947C-34473C747385

Upon receiving a request for an appeal, the appointing authority shall be notified by the County Counsel. The County Counsel shall schedule a hearing on the appeal at the earliest time that is mutually convenient for the interested parties (county and appellant), their representatives, if any, and the assigned hearing officer.

6.04 ADMINISTRATIVE LAW JUDGE

The Administrative Law Judge shall be assigned by the California Office of Administrative Hearings.

The cost of the Administrative Law Judge shall be shared equally between the County and Union or the County and the appellant if the Union is not representing the appellant.

6.05 CONDUCT OF THE HEARING

The County Counsel shall be responsible for scheduling and notification as to the time and place of the hearing, and of notifying the Administrative Law Judge of the nature of the proceeding.

Unless otherwise stipulated, the hearing shall be closed to the public and conducted in an informal manner under the direction and authority of the Administrative Law Judge pursuant to the California Administrative Procedures Act.

County employees called as witnesses shall serve without loss of pay in accordance with Section 5.12.

Unless there is a pre-agreement to share the cost of a record by the parties, an interested party may tape record the hearing or arrange at its own cost the services of a court reporter. Should an Administrative Law Judge require a record of the hearing; the parties shall share the cost equally. Any such record of the hearing shall become a record of the proceedings for purposes of any future judicial review.

An Administrative Law Judge's decision may not alter any provisions of this Memorandum of Understanding, any County ordinance or resolution or initiative passed by the people of Plumas County or any State or Federal law or regulation.

6.06 FINAL DECISION

Within forty-five (45) calendar days of the conclusion of the hearing, unless waived by the parties, the Administrative Law Judge shall prepare the record of the hearing and shall submit a written decision of findings of fact, rulings of law, and final disposition. Copies shall be sent to the interested parties. The Administrative Law Judge's ruling shall be submitted to the Board of Supervisors for final adjudication as provided in the California Administrative Procedures Act.

6.00 GRIEVANCE AND APPEAL PROCEDURE

6.01 GRIEVANCE PROCEDURE

Definitions

"Grievance." A grievance is a claimed violation, misinterpretation or misapplication of a specific provision of this document or of the provisions of the County Personnel Code or other County policies relating to issues within the scope of bargaining. Except as specifically provided otherwise, grievances regarding the County Personnel Rules or County policies may be advanced only through Formal Step Three (3) of this procedure.

A grievance shall not include any matter for which a separate administrative appeal process is available including but not limited to claims of discrimination, on the job illness or injury (workers' compensation) and unemployment claims.

Grievances relating to disciplinary actions and medical terminations or demotions shall be subject to the appeal process provided herein.

"Grievant." A grievant is an employee in the unit at the time of the alleged violation. The Union may act as a grievant in its own behalf or in behalf of one or more employees adversely affected provided that the affected employees and circumstances are identified in sufficient detail for management to respond.

"Day." As used within this Article, "day" shall be construed to mean calendar day, excluding recognized County holidays, unless otherwise specifically stated.

Procedure

There shall be an earnest effort on the part of both parties to settle grievances promptly through the steps listed as follows:

STEP ONE (1): An employee's grievance must be submitted to his/her first line supervisor or management representative immediately in charge of the aggrieved employee within fifteen (15) calendar days after the event giving rise to the grievance. The supervisor or management representative will give his/her answer to the employee by the end of the fifth (5th) calendar day following the presentation of the grievance and the giving of such answer will terminate "Step One".

DocuSign Envelope ID: B26D520D-F398-4D25-B0FE-27EEE7089E49

STEP TWO (2): If the grievance is not settled in "Step One", the grievance will be reduced to writing by the employee, fully stating the facts surrounding the grievance and detailing the specific provisions of this Memorandum of Understanding alleged to have been violated, signed and dated by the employee and presented to the supervisor or his/her designee within seven (7) working days after termination of "Step One". A meeting with the representative and supervisor or his/her designee will be arranged at a mutually agreeable location and time to review and discuss the grievance. Such meeting will take place within seven (7) calendar days from the date the grievance is received by the supervisor or his/her designee. The supervisor or his/her designee may invite other members of management to be present at such meeting. The supervisor or his/her designee will give a written reply by the end of the seventh calendar day following the date of the meeting, and the giving of such reply will terminate "Step Two".

Should there be intermediate layers in the chain of command, Step Two 2 may be repeated for each layer of supervision in the chain of command before advancing to Step Three (3).

STEP THREE (3): If the grievance is not settled in "Step Two" the Union Representative (or the employee if not represented by the Union, the Employee Representative) and the Management Representative shall, within seven (7) calendar days after the termination of "Step Two", arrange a meeting to be held at a mutually agreeable location and time to review and discuss the grievance. Such meeting will take place within fourteen (14) calendar days from the date the grievance is referred to "Step Three". A decision shall be rendered within seven (7) calendar days from the date of such meeting.

Time limits as set forth may be extended by mutual agreement between the parties, but neither side shall be required to so agree.

If the County fails to respond to the grievant within the time period contained above, the grievance will be advanced to the next step in the procedure.

The decision of the Department Head may be appealed to the designated hearing officer pursuant to Section 6.02.

6.02 APPEAL POLICY

The County hereby establishes a personnel action appeals procedure in order to have an impartial hearing on disputed personnel actions which have been appealed on the basis of the following rules: Personnel Rule 4.03 (Discrimination); Personnel Rule 11.05 (Medical Examination); 16.02 (Disciplinary Action); and Section 6.0 (Grievance) of this document.

Unless otherwise stipulated, the hearing shall be closed to the public and conducted in an informal manner under the direction and authority of the Administrative Law Judge pursuant to the California Administrative Procedures Act.

County employees called as witnesses shall serve without loss of pay in accordance with Section 5.12.

Unless there is a pre-agreement to share the cost of a record by the parties, an interested party may tape record the hearing or arrange at its own cost the services of a court reporter. Should an Administrative Law Judge require a record of the hearing; the parties shall share the cost equally. Any such record of the hearing shall become a record of the proceedings for purposes of any future judicial review.

An Administrative Law Judge's decision may not alter any provisions of this Memorandum of Understanding, any County ordinance or resolution or initiative passed by the people of Plumas County or any State or Federal law or regulation.

6.06 FINAL DECISION

Within forty-five (45) calendar days of the conclusion of the hearing, unless waived by the parties, the Administrative Law Judge shall prepare the record of the hearing and shall submit a written decision of findings of fact, rulings of law, and final disposition. Copies shall be sent to the interested parties. The Administrative Law Judge's ruling shall be submitted to the Board of Supervisors for final adjudication as provided in the California Administrative Procedures Act.

PLUMAS COUNTY
BOARD OF SUPERVISORS
MEMORANDUM

TO:	**Honorable Chair and Board of Supervisors**
FROM:	**Debra Lucero, County Administrative Officer**
MEETING DATE:	**June 25, 2024**
SUBJECT:	**CONTINUED PUBLIC HEARING: The Board of Supervisors will continue the public hearing on the FY 2024/2025 County Budget.**

Recommendation:

CONTINUED PUBLIC HEARING: The Board of Supervisors will continue the public hearing on the FY 2024/2025 County Budget.

Background and Discussion:

In light of the Budget Hearing on June 18, 2024 and an Open Letter dated June 18, 2024, and signed by David Hollister, District Attorney; Todd Johns, Sheriff; Cindie Froggatt, Assessor; Martee Nieman Graham, Auditor; Julie White, Treasurer-Tax Collector and Mimi Hall, Supervisor-Elect, please accept my revised letter for the Recommended 2024-25 Budget.

The Open Letter has several inaccuracies or misrepresentations but I am only going to address those that are most material.

1) Page 3 – 4th paragraph reads: *"It is true that Plumas County has used Fund Balance to close prior budget gaps, but budget advisors during several years without a CAO worked to keep use of fund balance to far below $1M to balance annual budgets. However, it is not a historic trend …"*

Below is a 10-year look at past budgets which can be found on the County's website and demonstrates the County was relying on fund balance to balance the budget ranging from approximately $800,000 in FY 2015-16, to more than $1.8 million beginning in FY 2016-17 and every year thereafter. To be clear, I am in agreement that this is not a good practice and while there have been a variety of contributing factors, it is going to take a committed, multi-year approach among all leaders in Plumas County to reverse this trend.

The June 18, 2024, Open Letter also states: *"(The Budget) … regurgitates the same narrative from the past eighteen months by pointing a finger to others for responsibility to provide solutions that 'need(s) to be addressed by the leadership team.' Absent is a clear roadmap from the CAO/County Budgetary Officer with best practices such as documented timelines, objectives, strategies and measures for success to assure the County's progress towards that future."*

Creating a documented timeline, objectives, strategies and measurements, such as a Strategic Plan, including budget processes, is essential and requires cooperation from the entire leadership team. The CAO is the primary individual responsible for facilitating the discussions with the leadership team and making policy recommendations to the Board of Supervisors, and we have attempted to do so. However, without the cooperation and participation of all appointed and elected department heads, we will not be effective.

The Open Letter also raises concerns relative to the term "roll-over" budget, and public statements regarding this term were raised during the budget hearing. Please note, it was never my intention to undermine Plumas County employees by using this term and I apologize if it was interpreted in that manner.

There are several benefits to moving the adoption of the budget up to June, but my primary reason for this approach is to allow for spending on capital projects to begin from July – September, rather than having to wait until after the budget is adopted in September and the construction is delayed until the spring due to weather. This should not be interpreted as indicating prior budgets were done incorrectly, but instead, a way to make us more efficient.

Finally, the Open Letter states: *"The 2024-2025 Recommended Budget, like the prior year, proposes increased expenditures without the revenue to pay for them, and it is balanced by one-time fixes with no concrete, sustainable long-term financing strategy."*

As referenced above, relying on one-time funds has been a practice of Plumas County for many years. However, if I am understanding the concerns of those who signed the Open Letter, I am in complete agreement that we should reduce our reliance on one-time funds as well as develop a long-term financing strategy. Unfortunately, many of the challenges we face accumulated over multiple years and it will take a multi-year approach to address the issues. It will require updated policies that must be adhered too by all staff, and in some cases will require significant up-front costs to replace existing systems.

Without these actions, Plumas County will continue to struggle in understanding and preparing informed and

realistic budgets to the Board of Supervisors. Considering our current circumstances, it requires all of us to be even more diligent in monitoring our expenses so that any potential overruns are identified and corrected as quickly as possible.

Employee Compensation

As we are all aware, personnel costs make up the majority of expenses in any local government agency. In addition, there is likely close to unanimous agreement that Plumas County does not have the resources to offer salaries that are competitive with many other counties, much less competitive with public sector positions. However, the Board has made it a priority to increase compensation as much as possible.

You may recall that on March 1, 2022, the Board approved salary adjustments for elected officials, increasing compensation by 25.67% to 61.94% depending on the position. In addition, on June 5, 2022, the Board approved equity adjustments for Department Heads ranging from 2.3% up to 45%. These actions, while needed, have now set an expectation for line staff to receive equity adjustments as well which will put an additional strain on the budget.

Since 2022, rank and file employees received the following pays raises.

- OE3 General Unit – 6%
- OE3 Mid Management Unit – 6%
- Public Works Unit - 20% plus another 2% July 2024
- Public Works Mid-Management Unit – 20% plus another 2% July 2024
- Sheriff's Department Unit – 23%
- Sheriff's Mid-Management Unit – 23%
- Confidential Unit – 8.5%
- Probation Unit – 11.5%
- Probation Mid-Management Unit – 11.5%

This year, the Board of Supervisors prioritized increasing pay and proposed up-to-a-10% increase for all employees except those who have already had recent salary level adjustments (Sheriff's Department, Child Support, Public Works). Additionally, this would not apply to department heads or elected officials. The potential pay increase was proposed at this time so we could calculate the costs and include the calculations in the budget. Also proposed is up-to-a-20% increase for Social Services which is severely behind in pay equity compared to other counties. Meet and confer with unions must still occur.

For this reason, I felt it was important to be transparent and demonstrate to the Board and the public that funding is included in the budget to absorb some of the compensation increases that may be approved through the negotiation process. Please note that if those funds are not needed, they cannot be spent on something else without Board direction and in all likelihood, will result in additional fund balance heading into FY 2025-26.

The Board wants pay raises to occur without relying on one-time monies which is always the preferred scenario. However, we should also keep in mind that much of the one-time funding we have available is a result of salary savings since we have not been able to fill positions. As a result, if it is still the priority to increase wages so that Plumas County can attract more employees; the actual costs, vacancy rates, etc. will need to be closely monitored to ensure Plumas County is not forced into a position of making workforce reductions in future years.

The up-to-10%-across-the-board raises for General Fund employees would have a budget impact of $1.34 million annually, while the Non-General Fund increases amount to $1.46 million annually. Together, the above potential and approved raises in this budget alone amount to $5.4 million annually. Please note that this assumes all positions are filled for the entire year which is not reasonable. However, it is the most conservative budget approach and any year-end salary savings can be used to offset compensation increases for a 2 – 3 years while we identify other ways to increase revenue and reduce expenditures, ideally without having to reduce services.

Other Funding Sources

Counties across the state have seen significant revenue increases as a result of ARPA, COVID and LATCF funds. In addition, due to natural disasters Plumas has received FEMA funding to offset the costs of those events. These are all one-time funds, a portion of which have been used to balance the budget.

Fiscal Year 2024-25 Priorities

The following is a summary of high-level priorities the CAO's Office, along with our Executive Leadership team of elected and appointed department heads, should continue focusing on over the next 12 months:

- **Understanding and creating better internal financial controls.** On this note, the Cost Plan for our County is woefully inadequate and is managed by the Auditor-Controller who is attempting to get it up to date. The Cost Plan enables grantees (county user departments) to recover costs incurred in the administration of a grant, entitlement or any form of assistance from the Federal, State, or other agencies outside the county. This is a revenue area that needs attention.
- **Truing up budget obligations.** On this note, days before we were to publish the budget, the Auditor-Controller found a $2 million journal error. The Annex mortgage payment had not been journaled since 2021 and the Treasurer-Tax Collector had not transferred necessary funds from a subfund so the General Fund took another $2 million hit just before we published.
- **Greater transparency and accountability in all areas of County financial affairs.**
- **Utilizing technology and/or outside consultants to assist under-staffed departments.**
- **Serving the citizens of Plumas County more effectively and efficiently.**

Recommended Budget Summary

This year's $156 million Recommended Budget includes a $57.5 million General Fund with a proposed reserve of $6.5 million per the County's Fiscal Policy. Last year was the first year - in at least six years - that this reserve policy was fully funded. The General Fund increased by 15% between the hearings due to adding back in positions and retirement expenditures in one department that were not included in the previous budget.

Addressing the deficit will require a combination of the following and each one of these would require a strategy and a plan – not something I would develop in a vacuum but with a team of professionals and those in charge of key financial functions within the County:

Increasing Revenues:

1. **Tighten internal financial processes for better revenue and expenditure control:** Do month-end processes, year-end processes; make payments timely to state and federal agencies to avoid fines or fees. (Please note, I have been asking for a report on late fines or fees for months from the Auditor-Controller due to the fact the Treasurer-Tax Collector received $36,000 in fines for missing deadlines recently.) We need to investigate investment strategies for more yield; collect taxes, fines and fees more vigorously; enforce leases on county-owned land; review fees that have not changed in years; sell surplus property the County owns; hold timely tax property sales.
2. **Proposed sales tax increase:** A ¾ percent sales increase would bring an additional $2 million to the county, according to proponents. This may be essential to maintain County services.
3. **Economic Development Initiatives:** Encourage business growth and attract new families to Plumas with incentives; continue to support nonprofits and businesses with grant opportunities so they can continue the vital work they are doing.
4. **Tourism Promotion:** Encourage the expansion of the Feather River Tourism Association to cover the entire County in 2025. FRTA is doing an excellent job marketing the County's many features and attractions. Along with this, the County needs to make a pledge to vigorously collect TOT taxes to enhance this effort as well as strengthen one of our largest revenue sources.

5. **Property Development:** Develop unused or underutilized county-owned land for commercial or residential purposes, either through direct development or partnerships with private developers.
6. **Fee Adjustments:** Review and adjust fees - some of which have not been adjusted in more than a decade.
7. **Public-Private Partnerships (PPPs):** Continue to collaborate with private entities on infrastructure projects or service delivery to leverage private sector expertise and resources.
8. **Grants and Funding:** Actively seek out and apply for state and federal grants that align with county priorities, such as infrastructure improvements, economic development, social services, corrections, trails, etc.

Reducing Expenditures:

1. **Operational Efficiency:** Have Department Heads conduct a thorough review of operations to identify inefficiencies and areas for streamlining processes, reducing duplication, and improving productivity.
2. **Outsourcing:** Continue to outsource services to specialized vendors or neighboring counties to reduce operating costs while maintaining service quality.
3. **Staffing Optimization:** Review staffing levels across departments and implement measures such as eliminating vacant positions. Look to Department Heads to evaluate workflows and consider new or different employee positions and technology.
4. **Technology Investments:** Invest in technology solutions such as automation, digitalization, and data analytics to improve operational efficiency and reduce the need for manual labor or redundant processes.
5. **Energy and Resource Conservation:** Implement energy-saving measures, such as installing energy-efficient lighting, optimizing HVAC systems, and promoting water conservation, to reduce utility costs for county-owned facilities. We are actively doing this with the Engie Project (See Page 22 For a synopsis of this project).
6. **Consolidation of Services:** Explore opportunities to consolidate or merge certain County services or departments to eliminate duplication of efforts and achieve economies of scale.

Our total General Fund Opening Fund Balance is $20.2. This budget assumes a 2% property tax growth rate and a 3.9% growth in General Fund revenues. Our overall growth rate is estimated to be about $842,000 after analyzing the past twelve years of taxes and assessments.

Position allocation for FY24-25 for the final recommendation is 420.746 Full-Time Equivalents (FTEs). This budget eliminates three vacant positions from the General Fund which have remained open for one year without being filled in the following departments:

Building - 1
Probation – 2

Solving a deficit is not just about increasing revenues. While County staff can recommend the Board update our fee schedules to ensure full cost recovery where allowable, and should be done as quickly as possible, the majority of revenue comes from taxes and any increases must be approved by the voters.

As a result, we must also consider reducing positions, particularly those that have been vacant for more than one year, in order to present a balanced budget. With the suggestions at the June 18th Budget Hearing, we have added back in 15.02 positions, bringing the total vacancies to 84.695 which remain unfilled and allocated as of the publishing of this budget. These positions are worth approximately $8 million. It will be important during the next budgeting cycle to strategically eliminate unfilled positions to bring the county's projected vacancy rate from 20.3% to 10% in the next budget cycle, while also recognizing that if warranted, positions can be reinstated at any time upon approval by the Board of Supervisors. This is a constantly changing scenario as people retire, quit or are hired. There is currently legislation that will affect vacancy rates in government positions which may become law in January 2025.

In addition to requested and negotiated pay raises, it should be noted that potentially 238 employees of our 420 allocated positions or nearly 60% of the workforce for the upcoming fiscal year, will receive a 5% Merit or Longevity pay increase. These increases will cost the County nearly $1 million in addition to any proposed raises. Also, the County is obligated to pay out accrued and unused comp time, vacation pay and a portion of

sick leave (depending on years of service) for retirees. This is estimated to be about $400,000 for the next fiscal year.

It's clear that we cannot keep pace with needed raises and obligations and continue to do business in the same manner. We must look at increasing revenues and decreasing expenditures as outlined above; and other cost-savings measures.

This year's Budget does have bright spots with the Engie Energy Project to reduce PG&E costs and increase efficiencies as well as replace aging equipment such as generators, HVAC systems and more. Much of our equipment is approaching 20 years old or older. Even with the cost of the project, it is projected to save the county upwards of $130,000 annually.

The County's new jail will be fully operational and the Public Works and the Sheriff's Department should be commended for coming in at or near budget. We still do not understand, however, how operating the new jail may impact the budget.

The new Budget also assumes capital improvement projects that are long overdue at County facilities such as libraries, parking lots, roads, and parks. We will continue to look for good-fit grant opportunities and state revenues to assist with these projects.

Five new positions are being added in the following Departments - all are as a result of being required by law or are grant-required or being funded as a result of the Dixie Fire:

Behavioral Health
- 2 Behavioral Health Therapists - required by State Law and paid with state funds.

CAO's Office - Grant Management
- .333 Extra Help position required for Quincy/Chester BRE Grant (paid from grant funds)
- 1 Recovery Coordinator Position, (Three-Year Sunset Position) proposed to be funded by PG&E Settlement Funds. This position will coordinate with the Dixie Fire Collaborative and maintain Dixie Fire-related mitigation and disaster recovery grants

Planning
- 1 Executive Assistant in Planning to assist with approximately 17 grants (including hazard mitigation grants) the Department is attempting to manage (paid from General Fund).

For a variety of factors, the County does not have current and accurate budget information readily available. While the CAO is responsible for providing future year projections of revenues and expenditures, without having valid and accurate historical information, it simply is not feasible. In addition, not having accurate historical information puts the entire organization in a very awkward position of having to make recommendations and ultimately approve the use of millions of dollars of tax-payer money. It is also a contributing factor of potentially having to rely too heavily on the use of one-time funds.

True teamwork will get us where we need to go.

I want to thank all the Department Heads, Finance Officers and the Budget Team for working to improve our processes. This was a particularly difficult year as one of the main Budget Team members was unavailable to us. But we pushed through. Next year, we will use OpenGov software to assist us in the budgeting process.

Sincerely,
Debra Lucero

MEMO

To: Honorable Board of Supervisors
FROM: Debra Lucero, CAO
RE: Recommended Budget Adoption 2024-25

Soon after coming to Plumas County, I discovered the lack of knowledge, training, compliance and more as it relates to the financial processes. I went to the then Executive Director of Trindel, the County's insurance company, to get some advice as to what to do. I was advised to get an accountancy firm to look at the books and workflow to determine pinch points and issues. Soon after, the Board approved Clifton, Larson & Allen (CLA) to come onboard to assist in catch-up and workflow management. As a result, several best practices and other recommendations were made. Few have been implemented.

The County has allocated $1,412,000 over two to three years to update its financial processes and catch up on work that has hindered the timely filing of required financial statements, processes and audits. This work is essential in preparing an annual budget. When books are not closed in a timely manner, necessary internal reports are unavailable and external reports such as audits are late. The last one Plumas County turned in was on April 22, 2024. It was due on March 31, 2023. This is a continuing pattern.

Below are the firms that are assisting Plumas County in this work:

CLA contract - $728,000 over two fiscal years from one-time Local Assistance Tribal **Consistency Fund (LATCF)** and $85,000 from the General Fund.
Craig Goodman - $310,000 (Auditor-Controller consultant over two fiscal years from the General Fund).
OpenGov software for budgeting purposes - $277,000 (3-year contract - General Fund)
Sympro Software for investment reporting - $97,000 (3-year – General Fund)

The County has spent tax payer dollars to get its financial house in order but that work will be for not, if processes are not done monthly, quarterly, etc. In the 2021-22 audit (the most recently completed Single Audit), the Auditor-Controller stated in her Corrective Plan:

"The Auditor-Controller and Treasurer-Tax Collector worked with the contracted consulting firm to develop a new procedure to balance cash within the MUNIS system to tie to the bank accounts monthly. We have created new templates and Excel reports to utilize monthly going forward for cash reconciliation. The County is now caught up to December 2023."

This is not a true statement as of the publishing of the Recommended 2024-25 Budget. November and December have not been done.

The Auditor-Controller further states:

"Reconciling cash will be a monthly procedure and the Auditor-Controller anticipates the FY 23/24 will be completely reconciled by June 30, 2024. The Auditor-Controller anticipates full cooperation from both departments to ensure that this is done in a timely manner."

This has not been done as of the publishing of the budget, putting the County eight months behind in cash reconciliation.

It should be noted that being an accountant is not part of the CAO's job description but it is part of the Auditor-Controller's position.

While the position is an elected one; the current Auditor-Controller was appointed by the Board. California Law Section 26945 of the Government Code requires certain qualifications. (a) The person possesses a valid and active certificate issued by the California Board of Accountancy under Chapter 1 (commencing with Section 5000) of Division 3 of the Business and Professions Code showing the person to be, and a permit authorizing the person to practice as, a certified public accountant.

(b) The person possesses a baccalaureate degree from an accredited university, college, or other four-year institution, with a major in accounting, as described in subdivision (a) of Section 5081.1 of the Business and Professions Code, as that section read on December 31, 2009, or a business-related degree that includes at least 24 semester units, or equivalent quarter units, in accounting-related subjects, including, but not limited to, accounting, financial reporting, auditing, and taxation, and has served within the last five years in a senior fiscal management position in a county, city, or other public agency, or a nonprofit organization, dealing with similar fiscal responsibilities, including, but not limited to, public accounting or auditing responsibilities, for a continuous period of not less than three years.

(c) The person has served as county auditor, chief deputy county auditor, or assistant county auditor, or an equivalent position for a continuous period of not less than three years.

County auditors serve as the chief accountant for county funds. Plumas County needs an accountant onboard. Their responsibilities include keeping accounts current with the treasurer, examining and settling the accounts of individuals who owe money to the county, and reconciling the county's cash and investment accounts with the treasurer.

Consistency in the arena of internal controls relating to the above financial processes, has been lacking for many, many years. The following data came from my April 2024 CAO Report:

In the past 11 completed audits from 2012 to 2022, the following findings were repeated:

1. Reconciliation of Pooled Cash & Investments (2022,2021,2020,2014)
2. Allocation (apportionment) of Interest Earnings (2021,2022)
3. Year-End Closing Process (2018,2017,2016,2015,2014)
4. Prior Period Adjustments (2017,2016)
5. Plumas County Transit Authority (2017,2016,2015,2014)

6. Accounts Receivable (2014,2015)
7. Capital Assets Prior Period Adjustment (2013,2012)
8. Capital Assets Disposal (2013,2012)

Other items mentioned throughout the 11-year period:

1. Final Accruals in the financial Statements (2022)
2. Accountability of Capital Assets (2021)
3. Payment of Expenditures (2021)
4. Audit Adjustments (2019)
5. Schedule of Expenditures of Federal Awards (2017)
6. Accounts Payable (2014)
7. EFT Deposits Lack of Timely Processing (2014)

From 2012 to 2017, there were five “Material Weakness” findings.
During this same time period, there were 15 “Significant Deficiencies” including the Federal Awards & Questions. These audit findings are important, but less so than a material weakness.

From 2018 to 2022, there were eight “Significant Deficiencies” but “Material Weaknesses” have grown to represent the bulk of the findings in recent audits. This is a disturbing trend but the Board of Supervisors authorized the CLA contract to assist our financial departments in the past year to address some of these internal control patterns.

Audit findings and lack of internal controls have been the topic of many board meetings and my CAO reports and most recently, in the 2023-24 Grand Jury Report. In that report, the Grand Jury pointed out the following areas of non-compliance – mostly focusing on the Treasurer-Tax Collector but many of these functions involve the Auditor-Controller as mentioned above:

- A backlog of journal entries
- Failing to reconcile cash and investments
- Failing to apportion interest to the special districts
- Insufficient staffing
- Insufficient training on software

• Lack of updated policies and procedures
• Non-existence of a Treasury Oversight Committee.

Collecting revenues is a major function of the Treasurer-Tax Collector yet one of our greatest revenue generators, Transient Occupancy Tax (TOT) has been languishing. Although the fund is up in revenue over past years; there are 100-150 noncompliant properties. Enforcement and compliance is part of the Treasurer-Tax Collector's job. It's difficult to know how our investments are doing because of the lack of transparency and reporting.

The Grand Jury also recommended a Chief Financial Officer and I concur with that finding and think it would be prudent to hire one prior to the Oct. 2 final adoption deadline.

Sincerely,

Debra Lucero

COUNTY ADMINISTRATIVE OFFICER LETTER

June 25, 2024

Dear Members of the Board:

In light of the Budget Hearing on June 18, 2024 and an Open Letter dated June 18, 2024, and signed by David Hollister, District Attorney; Todd Johns, Sheriff; Cindie Froggatt, Assessor; Martee Nieman Graham, Auditor; Julie White, Treasurer-Tax Collector and Mimi Hall, Supervisor-Elect, please accept my revised letter for the Recommended 2024-25 Budget.

Open Letter – June 18, 2024

The Open Letter has several inaccuracies or misrepresentations but I am only going to address those that are most material.

1) Page 3 – 4th paragraph reads: "*It is true that Plumas County has used Fund Balance to close prior budget gaps, but budget advisors during several years without a CAO worked to keep use of fund balance to far below $1M to balance annual budgets. However, it is* ***not*** *a historic trend …*"

Below is a 10-year look at past budgets which can be found on the County's website and demonstrates the County was relying on fund balance to balance the budget ranging from approximately $800,000 in FY 2015-16, to more than $1.8 million beginning in FY 2016-17 and every year thereafter. To be clear, I am in agreement that this is not a good practice and while there have been a variety of contributing factors, it is going to take a committed, multi-year approach among all leaders in Plumas County to reverse this trend.

The June 18, 2024, Open Letter also states: *"(The Budget) … regurgitates the same narrative from the past eighteen months by pointing a finger to others for responsibility to provide solutions that 'need(s) to be addressed by the leadership team.' Absent is a clear roadmap from the CAO/County Budgetary Officer with best practices such as documented timelines, objectives, strategies and measures for success to assure the County's progress towards that future."*

Creating a documented timeline, objectives, strategies and measurements, such as a Strategic Plan, including budget processes, is essential and requires cooperation from the entire leadership team. The CAO is the primary individual responsible for facilitating the discussions with the leadership team and making policy recommendations to the Board of Supervisors, and we have attempted to do so. However, without the cooperation and participation of all appointed and elected department heads, we will not be effective.

The Open Letter also raises concerns relative to the term "roll-over" budget, and public statements regarding this term were raised during the budget hearing. Please note, it was never my intention to undermine Plumas County employees by using this term and I apologize if it was interpreted in that manner.

There are several benefits to moving the adoption of the budget up to June, but my primary reason for this approach is to allow for spending on capital projects to begin from July – September, rather than having to wait until after the budget is adopted in September and the construction is delayed until the spring due to weather. This should not be interpreted as indicating prior budgets were done incorrectly, but instead, a way to make us more efficient.

Finally, the Open Letter states: *"The 2024-2025 Recommended Budget, like the prior year, proposes increased expenditures without the revenue to pay for them, and it is balanced by one-time fixes with no concrete, sustainable long-term financing strategy."*

As referenced above, relying on one-time funds has been a practice of Plumas County for many years. However, if I am understanding the concerns of those who signed the Open Letter, I am in complete agreement that we should reduce our reliance on one-time funds as well as develop a long-term financing strategy. Unfortunately, many of the challenges we face accumulated over multiple years and it will take a multi-year approach to address the issues. It will require updated policies that must be adhered too by all staff, and in some cases will require significant up-front costs to replace existing systems.

Without these actions, Plumas County will continue to struggle in understanding and preparing informed and realistic budgets to the Board of Supervisors. Considering our current circumstances, it requires all of us to be even more diligent in monitoring our expenses so that any potential overruns are identified and corrected as quickly as possible.

Employee Compensation

As we are all aware, personnel costs make up the majority of expenses in any local government agency. In addition, there is likely close to unanimous agreement that Plumas County does not have the resources to offer salaries that are competitive with many other counties, much less competitive with public sector positions. However, the Board has made it a priority to increase compensation as much as possible.

You may recall that on March 1, 2022, the Board approved salary adjustments for elected officials, increasing compensation by 25.67% to 61.94% depending on the position. In addition, on June 5, 2022, the Board approved equity adjustments for Department Heads ranging from 2.3% up to 45%. These actions, while needed, have now set an expectation for line staff to receive equity adjustments as well which will put an additional strain on the budget.

Since 2022, rank and file employees received the following pays raises.

- **OE3 General Unit – 6%**
- **OE3 Mid Management Unit – 6%**
- **Public Works Unit - 20% plus another 2% July 2024**
- **Public Works Mid-Management Unit – 20% plus another 2% July 2024**
- **Sheriff's Department Unit – 23%**
- **Sheriff's Mid-Management Unit – 23%**
- **Confidential Unit – 8.5%**
- **Probation Unit – 11.5%**
- **Probation Mid-Management Unit – 11.5%**

This year, the Board of Supervisors prioritized increasing pay and proposed up-to-a-10% increase for all employees except those who have already had recent salary level adjustments (Sheriff's Department, Child Support, Public Works). Additionally, this would not apply to department heads or elected officials. The potential pay increase was proposed at this time so we could calculate the costs and include the calculations in the budget. Also proposed is up-to-a-20% increase for Social Services which is severely behind in pay equity compared to other counties. Meet and confer with unions must still occur.

For this reason, I felt it was important to be transparent and demonstrate to the Board and the public that funding is included in the budget to absorb some of the compensation increases that may be approved through the negotiation process. Please note that if those funds are not needed, they cannot be spent on something else without Board direction and in all likelihood, will result in additional fund balance heading into FY 2025-26.

The Board wants pay raises to occur without relying on one-time monies which is always the preferred scenario. However, we should also keep in mind that much of the one-time funding we have available is a result of salary savings since we have not been able to fill positions. As a result, if it is still the priority to increase wages so that Plumas County can attract more employees; the actual costs, vacancy rates, etc. will need to be closely monitored to ensure Plumas County is not forced into a position of making workforce reductions in future years.

The up-to-10%-across-the-board raises for General Fund employees would have a budget impact of $1.34 million annually, while the Non-General Fund increases amount to $1.46 million annually. Together, the above potential and approved raises in this budget alone amount to $5.4 million annually. Please note that this assumes all positions are filled for the entire year which is not reasonable. However, it is the most conservative budget approach and any year-end salary savings can be used to offset compensation increases for a 2 – 3 years while we identify other ways to increase revenue and reduce expenditures, ideally without having to reduce services.

Other Funding Sources

Counties across the state have seen significant revenue increases as a result of ARPA, COVID and LATCF funds. In addition, due to natural disasters Plumas has received FEMA funding to offset the costs of those events. These are all one-time funds, a portion of which have been used to balance the budget.

Fiscal Year 2024/25 Priorities

The following is a summary of high-level priorities the CAO's Office, along with our Executive Leadership team of elected and appointed department heads, should continue focusing on over the next 12 months:

- **Understanding and creating better internal financial controls**. On this note, the Cost Plan for our County is woefully inadequate and is managed by the Auditor-Controller who is attempting to get it up to date. The Cost Plan enables grantees (county user departments) to recover costs incurred in the administration of a grant, entitlement or any form of assistance from the Federal, State, or other agencies outside the county. This is a revenue area that needs attention.
- **Truing up budget obligations.** On this note, days before we were to publish the budget, the Auditor-Controller found a $2 million journal error. The Annex mortgage payment had not been journaled since 2021 and the Treasurer-Tax Collector had not transferred necessary funds from a subfund so the General Fund took another $2 million hit just before we published.
- **Greater transparency and accountability in all areas of County financial affairs.**

- **Utilizing technology and/or outside consultants to assist under-staffed departments.**
- **Serving the citizens of Plumas County more effectively and efficiently.**

Recommended Budget Summary

This year's $156 million Recommended Budget includes a $57.5 million General Fund with a proposed reserve of $6.5 million per the County's Fiscal Policy. Last year was the first year - in at least six years - that this reserve policy was fully funded. The General Fund increased by 15% between the hearings due to adding back in positions and retirement expenditures in one department that were not included in the previous budget.

Addressing the deficit will require a combination of the following and each one of these would require a strategy and a plan – not something I would develop in a vacuum but with a team of professionals and those in charge of key financial functions within the County:

Increasing Revenues:

1. **Tighten internal financial processes for better revenue and expenditure control:** Do month-end processes, year-end processes; make payments timely to state and federal agencies to avoid fines or fees. (Please note, I have been asking for a report on late fines or fees for months from the Auditor-Controller due to the fact the Treasurer-Tax Collector received $36,000 in fines for missing deadlines recently.) We need to investigate investment strategies for more yield; collect taxes, fines and fees more vigorously; enforce leases on county-owned land; review fees that have not changed in years; sell surplus property the County owns; hold timely tax property sales.
2. **Proposed sales tax increase:** A ¾ percent sales increase would bring an additional $2 million to the county, according to proponents. This may be essential to maintain County services.
3. **Economic Development Initiatives:** Encourage business growth and attract new families to Plumas with incentives; continue to support nonprofits and businesses with grant opportunities so they can continue the vital work they are doing.
4. **Tourism Promotion:** Encourage the expansion of the Feather River Tourism Association to cover the entire County in 2025. FRTA is doing an excellent job marketing the County's many features and attractions. Along with this, the County needs to make a pledge to vigorously collect TOT taxes to enhance this effort as well as strengthen one of our largest revenue sources.
5. **Property Development:** Develop unused or underutilized county-owned land for commercial or residential purposes, either through direct development or partnerships with private developers.
6. **Fee Adjustments:** Review and adjust fees - some of which have not been adjusted in more than a decade.

7. **Public-Private Partnerships (PPPs):** Continue to collaborate with private entities on infrastructure projects or service delivery to leverage private sector expertise and resources.
8. **Grants and Funding:** Actively seek out and apply for state and federal grants that align with county priorities, such as infrastructure improvements, economic development, social services, corrections, trails, etc.

Reducing Expenditures:

1. **Operational Efficiency:** Have Department Heads conduct a thorough review of operations to identify inefficiencies and areas for streamlining processes, reducing duplication, and improving productivity.
2. **Outsourcing:** Continue to outsource services to specialized vendors or neighboring counties to reduce operating costs while maintaining service quality.
3. **Staffing Optimization:** Review staffing levels across departments and implement measures such as eliminating vacant positions. Look to Department Heads to evaluate workflows and consider new or different employee positions and technology.
4. **Technology Investments:** Invest in technology solutions such as automation, digitalization, and data analytics to improve operational efficiency and reduce the need for manual labor or redundant processes.
5. **Energy and Resource Conservation:** Implement energy-saving measures, such as installing energy-efficient lighting, optimizing HVAC systems, and promoting water conservation, to reduce utility costs for county-owned facilities. We are actively doing this with the Engie Project **(See Page 22 For a synopsis of this project).**
6. **Consolidation of Services:** Explore opportunities to consolidate or merge certain County services or departments to eliminate duplication of efforts and achieve economies of scale.

Our total General Fund Opening Fund Balance is $20.2. This budget assumes a 2% property tax growth rate and a 3.9% growth in General Fund revenues. Our overall growth rate is estimated to be about $842,000 after analyzing the past twelve years of taxes and assessments.

Position allocation for FY24-25 for the final recommendation is 420.746 Full-Time Equivalents (FTEs). This budget eliminates three vacant positions from the General Fund which have remained open for one year without being filled in the following departments:

Building - 1
Probation – 2

Solving a deficit is not just about increasing revenues. While County staff can recommend the Board update our fee schedules to ensure full cost recovery where allowable, and

should be done as quickly as possible, the majority of revenue comes from taxes and any increases must be approved by the voters.

As a result, we must also consider reducing positions, particularly those that have been vacant for more than one year, in order to present a balanced budget. With the suggestions at the June 18th Budget Hearing, we have added back in 15.02 positions, bringing the total vacancies to 84.695 which remain unfilled and allocated as of the publishing of this budget. These positions are worth approximately $8 million. It will be important during the next budgeting cycle to strategically eliminate unfilled positions to bring the county's projected vacancy rate from 20.3% to 10% in the next budget cycle, while also recognizing that if warranted, positions can be reinstated at any time upon approval by the Board of Supervisors. This is a constantly changing scenario as people retire, quit or are hired. There is currently legislation that will affect vacancy rates in government positions which may become law in January 2025.

In addition to requested and negotiated pay raises, it should be noted that potentially 238 employees of our 420 allocated positions or nearly 60% of the workforce for the upcoming fiscal year, will receive a 5% Merit or Longevity pay increase. These increases will cost the County nearly $1 million in addition to any proposed raises. Also, the County is obligated to pay out accrued and unused comp time, vacation pay and a portion of sick leave (depending on years of service) for retirees. This is estimated to be about $400,000 for the next fiscal year.

It's clear that we cannot keep pace with needed raises and obligations and continue to do business in the same manner. We must look at increasing revenues and decreasing expenditures as outlined above; and other cost-savings measures.

This year's Budget does have bright spots with the Engie Energy Project to reduce PG&E costs and increase efficiencies as well as replace aging equipment such as generators, HVAC systems and more. Much of our equipment is approaching 20 years old or older. Even with the cost of the project, it is projected to save the county upwards of $130,000 annually.

The County's new jail will be fully operational and the Public Works and the Sheriff's Department should be commended for coming in at or near budget. We still do not understand, however, how operating the new jail may impact the budget.

The new Budget also assumes capital improvement projects that are long overdue at County facilities such as libraries, parking lots, roads, and parks. We will continue to look for good-fit grant opportunities and state revenues to assist with these projects.

Five new positions are being added in the following Departments - all are as a result of being required by law or are grant-required or being funded as a result of the Dixie Fire:

Behavioral Health

- 2 Behavioral Health Therapists - required by State Law and paid with state funds.

CAO's Office - Grant Management

- .333 Extra Help position required for Quincy/Chester BRE Grant (paid from grant funds)
- 1 Recovery Coordinator Position, (Three-Year Sunset Position) proposed to be funded by PG&E Settlement Funds. This position will coordinate with the Dixie Fire Collaborative and maintain Dixie Fire-related mitigation and disaster recovery grants

Planning

- 1 Executive Assistant in Planning to assist with approximately 17 grants (including hazard mitigation grants) the Department is attempting to manage (paid from General Fund).

For a variety of factors, the County does not have current and accurate budget information readily available. While the CAO is responsible for providing future year projections of revenues and expenditures, without having valid and accurate historical information, it simply is not feasible. In addition, not having accurate historical information puts the entire organization in a very awkward position of having to make recommendations and ultimately approve the use of millions of dollars of tax-payer money. It is also a contributing factor of potentially having to rely too heavily on the use of one-time funds.

True teamwork will get us where we need to go.

I want to thank all the Department Heads, Finance Officers and the Budget Team for working to improve our processes. This was a particularly difficult year as one of the main Budget Team members was unavailable to us. But we pushed through. Next year, we will use OpenGov software to assist us in the budgeting process.

Sincerely,

Debra Lucero

*2023 data is pending external audit

Estimates of fund balances for 2024 are based on transactions recorded throughout the year in the financial reporting system, direct communication with department heads, and anticipated adjustments to be made by the Auditor-Controller office. 2024 fiscal year ends on June 30, 2024, after the publication of the Recommended Budget. Therefore, it is necessary to estimate the fund balances for the purpose of generating the required Budget Schedules.

- **Unassigned** fund balance represents the portion of the County's fund balance that is not restricted or committed to a specific purpose. It is available for any lawful purpose, including County operations, capital projects, or debt service.
- **Committed** fund balance represents the calculated value of the General Reserve (8% of last audited operating revenue) plus the calculated value of the Strategic Reserve (16% of last audited operating revenue) plus any amounts constrained for a specific purpose by the Board of Supervisors.
- **Restricted** fund balance is legally designated for specific purpose stipulated by an external party such as a grantor, a bond covenant, or a law. These funds can only be used for the specific purposes for which they are restricted.
- **Nonspendable** fund represents a portion of the County's fund balance that is legally/contractually required to be maintained intact (examples would be prepaid expenses, or inventories, advances to other funds).
- **Assigned** funds represent a portion of the County's fund balance that is designated by the Board of Supervisors for a specific purpose. Assigned funds are not legally restricted, they are earmarked for a specific use which can be redirected at the direction of the Board of Supervisors.

Appropriations

The fiscal year 2024-25 Recommended Budget of $156.4 million is comprised of $145.6 million in governmental funds, $3.4 million in internal service funds, $4.9 million in enterprise funds, and $2.5 million in special district.

Figure 1 illustrates recommended spending authority in governmental funds among major program areas. As a political subdivision of the State of California, the County expends most of its funds on Federal and State programs such as public assistance, mental health, public health, and other social services as mandated by law. The County spends most of its discretionary revenues on general government and public safety.

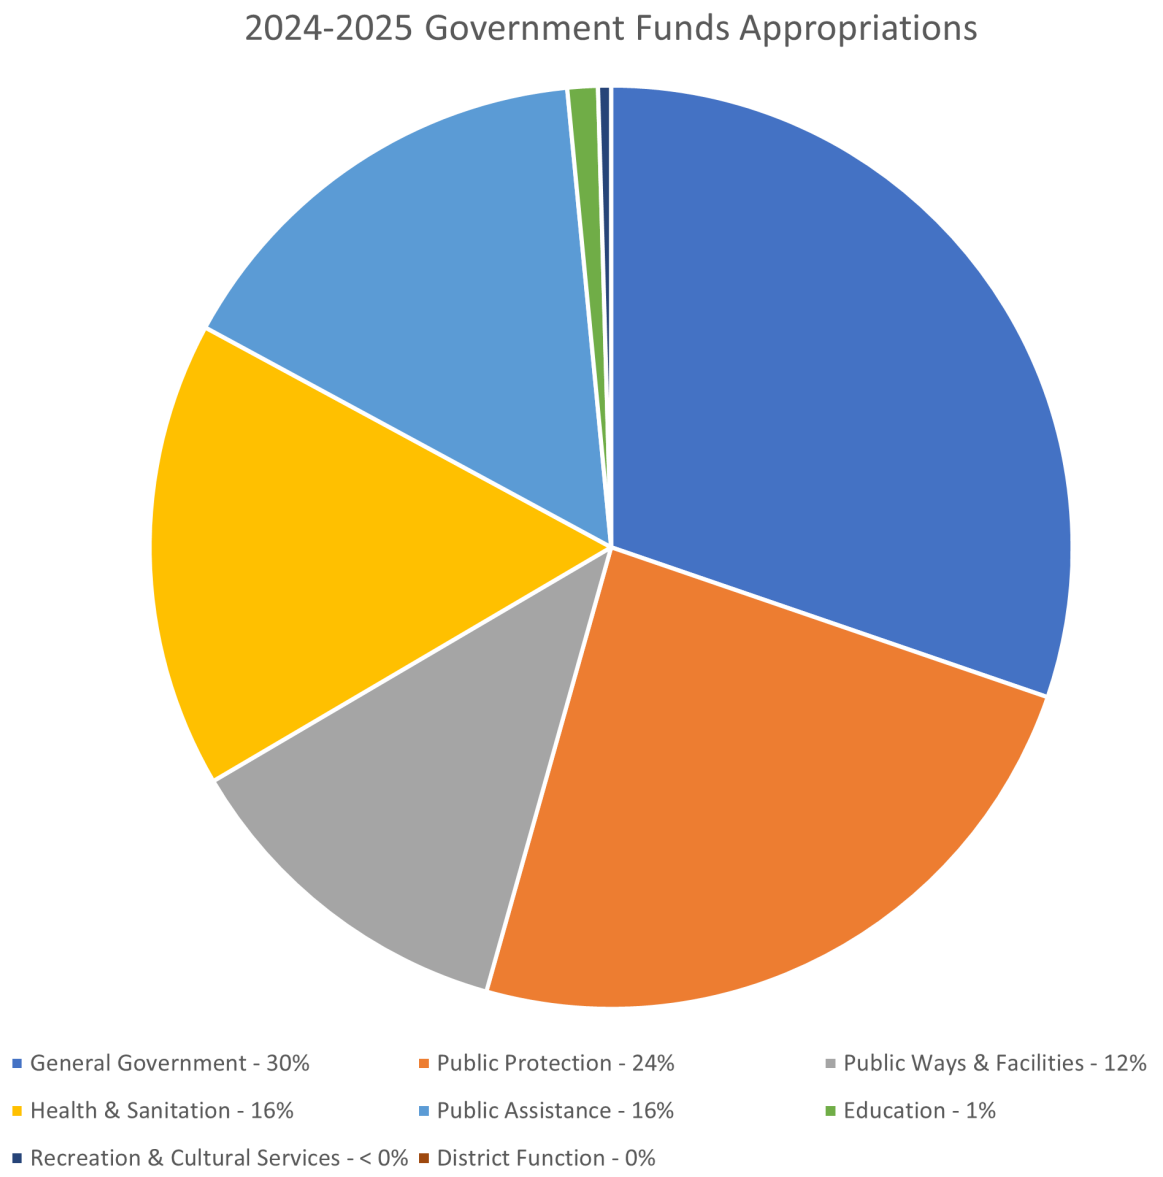

Figure 1 - 2024-2025 Government Funds Appropriations

Revenues & Expenditures

Revenues in the General, Special Revenue, Capital Projects, and Debt Service Funds for fiscal year 2024-25 are estimated at $115.1 million and expenditures are budgeted at $145.5 million.

The $115.1 million in revenue is comprised of 43% from State and Federal Aid and 18% from Tax Revenue, 30% is derived from other financing sources, which is comprised mostly of operating transfers into governmental funds.

The recommended spending plan is balanced, meaning Total Financing Sources equal Total Financing Uses. However, the current year budget for the General Fund is utilizing $10.0 million of fund balance that has been carried over from prior years. The Special Revenue Funds are utilizing $18.1 million, while Capital Projects and Debt Services are utilizing $50 thousand and $1.9 million respectively. This is a historic trend that needs to be addressed by the leadership team of the County. It will require commitment from all departments and a universal approach and plan to rectify, as budgeting spend greater than incoming revenues is not sustainable into the future.

TAX ROLL SUMMARY

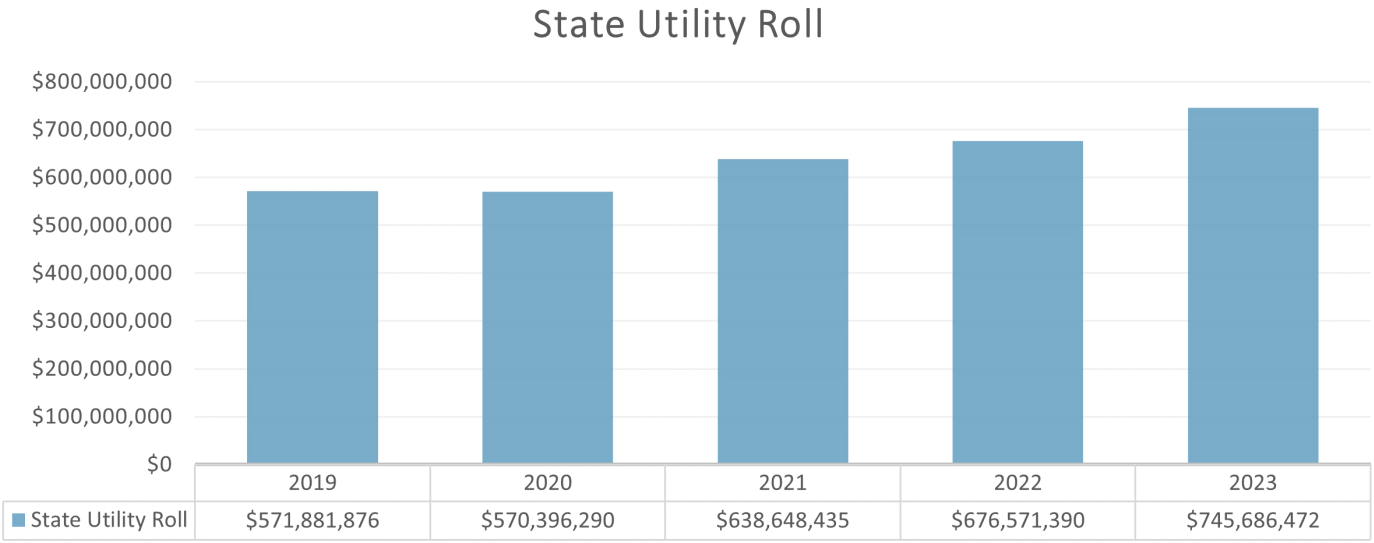

Property tax is the largest single component to general purpose revenues. The basic tax rate under proposition 13 is 1% of the assessed value. Plumas County receives approximately 20% of all property tax revenues collected by the county and the remainder is apportioned to support local schools, the City of Portola, and special districts.

These tax receipts are used to support a wide variety of county programs. The attached charts show the growth of the locally assessed, state assessed, and combined roll totals.

The Dixie Fire started on July 13, 2021 and burned 963,309 acres. 551 structures were lost reducing the assessment roll by $466,926. Even after the fire losses were taken into account, the roll still increased from 2021 to 2022 due to other sales and new construction.The numbers below are the most recent available.

	2019	2020	2021	2022	2023

This department strives to facilitate responsible development, enforce building codes, and promote efficient construction practices. Through collaboration, transparency, and professionalism, this team enhances the well-being and prosperity of our residents while preserving the unique character of our county.

This department is dedicated to ensuring that all buildings in the county are safe and comply with the building codes and regulations. Experts on this team review building plans, issue permits for construction, demolition, and occupancy, and conduct building inspections to ensure that construction is done correctly. Commitment to improving performance and developing procedures that are streamlined, transparent, and easy to understand is paramount for this department. The goal is to protect the public's health, safety, and welfare by enforcing building codes and standards.

Code Enforcement - The mission of Plumas County Code Enforcement which is under the Building Department, is to promote and maintain a safe and desirable living and working environment. This team helps maintain and improve the quality of our community by administering a fair and unbiased enforcement program to correct violations of county codes, state codes, health and safety codes, and land use requirements. It also works with residents, public service agencies, and other county departments to facilitate voluntary compliance with applicable laws and codes.

Code Enforcement is responsible for enforcing the county's codes and ordinances related to land use, building standards, zoning, health and safety, environmental protection, and more. The primary goal is to ensure compliance with these regulations to protect the health, safety, and welfare of all residents and visitors. It achieves this through a combination of education, inspection, and enforcement activities. The team is committed to responsive customer service and strives to address complaints and concerns in a timely and efficient manner. Dedication to protecting the health, safety, and welfare of all residents, workers, and visitors in our county, ensures that everyone can enjoy the benefits of a clean, safe, and attractive community.

Vehicle Abatement - The mission of the Abandoned Vehicle Abatement program, also under the Building Department, is to promote the health, safety, and aesthetic quality of our community by enforcing regulations related to abandoned, wrecked, dismantled, or inoperative vehicles. It is committed to responding promptly and efficiently to complaints and proactively identifying violations to ensure neighborhoods are free from such nuisances. The goal is to educate the public about the importance of proper vehicle storage and disposal, and to work collaboratively with residents, businesses, and other county departments to resolve issues. Through these efforts, the quality of life and environmental beauty of our county is enhanced.

David Lile, Director

Established in 1914, cooperative extension (UCCE) is the informal, off-campus educational and outreach arm of the University of California Division of Agriculture and Natural Resources. County-based advisers and program representatives use workshops, public meetings, newsletters and other communication tools to bring relative and timely information to the counties. UCCE acts as the link to university resources for assistance with local agricultural and natural resource issues and youth and community development.

UCCE has been serving Plumas County since 1946 and Sierra since 1947. The department functions through a Memorandum of Understanding between the UC and County. Plumas/Sierra County provides office space, supplies, transportation and one full time employee for clerical support. UC provides 6 full-time employees for advisors, community education specialist and post-fire resilience staff research associate. Research and outreach activities are funded by grants and gifts obtained by UC advisors. UCCE Plumas Sierra advisors offer research and outreach programs in livestock, forestry, post-fire resilience, weed ecology and cropping systems. Plumas Sierra 4-H provides meaningful, learn-by-doing education activities to children in clubs and/or to children participating in school enrichment. We currently have 7 clubs with ~200 members and ~80 volunteers.

Debra Lucero

The mission of County Administration is to provide leadership and guidance to the County organization in implementing the policies of the Board of Supervisors while maintaining and improving the effective operations and fiscal integrity of the County.

The County Administrative Officer (CAO) provides policy guidance and program evaluation to the Board of Supervisors and management staff while encouraging and facilitating services to County residents and businesses. County Administration fosters cooperative working relationships with State and local intergovernmental and regulatory agencies, nonprofits and private groups and pursues appropriate avenues of economic and community development.

The CAO serves and is accountable to the Board of Supervisors. The primary function of the CAO is to oversee the preparation, adoption, and administration of the county budget. This position works closely with the elected offices of Auditor-Controller, Treasurer-Tax Collector and Assessor to coordinate the efforts of those finance-related offices in the preparation and administration of the county budget. The County Administrative Officer is responsible for enforcement of all County codes, ordinances, and regulations, the conduct of all financial activities, and the efficient and economical performance of the County's operations.

Overall, this position is accountable for establishing and accomplishing County goals and objectives, and developing general policy guidelines. The position is vested with the authority and titles of County Budgetary Officer and County Purchasing Agent.

Joshua Brechtel, Interim Director

The mission of County Counsel is to provide quality, timely, and sound legal advice, services, and representation in all civil and administrative proceedings to the Board of Supervisors, elected and appointed department heads, County departments, staff, and special districts.

County Counsel is a support organization; the work is client-driven without any independent objectives. County Counsel is dedicated to the principle that thoughtful, credible, and ethical legal services lead to fewer lawsuits, lower liability costs, better services, and better County government. By interpreting the law in a sound and consistent manner, the office enables clients to reach their objectives in accordance with local, State, and federal law, thereby avoiding, to the extent possible, challenge and confusion.

County Counsel provides legal advice and assistance on matters such as: public policies; land use; human/social services; civil actions; risk management and insurance; municipal and public law; tort law; resources law; environmental law; nuisance abatement; and construction, facilities, and real estate law. The attorneys in County Counsel prepare Board reports and recommendations; prepare legal opinions; draft ordinances, resolutions, and proposed legislation; represent the County before the legislature as directed; formulate litigation strategies; oversee legal research and investigations; act as trial counsel in State court, federal court, and administrative proceedings; monitor legal developments; retain and manage outside counsel; and serve as attorneys for the County in all civil actions.

David Hollister, District Attorney

Mission Statement:
Our mission is to vigorously, fairly and compassionately seek justice each day. As the chief law enforcement officer in Plumas County, I take our mission and daily responsibilities very seriously. By law, the district attorney is the chief law enforcement officer in the county. While a district attorney's duties are not limited to criminal prosecution, California law provides the district attorney's most essential duty is investigating and prosecuting criminal offenses on behalf of the People.

Department Description and Key Issues:
The District Attorney Team
The Plumas County District Attorney's Office meets its Constitutional obligations through the tireless public service of the DA staff. Team members Assistant District Attorneys Graham Archer and Brian Hagen; Front office staff Nicole Romero, Kathy Green and Ian Thompson; Fiscal Officer Sheri Johns; Investigators Jessica Beatley and Shawn Adams; and Alternative Sentencing's Stephanie Tanaka, Sam Rick, and Bree Martin have all consistently performed at the highest of levels. In serving Plumas County, these dedicated workers regularly deal with disturbing subject matter, stressful situations and victims going through the worst day of their lives. Our staff addresses these daily challenges with consistency, fairness, grace and perseverance of which we are all rightly proud.

2023 Filing Statistics, Staffing and Legal Scrutiny
During 2023, the DA's office reviewed approximately 796 investigations, filing criminal charges in approximately 605 cases, not counting juvenile cases or probation violations. We are, and have been for the last year, fully staffed having suffered no losses in staffing since 2022 while maintaining one of the most experienced staffs in Plumas County. For the 13th consecutive year, the Plumas County District Attorney's Office did not have a conviction reversed on appeal (nor were we the subject of any type of lawsuit).

Alternative Sentencing Program
In addition to the traditional prosecution of crime, the DA's office houses and supports the award-winning Alternative Sentencing Program (ASP). ASP exists to assist low-level offenders in the journey of becoming clean and sober, curb drug-related crime, reduce impaired driving, and reunite broken families. ASP is responsible for creating responses to the ever-changing criminal justice system while keeping Plumas County relevant and up to date with programs mandated by State and Federal governments, including administering Plumas County's highly successful Drug Court (Community Justice Court). ASP works with the Courts throughout Plumas County, ancillary service providers, non-profits as well as law enforcement to ensure quality, evidence-based pretrial, re-entry, and reintegration programming is being offered in Plumas County.

Truancy Prevention Team
The DA's office continues to partner with our schools in providing prevention services through the Truancy Prevention Team. The TPT supplements school truancy programs by offering early intervention designed to identify and correct a student's root cause of truancy. Since Assembly Bill 901 went into effect 1/1/2001 significantly removing Probation's role in truancy, the DA's office has increased our attention in both prevention, detection, and prosecution. The DA's office has been able to accomplish these goals despite a lack of county general fund or state grant support.

DA Investigator Shawn Adams has led this response, meeting regularly with school site administrators to identify those students who are truant. Once the student has been identified, a plan is formulated

between Shawn and the school to check on the student's welfare and encourage the student to reintegrate with school staff. To meet this challenge Shawn routinely travels from Portola to Chester visiting students. In addition to making sure Plumas County children receive the education to which they are entitled, our truancy prevention efforts also provide an important safety net for some of the most vulnerable in our community. An excellent example of the importance of this program occurred a few years ago.

During the fall of 2020, Shawn returned to the Indian Valley residence of a 6 year old who was not been seen by her school nor had picked up materials for distance learning. Shawn had previously visited the residence and expressed concern about the health and safety of the three children living there. When Shawn returned he found the six year old student babysitting her 3 and 5 year old brothers. All were in a trailer described by a responding deputy as being in "shambles – the carpet was filthy and covered in food, trash was strewn about the residence." The boys were dressed only in diapers and were restrained with zip ties in car seats and placed in front of a television. The six year old, who had not seen her parents in hours and did not know where they were, was dressed in dirty clothes with her shirt on inside out and backwards, wearing mismatched shoes on the wrong feet and wearing glasses so scratched it was difficult to see out of them. When Shawn first approached the house the six year old had difficulty opening the front door and there was nothing readily available to cut the zip ties and free the boys from their undersized car seats. Upon these observations Shawn contacted and engaged Plumas County deputies and social services workers who all responded and addressed the situation.

Legal Actions Outside of Court

Community Service

Not lost among the many accomplishments of the staff of the district attorney's office is the dedication to serving our community. As an office, we pick up trash, keeping Highway 70 clean through the CalTrans Adopt a Highway; we host the Quincy Community Supper serving a hearty meal of enchiladas, rice, beans and salad for 100+ members of our community; and we also provide educational opportunities allowing local college students to intern in our office to learn about criminal law as well as serving as a mentor for a local high school senior as they prepare a mock trial for their senior project.

Challenges and Solutions for 2024

Of the many challenges faced by the DA's office, the most significant exist close to home. The past eighteen months have been a particularly unstable time for our local government. During this time, the county has lost 1/3 of its appointed department heads (even after raises were provided in May 2022), support from some county departments has been inconsistent, our Sheriff's Office is recovering from lost staff only recently addressed with salary corrections and Board meetings seem to consistently include the CAO announcing a new crisis. To meet these challenges and help improve the service provided by local government, I am suggesting four changes for our Board of Supervisors which can be implemented immediately and will provide the direction forward for our county to provide quality services in a cost-effective manner. These suggestions will also lessen the strain on individual supervisors and transition local government from crisis management to one of stability, consistency, transparency and service.

- Hiring: The hiring of leadership positions (appointed department heads) needs to occur in a fair

and consistent manner to cast as wide a net as possible to bring in the highest quality candidate. Recruitment for these crucial positions should consistently last at least four weeks and be open to any qualified applicant – whether currently a county employee or not. Once a candidate is selected, a thorough background check should occur – above and beyond simply checking for a criminal history. We do not have the luxury, for example, of flying such important positions for one week with the applicant pool limited to county employees.

- Evaluation: Leadership positions (appointed department heads) should undergo an annual "360 degree evaluation" where people they work for, with and supervise are interviewed. With the appointments of some department heads without prior experience, such a process is imperative to help grow the best leaders possible. To provide evaluations based simply on how the department head is perceived by the Board of Supervisors has proven itself to be ineffective.
- Brown Act compliance: The Brown Act mandates transparency in local government and makes sure our citizens are aware of what work their elected officials are doing on their behalf. Meeting the letter and spirit of the Brown Act must become a priority and goal rather than an obstacle. To the Board's credit, the first meeting of 2024 ended the Board's past practice of listing every appointed department head as a closed session evaluation item – a practice seemingly designed to hide which, if any, appointed department head was being evaluated.
- Ethics Training: Assembly Bill 1234 (passed in 2005, effective in 2006) requires all local elected officials to undergo two hours of ethics training within 12 months of taking office and every two years thereafter. This training covers important issues such as conflicts of interest, the Brown Act, Public Records Act requests and government transparency and is designed to create an awareness of ethical laws fostering good, transparent governance. The law provides for a county to designate employees to be required to undergo this training and to maintain records of completion of the training (specifically subject to Public Records Act requests) for five years. Given the variety of ethical challenges for the county, whether they be real or perceived, the training requirement of AB 1234 should be met and the Board should designate, at a minimum, all appointed department heads to undergo the training.

From a budgetary perspective, the DA's office, through this upcoming budget cycle, will seek to solidify the availability of certain support services necessary for us to properly serve the public. During the past thirteen months, the DA's office has experienced situations where requests for support went unanswered as well support services threatening to put the DA's office on "pause." These positions, coupled with other pending criminal cases and personnel actions necessitate the DA's office undertaking a more direct and unilateral approach in assuring we are receiving necessary support.

There is a great deal of promise and hope for all who live, work and play in Plumas County – it continues to be a spectacular place on many levels. On behalf of the district attorney's office, it is an honor to serve Plumas County and we are all grateful for the opportunity to provide the highest level of service, in the most cost-effective manner. Thank you, again for your support and efforts. Should you have any questions or comments please do not hesitate to contact me at the DA's Office.

Rob Robinette, Interim Director

The mission of the Environmental Health Department is to preserve the environment and enhance public health through outreach, education, collaborative planning, and sensible applications of environmental health principles, laws, and statutes.

Environmental Health is a State mandated program that provides services into ten core program areas. The amount of time spent in each program area depends on a variety of risk factors as well as the service needs of the community. These programs provide technical support and regulatory compliance for the following:

- Drinking Water Protection – small and medium sized water systems
- Hazardous Materials Management – hazardous materials and fuel storage tanks
- Food Safety – restaurants, markets, and community events
- Liquid Waste Management – septic systems, and community events
- Solid Waste Management – waste transfer sites, landfills, and fire debris clean-up
- Water Quality Assurance – water wells and springs
- Land Use and Development – special uses and land division
- Rabies and Vector Control – animal bite tracking and field investigations
- Recreational Health – commercial swimming and spa pools
- Housing and Institution Safety – housing and correctional facility sanitation

Environmental Health maintains close working relationships with several County departments that include, and are not limited to, Public Health, Animal Control, Planning, Building, and Public Works.

Plumas County Library provides free access to printed, audio-visual and electronic forms of information, and educates the community as to the uses and value of its resources. Serving as a gateway to knowledge beyond its collection, the library is a reflection of the community, a gathering of its knowledge, culture, and information.

Through its programs, services, and collections, Plumas County Library provides free and equitable access to information and resources. Plumas County Library includes the headquarters in Quincy, three branches in Portola, Greenville, and Chester, and per an agreement with neighboring Sierra County; four outlets in Downieville, Sierra City, Loyalton, and Alleghany.

The library provides access to physical collections of books, audiobooks, DVDs, and other physical objects under the Tool Lending Library such as hotspots, technical devices and services such as public computers, Wi-Fi, printing, copying, and scanning, digital collections of e-books, e-audiobooks, streaming movies, e-newspapers, research, information and other databases, reference aid, and services like HelpNow, which provides free one-to-one tutoring and homework help.

Through the Literacy Program, the library offers free help to learners in GED-preparation, financial literacy, digital literacy, reading and writing comprehension, basic math skills, dyslexia remediation, and more in group and one-to-one settings, as well as programs specifically for adults with intellectual and developmental disabilities, incarcerated individuals or people on Probation, and computer instruction classes. Plumas County Literacy also includes Project Read, a county-wide initiative to promote reading in children and build personal libraries, and baskets of books can be found in various locations throughout Plumas County as well as at county events such as the County Fair, Children's Fair, and other outreach opportunities.

Paul Russell, Director

The mission of the Plumas County Museum is to interpret to a broad public audience, in innovative and meaningful ways, the history of Plumas County from its beginnings, and to relate that history, when appropriate, within the broader context of Plumas County and the encompassing region.

The Museum seeks to collect, preserve, and interpret Plumas County's natural, cultural, and social history and heritage through historical exhibits and educational programs for all people. We seek to maintain our presence in local history education through hands-on experience, contribute to the economic development of Plumas County through museum programs and cultural tourism programs, and work with and offer support and technical assistance to other Plumas County cultural institutions.

Museum facilities include the main building featuring periodically changing exhibits and displays, including one of the finest Mountain Maidu basketry collections in the state and a bookstore featuring local and regional subjects. Our outdoor exhibit yard features mining displays, a working blacksmith shop, a gold miner's cabin, as well as a collection of antique vehicles. Adjacent to the museum is the 1878 Variel Home. This fully restored Victorian home is owned and operated by the Plumas County Museum Association and contains many artifacts from early pioneer Plumas County families.

The museum's collections originated with memorabilia assembled for exhibit in the Memorial Room at the Plumas County Courthouse in 1921 by the Native Daughters of the Golden West and the Native Sons of the Golden West. After construction of the Plumas County Museum in 1968, this original collection has grown into the thousands – with the bulk being donations from community members of Plumas County and now has expanded to include nearly 12,000 three-dimensional artifacts and over 28,000 archival historic documents, maps, photographs, negatives, books, newspapers, and other records. Some of the highlights of our collection include:

- Davis Native Basket Collection
- Falck Native Basket Collection
- Chinese Collection
- James Boynton Railroad Collection
- Antique Firearms Collection
- Longboard Skis Collection
- Philip Hyde Photograph Collection
- County Records Collection
- Watson Map & Surveying Collection
- James Beckwourth Collection
- Historic Plumas County Newspaper Collection

The Plumas County Museum also works with and oversees and manages (with the assistance of the Plumas County Museum Association) several county-owned historical properties such as the:

- Hall-Lawry House, Quincy
- Taylorsville School, Taylorsville
- Beckwourth Cabin Museum, Portola
- Chester-Lake Almanor Museum, Chester

Tracey Ferguson, Director

The mission of the Planning Department and GIS (Geographic Information Systems) Division is to proactively facilitate the orderly development of land use on parcels in the unincorporated areas of Plumas County. The Department is a leader in government processes and procedures and provides quality customer service when administering planning regulations, zoning code standards, and General Plan goals and policies. By adhering to local, state and federal regulations, the Department safeguards the environment and enhances communities and the lives of its citizens – always with a commitment to honesty, respect, accountability, and efficiency.

The Planning Department provides citizens of unincorporated areas of Plumas County the guidance to develop property following land use standards and development regulation requirements of the Plumas County Code, Title 9, Planning and Zoning, and the goals and policies in the Plumas County 2035 General Plan.

The Planning Department staff organizes, directs, coordinates, and administers professional and fiscal functions and responds to inquiries by providing technical assistance support to the public, County staff, community organizations, and other outside local, regional, state, and federal agencies regarding County planning issues, land use entitlements, economic development initiatives, grants, permit applications and procedures, addressing, zoning, ordinances, resolutions, and 2021 wildfire recovery.

The Planning Department staff reviews building permits for planning consistency and zoning compliance and provides planning application project processing including environmental review pursuant to the California Environmental Quality Act (CEQA).

The Planning Department is continuously processing a variety of ministerial (approved by staff) and discretionary (approved by the Zoning Administrator or recommended by the Planning Commission to the Board of Supervisors for approval) planning applications.

Examples of ministerial permits include Lot Line Adjustments, Owner Initiated Mergers, Administrative Use Permits, Campground Permits, Site Development Reviews, and Zoning Clearance Certificates, and Sign Permits. Examples of discretionary permits include Ordinance Amendments, General Plan Amendments, Zone Changes, Special Use Permits, Tentative Maps, Permit to Mine – Reclamation Plans, Planned Development Permits, Site Development Permits, and Variances.

The Planning Department provides staffing support for the Planning Commission, Airport Land Use Commission, Zoning Administrator, Plumas County Coordinating Council, Plumas-Sierra Counties Continuum of Care (CoC) Advisory Board, Sierra Valley Groundwater Management District (SVGMD), Upper Feather River Integrated Regional Water Management Group (RWMG), Rock Creek-Cresta Project (FERC No. 1962) Ecological Resource Committee (ERC), Quincy Design Review Committee, Chester Design Review Committee, and Johnsville Design Review Committee, Housing & Land Use Committee (Quincy), Public Safety Communications Advisory Committee, Nuisance Abatement Committee, and Development Review Committee (DRC), and frequently appears before the Board of Supervisors.

A primary function of the Planning Department, on an annual basis, is to prepare the General Plan Annual Progress Report, with review and acceptance by the Planning Commission and Board of Supervisors, and submittal to the State Department of Housing and Community Development (HCD)

and the Governor's Office of Planning and Research (OPR) by April 1.

The Planning Department staff additionally oversees Williamson Act (California Land Conservation Act) contracts and Surface Mining and Reclamation Act (SMARA) mine permits and performs annual SMARA mining inspections and reports to the State Department of Conservation, Division of Mine Reclamation.

GIS (Geographic Information Systems) Division develops, maintains, and distributes spatial information to aid in the creation of public-facing interactive maps through the Plumas County GIS Map Portal and data analysis to support various County departments and their customers such as the Assessor's Office, Building Services, Engineering Department, Environmental Health Department, Planning Department, Elections, Public Works Department, and the Treasurer/Tax Collector. GIS is a computer system capable of holding and using data as a resource for mapping or performing land-based analysis. The data in GIS is created in what is called GIS 'layers.' Each layer represents a group of common information. Some examples of GIS layers used in Plumas County include planning area boundaries, parcels, roads, railroads, address points, general plan land use designations, planned development designations, primary zoning districts, combining zones, airport influence areas, special district boundaries, supervisorial districts, other political boundaries, voting precinct data, and much more.

Keevin Allred, Director

The Plumas County Probation Department is committed to protecting the community and minimizing the impact of crimes by providing high-quality professional services to the courts, offenders, and victims.

The Probation Department is primarily guided by statutory mandates and court orders. Probation is fundamentally the primary alternative to incarceration. Probation Officers are sworn officers tasked with supervising defendants placed on formal probation with court-ordered conditions.

In the juvenile arena, the Probation Department's functions also include prevention services intended to deter youth from the juvenile justice system. Balancing accountability with the opportunity for clients to receive rehabilitative services and redirect their lives is a focal point, as these opportunities, when taken advantage of, can have a lasting impact on public safety.

The Probation Department collaborates with other local, state, and federal agencies and community-based organizations to accomplish our mission. Our primary services include supervision, court services, pretrial services, Collaborative Offender Reentry Program, as well as youth programs including diversion, informal probation supervision, wardship supervision, parenting classes, and foster care placement.

Nicole Reinert, Director

The mission of the Plumas County Public Health Agency is to promote and protect individual and community health and well-being. We do this through innovative partnerships, public planning and policy, and ensuring access to respectful services.

Plumas County Public Health Agency (PCPHA) is accredited through the Public Health Accreditation Board, highlighting PCPHA's commitment to community health by meeting national quality and performance standards. PCPHA consists of several divisions that support community health and wellbeing.

PCPHA's comprehensive range of nursing services include Communicable Disease Control, Family Planning, Immunization Programs, Home Visiting and Maternal and Child Health Services, Childhood Injury Prevention Program, STI/STD Testing, Outreach Clinics, Tuberculosis Testing, WIC Assessments, and Flu Shot Clinics.

Health Promotion and Chronic Disease Prevention programs focus on keeping people healthy by engaging and empowering individuals and communities to choose healthy behaviors and make changes that reduce the risk of developing chronic diseases and other morbidities. These programs include Youth Development and Substance Use Prevention, Tobacco Use Reduction (including electronic devices), Healthy Eating and Active Living, HIV Care & Treatment, Children's Oral Health, and Harm Reduction services.

Public Health Emergency Preparedness focuses on creating strategies, protocols, and training programs to ensure a prompt and efficient response to events such as natural disasters, disease outbreaks, or other emergencies that may impact public health.

In addition to these services, PCPHA holds previous General Fund Departments, Senior Nutrition and Transportation Services and Veteran's Services, which also support the health and wellbeing of the populations they assist. These services are integrated as distinct divisions within the agency. Unlike the other divisions of PCPHA, these divisions are partially funded by the general fund due to their background as general fund departments, and partially funded through grants and subvention funds.

Plumas County Senior Nutrition offers meal services at multiple sites that encourage fellowship and engagement for seniors, as well as homebound meal delivery.

Senior Transportation Program provides a wide range of rides for various needs, from medical appointments to shopping outings, ensuring accessibility and support for the senior community in Plumas County.

Plumas County Veterans Service Office is dedicated to representing and assisting veterans, widows, children, and parents in accessing a comprehensive range of benefits, including compensation, education, medical treatment, home loans, and employment referrals, with a long-standing commitment to serving as advocates for veterans and ensuring their receipt of entitled benefits since its establishment in 1945.

Todd Johns, Sheriff-Coroner

The members of the Plumas County Sheriff's Office (PCSO) are committed to providing constitutional, ethical, and professional service to the residents of Plumas County. These "Core Values" guide the members of PCSO as they work to fulfill their mission.

The mission of PCSO is to protect and serve the residents of Plumas County by providing vigorous, ethical, efficient law enforcement, and increasing public awareness of personal safety and security measures. In addition, PCSO provides humane custody and care for those incarcerated in the Plumas County Jail.

In order to accomplish the mission, PCSO encourages employee professionalism through improved communications and by providing continuous and productive training. PCSO is committed to providing a secure and comfortable work environment in which employees are encouraged to take pride in their work and strive for excellence. PCSO realizes the importance of individual commitment and recognizes outstanding employee performance.

PCSO serves all the residents of Plumas County by providing a complex mix of public safety and public service functions. PCSO provides around-the-clock law enforcement response to every region of the unincorporated County and the City of Portola. In addition to 24-hour policing, PCSO offers a full range of services which serve all of Plumas County as required by law such as coroner services, civil services, court security, and corrections. PCSO's organizational structure consists of four distinct but interrelated divisions:

The Operations Division oversees the Sheriff's patrol, dispatch, investigative, and coroner functions.

- **Patrol:** PCSO deploys teams of deputy sheriffs throughout the County to investigate criminal activity and engage in preventative patrols. The deputies respond to approximately 3,919 calls for service per year.
- **Dispatch/Warrants:** In 2023, the Sheriff's Dispatch Center received approximately 11,759 calls of which approximately 4,958 were 9-1-1 emergency calls. The Dispatch Center processed approximately 461 warrants, which includes entering all warrant data into in-house, state, and national databases.
- **Coroner:** The coroner function of PCSO involves the investigation of sudden and unexpected deaths in order to determine the circumstance, cause, and manner of those deaths. In 2023, 148 cases were investigated by the Coroner's Office.
- Other teams and units overseen by the Operations Division include the Special Weapons and Tactics Team (SWAT), the Boat Patrol Unit and Animal Control.

Corrections Division – The Corrections Division oversees operation of the 67-bed Plumas County Jail. While continuing to manage the ongoing impacts of COVID-19 and an evolving criminal justice system, the average daily population in the jail was 34 inmates in 2023, a slight decrease from 36 in 2022. Annual bookings decreased from approximately 807 in 2022 to 689 in 2023. Corrections Division staff supervise and care for inmates within the jail by providing for their safety, security, and basic needs.

The Corrections Division includes a number of specialized working groups and units. These include

programs to mitigate the risk of recidivism; the Jail Medical Unit, Classification Officers, the Inmate Transportation and Extradition Officer, the Alternative Custody Supervision (ACS) program, as well as food preparation and laundry services.

The Sheriff's Office continues to work diligently to mitigate on-going challenges brought about by AB 109, Proposition 47 and other statutory changes to the criminal justice system.

Administrative Support Division – The Administrative Support Division provides direct and indirect support services and staff to the other Divisions by assisting with the following:

Civil Unit – Pursuant to state law, the Civil Unit processes, serves and enforces court documents, writs, and orders within Plumas County, including, but not limited to the following: restraining orders, evictions, wage garnishments, levies, subpoenas, and bench warrants. The Civil Unit is responsible for the collection and disbursement of collected funds.

Records Unit – This unit reviews and maintains all of the crime and incident reports generated by the Operations and Corrections Divisions. On average, the unit processes approximately 11,759 cases/ calls each year, resulting in an average of more than 1,000 reports. These reports must be reviewed and routed appropriately for investigation and potential prosecution.

In addition, the Records Unit is responsible for compiling and reporting monthly and annual statistical data as required under the California Incident Based Reporting System (CIBRS), and California Racial Identity Profiling Act (RIPA). The Records Unit is also responsible for processing and maintaining the records on all Sex and Arson Registrants into the California Sex/Arson Registration system (CSAR). Approximately 78 sex offenders and one Arson offender are currently registering with the Plumas County Sheriff's Office annually, one of which is a transient and must register every 30 days in addition to the annual requirement.

All permits and licenses for Sheriff's services are prepared, processed, and maintained through the Records Unit. A few of these permits include approximately 500 residential alarm permits, 75+ ABC Permits, and citizen concealed weapons (CCW) applications.

In 2023, the unit processed approximately 200 CCW applications, and maintained a total of 500 active CCW permits. The Records Unit is also available to the public for live scan fingerprinting services for employment, licenses, and permits. In the year 2023, the Records Unit processed about 650 fingerprinting services to the community at large.

Court Security Division – Provides security to both the Superior Courthouse and Courthouse annex within Plumas County. Court security includes courthouse entrance weapons screening of all persons entering the court buildings, custody of inmates awaiting court hearings, and safety of all persons within the court buildings including judicial officers, court employees, and members of the public. In a year, court security screens approximately 10,000 people and manages approximately 7,000 inmate appearances. Text

Julie White, Treasurer-Tax Collector

The Office of Treasurer is an elected office that serves three functions – Treasury, Tax, and Central Collections. While the activities of each function are unique, the primary purpose of the department is cash management of revenue owed to the County, investment, and safekeeping of all funds in the county treasury. The department is committed to providing excellent customer service and ensuring effective utilization of the public's tax dollars through a program of investment management and fiduciary responsibility.

Treasury - Provides banking and investment services to all County departments as well as special districts. The combined deposits constitute a "pooled" banking and investment portfolio, the purpose of which is to save operating expenses by consolidating banking activities, thereby utilizing excess liquidity to achieve investment returns for all funds on deposit.

Tax Collector – Is responsible for the billing, collection, and accounting of all personal and real property taxes levied in the county. Further, the tax collector collects taxes on mobile homes, business license fees in unincorporated areas, transient occupancy tax, and various other taxes and special assessments.

Centralized Collections – Is responsibilities of the Centralized Collections including but not limited to, the following:

- Court Ordered Fines
- Juvenile Hall Fees
- Library Fines
- Parking
- Probation Fees
- Public Defender Fees
- Restitution and Delinquent Traffic Citations

The County Budget Act requires disclosure of financing sources and uses for each cost center having activity within the County's governmental funds within the two fiscal years preceding the fiscal year of the budget being considered for adoption. The financing listed below had activity within the preceding year, but does not contain recommended appropriations for fiscal year 2024-25 as the debts have been retired.

FISCAL YEAR 2024-2025

Reference Materials

This Guide is provided to explain in everyday terms how Plumas County government plans and accounts for its finances in order to meet its obligation to be stewards of the public's money. Plumas County government provides for the basic safety, health, and welfare of its citizens by providing a variety of services to the public. The County provides such a wide variety of social, health, environmental, public safety, and other services it is a challenge to keep citizens informed and involved in the business of government. Hopefully, this Guide will make it easier to understand how at least some of the County's financial activities work.

WHAT IS THE BUDGET?

The annual budget of Plumas County government is a statement of the financial policy and plan for the coming fiscal year. The budget document presents in detail, the financial plan for the County, including its sources of revenue (resources) and the allocation of these resources to the programs of the County. The Board of Supervisors adopts the budget by passing a Resolution authorizing an appropriation of funds.

WHAT IS AN APPROPRIATION?

An appropriation is a common term for the authorization granted by the Board of Supervisors to make expenditures and incur obligations for specific purposes. An appropriation is time-limited and must be expended before the end of the fiscal year.

WHAT ARE REVENUES?

Revenues consist of income received through taxes, licenses, and permits, grants from other governments, charges for services, fines, and forfeits, and other miscellaneous sources. Revenues are one component of available financial resources which are used to fund appropriations.

WHAT ARE EXPENDITURES?

Expenditures occur when the County buys goods and services and pays its employees. Expenditures can be categorized into three types: operating expenditures, capital expenditures, and debt service expenditures. Operating expenditures are the day-to-day spending on salaries, supplies, utilities, services, and contracts. Capital expenditures are generally for acquisition of major assets such as land and buildings or for the construction of buildings or other improvements. Debt expenditures repay borrowed money and interest on that borrowed money.

WHAT IS A FUND?

For accounting purposes, the County is organized into many separate fiscal entities known as funds. Each fund is a separate division for accounting and budgeting purposes. The fund accounting structure allows the County to budget and account for revenues that are restricted by law or policy to a specific use or purpose in accordance with nationally recognized rules of governmental accounting and budgeting.

The County budget consists of many funds. Each fund may be thought of as a separate checking account to be used for a specific purpose. All funds of the County fall into one of six major categories. The following is a brief description of the six fund categories.

General Fund: The General Fund finances most services that the County provides. This includes law enforcement and other criminal justice, community development and land use planning, elections and voter registration, fire protection, library services and administration. The General Fund is basically a "catch-all" to account for County operations that do not have to be recorded in a different fund.

Special Revenue Funds: Special revenue funds are used to account for revenues that are used for specific purposes. An example is the Road Fund where we record the transportation allocations and taxes received from the State which must be used for roads and bridges.

Capital Projects Funds: The Capital Projects Fund is used to account for the acquisition and/or construction of major capital facilities.

Debt Service Funds: Debt service funds are used by the County to account for the accumulation of resources for, and the repayment of, borrowed money and any interest on these debts.

Enterprise Funds: Enterprise funds are established to account for operations that are financed and operated in a manner similar to private businesses with the intent that the cost of goods or services provided will be recovered primarily through charges for services. Enterprise funds are used to account for all costs such as Solid Waste Planning/Operations, Airports, Plumas County Transit Authority, and Senior Transportation.

Internal Service Funds: Internal service funds are used by the County to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County on a cost reimbursement basis. An example of an internal service fund is the Workers' Compensation Fund.

WHY USE FUNDS?

Reason 1: Fund accounting is required by the State. California State law governs how counties and cities in the State will account for their revenues and expenditures. All cities and counties are audited annually to ensure that they have followed the accounting rules.

Reason 2: Whenever a city or county receives dollars from the State or federal government in the form of a grant, the city or county must account for those dollars in the manner prescribed by the State or United States government, audits are conducted to ensure that these accounting rules are followed.

Reason 3: Whenever a local government approaches the financial market to borrow money, the local government must provide financial statements, prepared in accordance with national accounting standards, which accurately portray the financial condition of the local government. Financial institutions and investors will loan money to the local government only if the local government can demonstrate through its financial statements that it will be able to repay the debt.

Reason 4: The County, like all other local governments nationwide, uses fund accounting because this system of accounting is the standard prescribed by national organizations that are associations of accountants and finance professionals from cities and counties all over the country. The principles used to account for businesses, called Generally Accepted Accounting Principles (GAAP), are established by the Financial Accounting Standards Board (FASB). Similarly, principles used to account for local government finances are established by the Governmental Accounting Standards Board (GASB).

WHAT IS A TRANSFER?

Interfund operating transfers represent subsidies and contributions between funds. An example of operating transfers is the transfer of funds from the General Fund to the Public Health Fund for the County's mandated contribution to public health programs. Another example is the transfer of funds from the General Fund and/or other operating funds to the Capital Projects Fund to account for Capital Projects.

WHAT IS A FUND BALANCE?

Fund balance is the difference between the assets and liabilities of the fund. It is good financial policy to have a reasonable amount of fund balance for emergencies and to carry the fund through slack times in revenue collections. In a given year, if revenues exceed expenditures, the fund balance will increase; if expenditures exceed revenues then the fund balance will decrease.

ACCOUNTING FOR TAX DOLLARS

It is the responsibility of the County Auditor-Controller to account for the receipt and expenditure of all County funds. The County Auditor-Controller annually issues what is referred to as the Annual Audit to show the financial condition of every County fund and details of each fund's revenues and expenditures that fiscal year.

A BALANCED BUDGET

By law, each separate fund must have a balanced budget. This means that revenues, plus fund balance carryovers, must equal the appropriations and increases in reserves. So for each fund, the budget spells out where the dollars are coming from and how they will be spent.

THE OPERATING BUDGET – SERVICES TO THE PUBLIC

The majority of services provided by the County to its citizens are accounted for in operating funds, which include the General Fund, Public Health Fund, Behavioral Health Fund, and Road Fund.

The expenditure budget for all funds is itemized into categories, often called line items but sometimes referred to as objects, sub-objects, accounts, and subaccounts, depending on the level of detail. These line item categories are used to account for expenditures made. However, for budgeting and planning allocations, the object level of detail is used. The various line items are grouped into several object categories. These are:

Salaries and Benefits: This is the amount paid for services rendered by employees in accordance with the rates, hours, terms, and conditions authorized by law or stated in employment agreements. This category includes overtime, vacation and sick pay, health insurance, retirement, social security, and unemployment insurance.

Services and Supplies: This category of expenditures is for goods and services other than those provided by County personnel. This includes articles and commodities purchased for consumption, such as office and operating supplies, as well as professional and other services such as insurance and utilities.

Other Charges: This category is used to account for a variety of costs including support and care of individuals in the County's care, such as mental health institutionalization; debt service payments; and interfund expenditures, such as services provided between departments in different funds.

Capital Assets: Formerly referred to as fixed assets, this category of expenditures is for the acquisition of, rights to, or additions to capital assets, such as land, buildings, improvements, machinery, and equipment.

Transfers Out: This category of expenditures represents contributions to other funds for operating subsidies (i.e. transfers).

Special Items: This category includes significant transactions that are unusual and/or infrequent in occurrence as well as intrafund transfers used to record charges for services provided by one department to other departments within the same fund.

Dear Fiscal Officer:

Price Factor and Population Information

Appropriations Limit
California Revenue and Taxation Code section 2227 requires the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2024, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2024-25. Attachment A provides the change in California's per capita personal income and an example for utilizing the factors to calculate the 2024-25 appropriations limit. Attachment B provides the city and unincorporated county population percentage change. Attachment C provides the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

Population Percent Change for Special Districts
Some special districts must establish an annual appropriations limit. California Revenue and Taxation Code section 2228 provides additional information regarding the appropriations limit. Article XIII B, section 9(C) of the California Constitution exempts certain special districts from the appropriations limit calculation mandate. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

Population Certification
The population certification program applies only to cities and counties. California Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2024**. Please note: The prior year's city population estimates may be revised. The per capita personal income change is based on historical data.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

Attachment A

A. **Price Factor**: Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2024-25 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY)	Percentage change over prior year
2024-25	3.62

B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2024-25 appropriation limit.

2024-25:

Per Capita Cost of Living Change = 3.62 percent
Population Change = 0.17 percent

Per Capita Cost of Living converted to a ratio: $\frac{3.62 + 100}{100} = 1.0362$
