Good Day Board of Supervisors and Allen,

If I am unable to attend and speak in person, I would like the following statement read during the public comment section of the meeting tomorrow, 5/13/25 and to make the Board aware of incorrect statements that I made during the meeting last week.

Good Morning My Fellow Humans,

Last week I spoke to the \$2 million in good faith funds which were given to the Plumas County Office of Education Foundation by PG&E. I incorrectly stated that those funds are gone and unaccounted for. I have learned and confirmed that approximately \$500,000 was divided amongst the County's campuses and that the remainder of the funds went to and continue to be used to facilitate the combined campus of PUSD/Charter School programs on site in Greenville. I am delighted to report this correction as it is, in my opinion, a very good use of those funds.

Thank you for your time and may the rest of the meeting go in accordance with the highest and greatest good of all who live within our beloved County.

All the Best,

Dan Kearns
