i. Accounting Rights. Promptly upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528].

j. **Governmental Access to Records.** BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

k. **Minimum Necessary.** BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use, or disclosure [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)]. BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

l. **Data Ownership.** BA acknowledges that BA has no ownership rights with respect to the Protected Information.

m. **Notification of Breach.** During the term of the Contract, BA shall notify CE within twenty-four (24) hours of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

n. **Breach Pattern or Practice by Covered Entity.** Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Contract or Agreement or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Contract or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Contract or this Agreement or other arrangement within five (5) days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

o. **Audits, Inspection and Enforcement.** Within ten (10) days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Agreement for the purpose of determining whether BA has complied with this Agreement; provided, however, that (i) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (ii) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (iii) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Agreement, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Contract or Agreement, BA shall notify CE within ten (10) days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights

3. Termination

a. **Material Breach.** A breach by BA of any provision of this Agreement, as determined by CE, shall constitute a material breach of the Contract and shall provide grounds for immediate termination of the

Contract, or any provision in the Contract to the contrary notwithstanding [45 C.F.R. Section 164.504(e)(2)(iii)].

b. **Judicial or Administrative Proceedings.** CE may terminate the Agreement, effective immediately, if (i) BA is named as a defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

c. **Effect of Termination.** Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Agreement to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible. [45 C.F.R. Section 164.504(e)(ii)(2)(1)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

4. Disclaimer

CE makes no warranty or representation that compliance by BA with this Agreement, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

5. Certification

To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

6. Amendment

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Agreement embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Contract upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement when requested by CE pursuant to this Section or (ii) BA does not enter into an amendment to the Agreement providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

7. Assistance in Litigation of Administrative Proceedings

BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the

event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is named adverse party.

8. No Third-Party Beneficiaries

Nothing express or implied in the Agreement is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

9. Interpretation

The provisions of this Agreement shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this Agreement. This Agreement and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Agreement shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the Addendum Effective Date.

i. **Accounting Rights.** Promptly upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or Consultants shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or Consultants for at least six (6) years prior to the request. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or Consultants, BA shall within five (5) days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528].

j. **Governmental Access to Records.** BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

k. **Minimum Necessary.** BA (and its agents or Consultants) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use, or disclosure [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)]. BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

l. **Data Ownership.** BA acknowledges that BA has no ownership rights with respect to the Protected Information.

m. **Notification of Breach.** During the term of the Contract, BA shall notify CE within twenty-four (24) hours of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PII of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

n. **Breach Pattern or Practice by Covered Entity.** Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Contract or Agreement or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Contract or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Contract or this Agreement or other arrangement within five (5) days of discovery and shall

meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

o. Audits, Inspection and Enforcement. Within ten (10) days of a written request by CE, BA and its agents or Consultants shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Agreement for the purpose of determining whether BA has complied with this Agreement; provided, however, that (i) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (ii) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (iii) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Agreement, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Contract or Agreement, BA shall notify CE within ten (10) days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights

3. Termination

a. Material Breach. A breach by BA of any provision of this Agreement, as determined by CE, shall constitute a material breach of the Contract and shall provide grounds for immediate termination of the Contract, or any provision in the Contract to the contrary notwithstanding [45 C.F.R. Section 164.504(e)(2)(iii)].

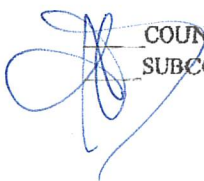

b. Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (i) BA is named as a defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

c. Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or Consultants still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Agreement to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible. [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

4. Disclaimer

CE makes no warranty or representation that compliance by BA with this Agreement, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

5. Certification

PART C2526SCHHSA

To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or Consultants, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or Consultants to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

6. Amendment

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Agreement embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Contract upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement when requested by CE pursuant to this Section or (ii) BA does not enter into an amendment to the Agreement providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

7. Assistance in Litigation of Administrative Proceedings

BA shall make itself, and any Consultants, employees or agents assisting BA in the performance of its obligations under the Agreement, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its Consultant, employee or agent is named adverse party.

8. No Third-Party Beneficiaries

Nothing express or implied in the Agreement is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

9. Interpretation

The provisions of this Agreement shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this Agreement. This Agreement and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Agreement shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

Agreement by Employee/Contractor to Comply with Confidentiality Requirements

Summary of Statutes Pertaining to Confidential Public Health Records and Penalties for Disclosure

All HIV/AIDS case reports and any information collected or maintained in the course of surveillance-related activities that may directly or indirectly identify an individual are considered *confidential public health record(s)* under California Health and Safety Code (HSC), Section 121035(c) and must be handled with the utmost confidentiality. Furthermore, HSC §121025(a) prohibits the disclosure of HIV/AIDS-related public health records that contain any personally identifying information to any third party, unless authorized by law for public health purposes, or by the written consent of the individual identified in the record or his/her guardian/conservator. Except as permitted by law, any person who negligently discloses information contained in a confidential public health record to a third party is subject to a civil penalty of up to \$5,000 plus court costs, as provided in HSC §121025(e)(1). Any person who willfully or maliciously discloses the content of a public health record, except as authorized by law, is subject to a civil penalty of \$5,000-\$25,000 plus court costs as provided by HSC §121025(e)(2). Any willful, malicious, or negligent disclosure of information contained in a public health record in violation of state law that results in economic, bodily, or psychological harm to the person named in the record is a misdemeanor, punishable by imprisonment for a period of up to one year and/or a fine of up to \$25,000 plus court costs (HSC §121025(e)(3)). Any person who is guilty of a confidentiality infringement of the foregoing type may be sued by the injured party and shall be personally liable for all actual damages incurred for economic, bodily, or psychological harm as a result of the breach (HSC §121025(e)(4)). Each disclosure in violation of California law is a separate, actionable offense (HSC §121025(e)(6)).

Because an assurance of case confidentiality is the foremost concern of the California Department of Public Health, Office of AIDS (CDPH/OA), any actual or potential breach of confidentiality shall be immediately reported. In the event of any suspected breach, staff shall immediately notify the director or supervisor of the local health department's HIV/AIDS surveillance unit who in turn shall notify the CDPH/OA Surveillance Section Chief or designee. CDPH/OA, in conjunction with the local health department and the local health officer shall promptly investigate the suspected breach. Any evidence of an actual breach shall be reported to the law enforcement agency that has jurisdiction.

Employee Confidentiality Pledge

I recognize that in carrying out my assigned duties, I may obtain access to private information about persons diagnosed with HIV or AIDS that was provided under an assurance of confidentiality. I understand that I am prohibited from disclosing or otherwise releasing any personally identifying information, either directly or indirectly, about any individual named in any HIV/AIDS confidential public health record. Should I be responsible for any breach of confidentiality, I understand that civil and/or criminal penalties may be brought against me. I acknowledge that my responsibility to ensure the privacy of protected health information contained in any electronic records, paper documents, or verbal communications to which I may gain access shall not expire, even after my employment or affiliation with the Department has terminated.

- (2) Nothing in this provision shall restrict, limit, or otherwise prevent Contractor from using any ideas, concepts, know-how, methodology or techniques related to its performance under this Agreement, provided that Contractor's use does not infringe the patent, copyright, trademark rights, license or other Intellectual Property rights of DHCS or third party, or result in a breach or default of any provisions of this Exhibit or result in a breach of any provisions of law relating to confidentiality.

c. Copyright

- (1) Contractor agrees that for purposes of copyright law, all works [as defined in Paragraph a, subparagraph (2)(a) of this provision] of authorship made by or on behalf of Contractor in connection with Contractor's performance of this Agreement shall be deemed "works made for hire". If such inventions result from research and development work specifically included within the Agreement's scope of work, then Contractor agrees to assign to DHCS, without additional compensation, all its right, title and interest in and to such inventions and to assist DHCS in securing United States and foreign patents with respect thereto.

e. Third-Party Intellectual Property

Except as provided herein, Contractor agrees that its performance of this Agreement shall not be dependent upon or include any Intellectual Property of Contractor or third party without first: (i) obtaining DHCS' prior written approval; and (ii) granting to or obtaining for DHCS, without additional compensation, a license, as described in Section b of this provision, for any of Contractor's or third-party's Intellectual Property in existence prior to the effective date of this Agreement. If such a license upon the these terms is unattainable, and DHCS determines that the Intellectual Property should be included in or is required for Contractor's performance of this Agreement, Contractor shall obtain a license under terms acceptable to DHCS.

f. Warranties

- (1) Contractor represents and warrants that:

- (a) It is free to enter into and fully perform this Agreement.
 - (b) It has secured and will secure all rights and licenses necessary for its performance of this Agreement.

There is currently no actual or threatened claim by any such third party based on an alleged violation of any such right by Contractor.
 - (d) Neither Contractor's performance nor any part of its performance will violate the right of privacy of, or constitute a libel or slander against any person or entity.
 - (e) It has secured and will secure all rights and licenses necessary for Intellectual Property including, but not limited to, consents, waivers or releases from all authors of music or performances used, and talent (radio, television and motion picture talent), owners of any interest in and to real estate, sites, locations, property or props that may be used or shown.
 - (f) It has not granted and shall not grant to any person or entity any right that would or might derogate, encumber, or interfere with any of the rights granted to DHCS in this Agreement.
 - (g) It has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
 - (h) It has no knowledge of any outstanding claims, licenses or other charges, liens, or encumbrances of any kind or nature whatsoever that could affect in any way Contractor's performance of this Agreement.
- (2) DHCS MAKES NO WARRANTY THAT THE INTELLECTUAL PROPERTY RESULTING FROM THIS AGREEMENT DOES NOT INFRINGE UPON ANY PATENT, TRADEMARK, COPYRIGHT OR THE LIKE, NOW EXISTING OR SUBSEQUENTLY ISSUED.

g. Intellectual Property Indemnity

- (1) Contractor shall indemnify, defend and hold harmless DHCS and its licensees and assignees, and its officers, directors, employees, agents, representatives, successors, and users of its products, ("indemnitees") from and against all claims, actions, damages, losses, liabilities (or actions or proceedings with respect to any thereof), whether or not rightful, arising from any and all actions or claims by any third party or expenses related thereto (including, but not limited to, all legal expenses, court costs, and attorney's fees incurred in investigating, preparing, serving as a witness in, or defending against, any such claim, action, or proceeding, commenced or threatened) to which any of the indemnitees may be subject, whether or not Contractor is a party to any pending or threatened litigation, which arise out of or are related to (i) the incorrectness or breach of any of the representations, warranties, covenants or agreements of Contractor pertaining to Intellectual Property; or (ii) any Intellectual Property infringement, or any other type of actual or alleged infringement claim, arising out of DHCS' use, reproduction, manufacture, sale, offer to sell, distribution, import, export, modification, public and private performance/display, license, and disposition of the Intellectual Property made, conceived, derived from, or reduced to practice by Contractor or DHCS and which result directly or indirectly from this Agreement. This indemnity obligation shall apply irrespective of whether the infringement claim is based on a patent, trademark or copyright registration that issued after the effective date of this Agreement. DHCS reserves the right to participate in and/or control, at Contractor's expense, any such infringement action brought against DHCS.

(2) Should any Intellectual Property licensed by the Contractor to DHCS under this Agreement become the subject of an Intellectual Property infringement claim, Contractor will exercise its authority reasonably and in good faith to preserve DHCS' right to use the licensed Intellectual Property in accordance with this Agreement at no expense to DHCS. DHCS shall have the right to monitor and appear through its own counsel (at Contractor's expense) in any such claim or action. In the defense or settlement of the claim, Contractor may obtain the right for DHCS to continue using the licensed Intellectual Property; or, replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes non-infringing provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property. If such remedies are not reasonably available, DHCS shall be entitled to a refund of all monies paid under this Agreement, without restriction or limitation of any other rights and remedies available at law or in equity.

(3) Contractor agrees that damages alone would be inadequate to compensate DHCS for breach of any term of this Intellectual Property Exhibit by Contractor. Contractor acknowledges DHCS would suffer irreparable harm in the event of such breach and agrees DHCS shall be entitled to obtain equitable relief, including without limitation an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

- d. The Contractor shall not disclose, except as otherwise specifically permitted by this Agreement or authorized by the client, any such identifying information to anyone other than DHCS without prior written authorization from the DHCS Program Contract Manager, except if disclosure is required by State or Federal law.
- e. For purposes of this provision, identity shall include, but not be limited to name, identifying number, symbol, or other identifying particular assigned to the individual, such as finger or voice print or a photograph.
- f. As deemed applicable by DHCS, this provision may be supplemented by additional terms and conditions covering personal health information (PHI) or personal, sensitive, and/or confidential information (PSCI). Said terms and conditions will be outlined in one or more exhibits that will either be attached to this Agreement or incorporated into this Agreement by reference.

Any document, publication or written report (excluding progress reports, financial reports and normal contractual communications) prepared as a requirement of this Agreement shall contain, in a separate section preceding the main body of the document, the number and dollar amounts of all contracts or agreements and subcontracts relating to the preparation of such document or report, if the total cost for work by nonemployees of the State exceeds \$5,000.

16. Dispute Resolution Process

- a. A Contractor grievance exists whenever there is a dispute arising from DHCS' action in the administration of an agreement. If there is a dispute or grievance between the Contractor and DHCS, the Contractor must seek resolution using the procedure outlined below.
 - (1) The Contractor should first informally discuss the problem with the DHCS Program Contract Manager. If the problem cannot be resolved informally, the Contractor shall direct its grievance together with any evidence, in writing, to the program Branch Chief. The grievance shall state the issues in dispute, the legal authority or other basis for the Contractor's position and the remedy sought. The Branch Chief shall render a decision within ten (10) working days after receipt of the written grievance from the Contractor. The Branch Chief shall respond in writing to the Contractor indicating the decision and reasons therefore. If the Contractor disagrees with the Branch Chief's decision, the Contractor may appeal to the second level.
 - (2) When appealing to the second level, the Contractor must prepare an appeal indicating the reasons for disagreement with Branch Chief's decision. The Contractor shall include with the appeal a copy of the Contractor's original statement of dispute along with any supporting evidence and a copy of the Branch Chief's decision. The appeal shall be addressed to the Deputy Director of the division in which the branch is organized within ten (10) working days from receipt of the Branch Chief's decision. The Deputy Director of the division in which the branch is organized or his/her designee shall meet with the Contractor to review the issues

raised. A written decision signed by the Deputy Director of the division in which the branch is organized or his/her designee shall be directed to the Contractor within twenty (20) working days of receipt of the Contractor's second level appeal.

- b. If the Contractor wishes to appeal the decision of the Deputy Director of the division in which the branch is organized or his/her designee, the Contractor shall follow the procedures set forth in Health and Safety Code Section 100171.
- c. Unless otherwise stipulated in writing by DHCS, all dispute, grievance and/or appeal correspondence shall be directed to the DHCS Program Contract Manager.
- d. There are organizational differences within DHCS' funding programs and the management levels identified in this dispute resolution provision may not apply in every contractual situation. When a grievance is received and organizational differences exist, the Contractor shall be notified in writing by the DHCS Program Contract Manager of the level, name, and/or title of the appropriate management official that is responsible for issuing a decision at a given level.

17. Financial and Compliance Audit Requirements

- a. The definitions used in this provision are contained in Section 38040 of the Health and Safety Code, which by this reference is made a part hereof.
- b. Direct service contract means a contract or agreement for services contained in local assistance or subvention programs or both (see Health and Safety [H&S] Code Section 38020). Direct service contracts shall not include contracts, agreements, grants, or subventions to other governmental agencies or units of government nor contracts or agreements with regional centers or area agencies on aging (H&S Code Section 38030).
- c. The Contractor, as indicated below, agrees to obtain one of the following audits:

(1) If the Contractor is a nonprofit organization (as defined in H&S Code Section 38040) and receives \$25,000 or more from any State agency under a direct service contract or agreement; the Contractor agrees to obtain an annual single, organization wide, financial and compliance audit. Said audit shall be conducted according to Generally Accepted Auditing Standards. This audit does not fulfill the audit requirements of Paragraph c(3) below. The audit shall be completed by the 15th day of the fifth month following the end of the Contractor's fiscal year, and/or

(2) If the Contractor is a nonprofit organization (as defined in H&S Code Section 38040) and receives less than \$25,000 per year from any State agency under a direct service contract or agreement; the Contractor agrees to obtain a biennial single, organization wide financial and compliance audit, unless there is evidence of fraud or other violation of state law in connection with this Agreement. This audit does not fulfill the audit requirements of Paragraph c(3) below. The audit shall be completed by the 15th day of the fifth month following the end of the Contractor's fiscal year, and/or

(3) If the Contractor is a State or Local Government entity or Nonprofit organization (as defined by 2 C.F.R. §§ 200.84, 200.70, and 200.90) and expends \$750,000 or more in Federal awards; the Contractor agrees to obtain an annual single, organization wide, financial and compliance audit according to the requirements specified in 2 C.F.R. 200.501 entitled "Audit Requirements". An audit conducted pursuant to this provision will fulfill the audit requirements outlined in Paragraphs c(1) and c(2) above. The audit shall be completed by the end of the ninth month following the end of the audit period. The requirements of this provision apply if:

- (a) The Contractor is a recipient expending Federal awards received directly from Federal awarding agencies, or
- (b) The Contractor is a subrecipient expending Federal awards received from a pass-through entity such as the State, County or community based organization.

- (4) If the Contractor submits to DHCS a report of an audit other than a 2 C.F.R. 200.501 audit, the Contractor must also submit a certification indicating the Contractor has not expended \$750,000 or more in federal funds for the year covered by the audit report.
- d. Two copies of the audit report shall be delivered to the DHCS program funding this Agreement. The audit report must identify the Contractor's legal name and the number assigned to this Agreement. The audit report shall be due within 30 days after the completion of the audit. Upon receipt of said audit report, the DHCS Program Contract Manager shall forward the audit report to DHCS' Audits and Investigations Unit if the audit report was submitted under Section 16.c(3), unless the audit report is from a City, County, or Special District within the State of California whereby the report will be retained by the funding program.
 - e. The cost of the audits described herein may be included in the funding for this Agreement up to the proportionate amount this Agreement represents of the Contractor's total revenue. The DHCS program funding this Agreement must provide advance written approval of the specific amount allowed for said audit expenses.
 - f. The State or its authorized designee, including the Bureau of State Audits, is responsible for conducting agreement performance audits which are not financial and compliance audits. Performance audits are defined by Generally Accepted Government Auditing Standards.
 - g. Nothing in this Agreement limits the State's responsibility or authority to enforce State law or regulations, procedures, or reporting requirements arising thereto.
 - h. Nothing in this provision limits the authority of the State to make audits of this Agreement, provided however, that if independent audits arranged for by the Contractor meet Generally Accepted Governmental Auditing Standards, the State shall rely on those audits and any additional audit work and shall build upon the work already done.
 - i. The State may, at its option, direct its own auditors to perform either of the audits described above. The Contractor will be given advance written notification, if the State chooses to exercise its option to perform said audits.
 - j. The Contractor shall include a clause in any agreement the Contractor enters into with the audit firm doing the single organization wide audit to provide access by the State or Federal Government to the working papers of the independent auditor who prepares the single organization wide audit for the Contractor.
 - k. Federal or state auditors shall have "expanded scope auditing" authority to conduct specific program audits during the same period in which a single organization wide audit is being performed, but the audit report has not been issued. The federal or state auditors shall review and have access to the current audit work being conducted and will not apply any testing or review procedures which have not been satisfied by previous audit work that has been completed.

The term "expanded scope auditing" is applied and defined in the U.S. General Accounting Office (GAO) issued Standards for *Audit of Government Organizations, Programs, Activities and Functions*, better known as the "yellow book".

Section 263a (CLIA) and the regulations thereunder.

19. Novation Requirements

If the Contractor proposes any novation agreement, DHCS shall act upon the proposal within 60 days after receipt of the written proposal. DHCS may review and consider the proposal, consult and negotiate with the Contractor, and accept or reject all or part of the proposal. Acceptance or rejection of the proposal may be made orally within the 60-day period and confirmed in writing within five days of said decision. Upon written acceptance of the proposal, DHCS will initiate an amendment to this Agreement to formally implement the approved proposal.

 - (6) Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under federal regulations (i.e., 48 CFR part 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.
 - (7) Will include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- c. If the Contractor is unable to certify to any of the statements in this certification, the Contractor shall submit an explanation to the DHCS Program Contract Manager.
- d. The terms and definitions herein have the meanings set out in 2 CFR Part 180 as supplemented by 2 CFR Part 376.
- e. If the Contractor knowingly violates this certification, in addition to other remedies available to the Federal Government, the DHCS may terminate this Agreement for cause or default.

The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed.
- b. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party.
- c. By signing this Agreement, Contractor or Grantee certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994.
- d. Contractor or Grantee further agrees that it will insert this certification into any subawards (subcontracts or subgrants) entered into that provide for children's services as described in the Act.

22. Covenant Against Contingent Fees

(Applicable only to federally funded agreements.)

The Contractor warrants that no person or selling agency has been employed or retained to solicit/secure this Agreement upon an agreement of understanding for a commission, percentage, brokerage, or contingent fee, except *bona fide* employees or *bona fide* established commercial or selling agencies retained by the Contractor for the purpose of securing business. For breach or violation of this warranty, DHCS shall have the right to annul this Agreement without liability or in its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, and brokerage or contingent fee.

23. Payment Withholds

(Applicable only if a final report is required by this Agreement. Not applicable to government entities.)

24. Performance Evaluation

(Not applicable to grant agreements.)

DHCS may, at its discretion, evaluate the performance of the Contractor at the conclusion of this Agreement. If performance is evaluated, the evaluation shall not be a public record and shall remain on file with DHCS. Negative performance evaluations may be considered by DHCS prior to making future contract awards.

25. Officials Not to Benefit

No members of or delegate of Congress or the State Legislature shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom. This provision shall not be construed to extend to this Agreement if made with a corporation for its general benefits.

26. Four-Digit Date Compliance

Contractor warrants that it will provide only Four-Digit Date Compliant (as defined below) Deliverables and/or services to the State. "Four Digit Date compliant" Deliverables and services can accurately process, calculate, compare, and sequence date data, including without limitation date data arising out of or relating to leap years and changes in centuries. This warranty and representation is subject to the warranty terms and conditions of this Contract and does not limit the generality of warranty obligations set forth elsewhere herein.

27. Prohibited Use of State Funds for Software

(Applicable to agreements in which computer software is used in performance of the work.)

Contractor certifies that it has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

28. Use of Small, Minority Owned and Women's Businesses

(Applicable to that portion of an agreement that is federally funded and entered into with institutions of higher education, hospitals, nonprofit organizations or commercial businesses.)

Positive efforts shall be made to use small businesses, minority-owned firms and women's business enterprises, whenever possible (i.e., procurement of goods and/or services). Contractors shall take all of the following steps to further this goal.

- (1) Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.
- (2) Make information on forthcoming purchasing and contracting opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.
- (3) Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.
- (4) Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.
- (5) Use the services and assistance, as appropriate, of such organizations as the Federal Small Business Administration and the U.S. Department of Commerce's Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women's business enterprises.

29. Alien Ineligibility Certification

(Applicable to sole proprietors entering federally funded agreements.)

Grantee, by signing this Agreement, hereby acknowledges the applicability of Government Code Sections 16645 through 16649 to this Agreement. Furthermore, Grantee, by signing this Agreement, hereby certifies that:

- a. No state funds disbursed by this grant will be used to assist, promote or deter union organizing.
- b. Grantee shall account for state funds disbursed for a specific expenditure by this grant, to show those funds were allocated to that expenditure.
- c. Grantee shall, where state funds are not designated as described in b herein, allocate, on a pro-rata basis, all disbursements that support the grant program.
- d. If Grantee makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no state funds were used for those expenditures, and that Grantee shall provide those records to the Attorney General upon request.

31. Contract Uniformity (Fringe Benefit Allowability)

(Applicable only to nonprofit organizations.)

Pursuant to the provisions of Article 7 (commencing with Section 100525) of Chapter 3 of Part 1 of Division 101 of the Health and Safety Code, DHCS sets forth the following policies, procedures, and guidelines regarding the reimbursement of fringe benefits.

- a. As used herein fringe benefits shall mean an employment benefit given by one's employer to an employee in addition to one's regular or normal wages or salary.
- b. As used herein, fringe benefits do not include:
 - (1) Compensation for personal services paid currently or accrued by the Contractor for services of employees rendered during the term of this Agreement, which is identified as regular or normal salaries and wages, annual leave, vacation, sick leave, holidays, jury duty and/or military leave/training.
 - (2) Director's and executive committee member's fees.
 - (3) Incentive awards and/or bonus incentive pay.
 - (4) Allowances for off-site pay.
 - (5) Location allowances.
 - (6) Hardship pay.
 - (7) Cost-of-living differentials
- c. Specific allowable fringe benefits include:
 - (1) Fringe benefits in the form of employer contributions for the employer's portion of payroll taxes (i.e., FICA, SUI, SDI), employee health plans (i.e., health, dental and vision), unemployment insurance, worker's compensation insurance, and the employer's share of pension/retirement plans, provided they are granted in accordance with established written organization policies and meet all legal and Internal Revenue Service requirements.
- d. To be an allowable fringe benefit, the cost must meet the following criteria:
 - (1) Be necessary and reasonable for the performance of the Agreement.
 - (2) Be determined in accordance with generally accepted accounting principles.
 - (3) Be consistent with policies that apply uniformly to all activities of the Contractor.
- e. Contractor agrees that all fringe benefits shall be at actual cost.

f. Earned/Accrued Compensation

- (1) Compensation for vacation, sick leave and holidays is limited to that amount earned/accrued within the agreement term. Unused vacation, sick leave and holidays earned from periods prior to the agreement term cannot be claimed as allowable costs. See Provision f (3)(a) for an example.
- (2) For multiple year agreements, vacation and sick leave compensation, which is earned/accrued but not paid, due to employee(s) not taking time off may be carried over and claimed within the overall term of the multiple years of the Agreement. Holidays cannot be carried over from one agreement year to the next. See Provision f (3)(b) for an example.
- (3) For single year agreements, vacation, sick leave and holiday compensation that is earned/accrued but not paid, due to employee(s) not taking time off within the term of the Agreement, cannot be claimed as an allowable cost. See Provision f (3)(c) for an example.

(a) Example No. 1:

If an employee, John Doe, earns/accrues three weeks of vacation and twelve days of sick leave each year, then that is the maximum amount that may be claimed during a one year agreement. If John Doe has five weeks of vacation and eighteen days of sick leave at the beginning of an agreement, the Contractor during a one-year budget period may only claim up to three weeks of vacation and twelve days of sick leave as actually used by the employee. Amounts earned/accrued in periods prior to the beginning of the Agreement are not an allowable cost.

(b) Example No. 2:

If during a three-year (multiple year) agreement, John Doe does not use his three weeks of vacation in year one, or his three weeks in year two, but he does actually use nine weeks in year three; the Contractor would be allowed to claim all nine weeks paid for in year three. The total compensation over the three-year period cannot exceed 156 weeks (3 x 52 weeks).

(c) Example No. 3:

If during a single year agreement, John Doe works fifty weeks and used one week of vacation and one week of sick leave and all fifty-two weeks have been billed to DHCS, the remaining unused two weeks of vacation and seven days of sick leave may not be claimed as an allowable cost.

32. Suspension or Stop Work Notification

- a. DHCS may, at any time, issue a notice to suspend performance or stop work under this Agreement. The initial notification may be a verbal or written directive issued by the funding Program's Contract Manager. Upon receipt of said notice, the Contractor is to suspend and/or stop all, or any part, of the work called for by this Agreement.
- b. Written confirmation of the suspension or stop work notification with directions as to what work (if not all) is to be suspended and how to proceed will be provided within 30 working days of the verbal notification. The suspension or stop work notification shall remain in effect until further written notice is received from DHCS. The resumption of work (in whole or part) will be at DHCS' discretion and upon receipt of written confirmation.
 - (1) Upon receipt of a suspension or stop work notification, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize or halt the incurrence of costs allocable to the performance covered by the notification during the period of work suspension or stoppage.

(2) Within 90 days of the issuance of a suspension or stop work notification, DHCS shall either:

(a) Cancel, extend, or modify the suspension or stop work notification; or

(b) Terminate the Agreement as provided for in the Cancellation / Termination clause of the Agreement.

- c. If a suspension or stop work notification issued under this clause is canceled or the period of suspension or any extension thereof is modified or expires, the Contractor may resume work only upon written concurrence of funding Program's Contract Manager.
- d. If the suspension or stop work notification is cancelled and the Agreement resumes, changes to the services, deliverables, performance dates, and/or contract terms resulting from the suspension or stop work notification shall require an amendment to the Agreement.
- e. If a suspension or stop work notification is not canceled and the Agreement is cancelled or terminated pursuant to the provision entitled Cancellation / Termination, DHCS shall allow reasonable costs resulting from the suspension or stop work notification in arriving at the settlement costs.
- f. DHCS shall not be liable to the Contractor for loss of profits because of any suspension or stop work notification issued under this clause.

33. Public Communications

Attachment 1
Contractor Data Security Standards

1. General Security Controls

- A. **Confidentiality Statement.** All persons that will be working with CDPH PCI must sign a confidentiality statement. The statement must include at a minimum, General Use, Security and Privacy safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by the workforce member prior to access to CDPH PCI. The statement must be renewed annually. The Contractor shall retain each person's written confidentiality statement for CDPH inspection for a period of three (3) years following contract termination.
- B. **Background check.** Before a member of the Contractor's workforce may access CDPH PCI, Contractor must conduct a thorough background check of that worker and evaluate the results to assure that there is no indication that the worker may present a risk for theft of confidential data. The Contractor shall retain each workforce member's background check documentation for a period of three (3) years following contract termination.
- C. **Workstation/Laptop encryption.** All workstations and laptops that process and/or store CDPH PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. The encryption solution must be full disk unless approved by the CDPH Information Security Office.
- D. **Server Security.** Servers containing unencrypted CDPH PCI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- E. **Minimum Necessary.** Only the minimum necessary amount of CDPH PCI required to perform necessary business functions may be copied, downloaded, or exported.
- F. **Removable media devices.** All electronic files that contain CDPH PCI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, smart devices tapes etc.). PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher.
- G. **Antivirus software.** All workstations, laptops and other systems that process and/or store CDPH PCI must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.
- H. **Patch Management.** All workstations, laptops and other systems that process and/or store CDPH PCI must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release.
- I. **User IDs and Password Controls.** All users must be issued a unique user name for accessing CDPH PCI. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password.

Exhibit G
Information Privacy and Security Requirements
(For Non-HIPAA/HITECH Act Contracts)

Passwords are not to be shared. Must be at least eight characters. Must be a non-dictionary word. Must not be stored in readable format on the computer. Must be changed every 60 days. Must be changed if revealed or compromised. Must be composed of characters from at least three of the following four groups from the standard keyboard:

- Upper case letters (A-Z)
- Lower case letters (a-z)
- Arabic numerals (0-9)
- Non-alphanumeric characters (punctuation symbols)

- J. **Data Sanitization.** All CDPH PCI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the CDPH PCI is no longer needed.

2. System Security Controls

- A. **System Timeout.** The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.
- B. **Warning Banners.** All systems containing CDPH PCI must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.
- C. **System Logging.** The system must maintain an automated audit trail which can identify the user or system process which initiates a request for CDPH PCI, or which alters CDPH PCI. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. This logging must be included for all user privilege levels including, but not limited to, systems administrators. If CDPH PCI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.
- D. **Access Controls.** The system must use role based access controls for all user authentications, enforcing the principle of least privilege.

PLUMAS COUNTY SOLID WASTE MEMORANDUM

TO: Honorable Chair and Board of Supervisors

FROM: Rob Thorman, Director of Public Works

MEETING DATE: July 1, 2025

SUBJECT: Approve and authorize the Chair to sign the East Quincy Transfer Station Property Damage Release Document totaling \$55,297.57 (No General Fund Impact); approved as to form by County Counsel..

Recommendation:

Plumas County Public Works staff respectfully recommends that the Board of Supervisors authorize the Chair of the Board to execute the attached property damage release totaling \$55,297.57.

Background and Discussion:

On July 16, 2024, Public Works staff were notified by Waste Management staff of damage sustained to support columns at the East Quincy Transfer Station. Repair drawings and a formal request for bids were prepared by Public Works staff and a contractor was authorized to carry out repairs totaling \$48,000. Public Works additionally spent \$8,868.23 on permitting fees and labor during the administration of these repairs, giving a total of \$56,868.23 for the overall project. The repair work was completed in March of 2025.

Estimates were submitted to the insurance company and Gallagher and Basset countered with \$53,497.57, however; Trindel was able to negotiate this figure up to \$55,297.57. The reason for not paying the full total is due to previous damage to the columns. The property damage release was approved as to form by County Counsel.

Approve and authorize the Chair to sign the East Quincy Transfer Station Property Damage Release Document totaling \$55,297.57 (No General Fund Impact); approved as to form by County Counsel; discussion and possible action.

About Sales Tax

Items sold by Development Group, Inc. ("DGI") and shipped to destinations in California are subject to sales tax.

If an item is subject to sales tax in the state to which the order is shipped, tax is generally calculated on the total selling price of each individual item. In accordance with state tax laws, the total selling price of an order will generally include shipping and handling charges and item-level discounts. The amount of tax charged on your order will depend upon many factors including, but not limited to, the type of item(s) purchased, and the source and destination of the shipment. Factors can change between the time you place an order and the time and invoice is sent, which could affect the calculation of sales taxes. The amount appearing on your proposal as 'Estimated Sales Tax' may differ from the sales taxes ultimately charged.

About Product Returns

Consistent with the terms and conditions of the California Multiple Award Schedules (CMAS) General Provisions for Information Technology, you are required to provide written notice of rejection of products delivered or services performed within a reasonable time after receipt of such products or the performance of such services. Such notice of rejection is required to state the respect in which the products do not substantially conform to your specifications. If you do not provide such notice of rejection within FIFTEEN (15) days of delivery for purchases of Commercial Hardware or Commercial Software or THIRTY (30) days of delivery for all other purchases, such products and services will be deemed to have been accepted. Your acceptance will be final and irreversible, except as it relates to latent defects, fraud, or gross mistakes amounting to fraud.

MASTER AGREEMENT FOR PURCHASE OF SERVICES AND/OR PRODUCTS

THIS MASTER AGREEMENT FOR PURCHASE OF SERVICES AND/OR PRODUCTS (this "**Agreement**"), as of the date of last signature (the "**Effective Date**"), is entered into by _____, a _____ ("**Customer**"), and DEVELOPMENT GROUP, INC., a California corporation ("**DGI**"). Customer and DGI may sometimes hereinafter be collectively referred to as the "**Parties**" or, individually, as a "**Party**."

RECITALS

- A. DGI is in the business of designing, installing and integrating data and communications systems, and selling and implementing certain products and technology.
- B. This Agreement states the general terms and conditions by which DGI, from time to time from and after the Effective Date, will deliver to Customer, and Customer will receive and purchase from DGI, certain Services (as hereinafter defined) and/or Products (as hereinafter defined).
- C. The Parties intend this Agreement to cover and apply to any and all Services and Products from time to time provided and/or sold to Customer by DGI.

AGREEMENT

FOR VALUABLE CONSIDERATION, the receipt and sufficiency of which are acknowledged, the Parties, each intending to be legally bound, hereby agree as follows:

1. Recitals; Definitions; Affiliates.

- 1.1. **Incorporation of Recitals.** The Recitals hereto are material to this Agreement, are true, correct and complete, and are incorporated herein by this reference as if fully set forth.
- 1.2. **Definitions.** For all purposes of this Agreement and in addition to other capitalized terms defined elsewhere in this Agreement, the following capitalized terms shall have the respective meanings set forth hereinafter:
 - 1.2.1. "**Affiliate**" shall mean, with respect to a Party, any entity that directly or indirectly, controls, is controlled by, or is under common control with such Party, where "control" (and variants thereof) shall mean the ability (whether directly or indirectly) to direct the affairs of another by means of ownership, contract or otherwise.
 - 1.2.2. "**Applicable Law**" shall mean any international, federal, state and/or local statute, regulation and/or ordinance applicable to this Agreement and/or the performance thereof.
 - 1.2.3. "**Associated Contract**" shall mean any Proposal, Statement of Work, Customer Service Order or Block Time Account accepted according to the provisions of **Section 2.2**.
 - 1.2.4. "**Customer Technology**" shall mean Customer's proprietary technology, including, without limitation, Customer's Network design, content, software tools, hardware designs, algorithms, software (in source and object forms), user interface designs, architecture, class libraries, objects and documentation (both printed and electronic), know-how, trade secrets and any related intellectual property rights (whether owned by Customer or licensed to Customer by a third party) and also including, without limitation, any derivatives, improvements, enhancements and/or extensions of

Customer Technology conceived, reduced to practice and/or developed by Customer and/or any of Customer's licensors during the term of this Agreement.

1.2.5. **"Data"** shall mean all data and other information uploaded by Customer to a Product.

1.2.6. **"DGI Technology"** shall mean DGI's proprietary technology, including, without limitation, DGI's Services, software tools, hardware designs, algorithms, software (in source and object forms), user interface designs, architecture, class libraries, objects and documentation (both printed and electronic), know-how, trade secrets and any related intellectual property rights (whether owned by DGI or licensed to DGI by a third party) and also including, without limitation, any derivatives, improvements, enhancements and/or extensions of DGI Technology conceived, reduced to practice and/or developed by DGI and/or any of DGI's licensors during the term of this Agreement.

1.2.7. **"Products"** shall mean the equipment, materials and/or other items sold and delivered to Customer by DGI under this Agreement or a Proposal.

1.2.8. **"Proposal"** shall mean any written document submitted to Customer by DGI offering to perform Services for or provide Products to Customer, which (i) refers to this Agreement, (ii) is subject to acceptance by Customer pursuant to **Section 2.2**, and (iii) specifies the fees, Services and Products for a particular project or phase thereof. A Proposal may, but need not be, in response to a formal "request for proposal" from Customer.

1.2.9. **"Service Commencement Date"** shall mean the date DGI will begin providing the Services to Customer as set forth in a Proposal.

1.2.10. **"Services"** shall mean the work, implementation, integration, consulting, training and/or other services described in a Proposal and provided to Customer by DGI employees and/or subcontractors.

1.3. **Orders by Affiliates; Joint and Several Liabilities.** The Parties acknowledge that this Agreement enables Customer, on behalf of itself or one or more of its Affiliates, and/or any of its Affiliates on such Affiliate's own behalf, to request Proposals and to execute and deliver directly any Associated Contract, subject to the terms of this Agreement. Customer shall designate to DGI in writing any and all Affiliates which are entitle to request Proposals and to execute and deliver Associated Contracts hereunder. Each Associated Contract executed and delivered by an Affiliate of Customer hereunder shall constitute an independent contract between such Affiliate and DGI; provided that Affiliate and Customer shall be jointly and severally liable for payment of fees, charges and other sums and performance under this Agreement and the applicable Associated Contract. Customer acknowledges that execution and delivery of an Associated Contract hereunder shall represent such Affiliate's independent acceptance of, and agreement to be bound by, the terms and conditions of this Agreement. Whenever any Affiliate executes and delivers an Associated Contract hereunder, all references to the term "Customer" as used herein and/or in such Associated Contract shall mean Customer and such Affiliate, jointly and severally.

2. Services and Products.

2.1. **Identification of Services and/or Products.** The Products to be furnished from time to time by DGI to Customer (or its Affiliate) and the Services to be provided from time to time by DGI to Customer (or its Affiliate) shall be set forth and described in one or more Proposals which, when accepted pursuant to **Section 2.2**, shall become Associated Contracts which shall be attached hereto from time to time and incorporated herein by this reference. Each Associated Contract shall become binding and enforceable as a separate contract between Customer and DGI, and shall incorporate therein and be subject to the terms, provisions and conditions of this Agreement. Customer acknowledges and recognizes that DGI is not the manufacturer of any Products purchased by Customer from DGI. In purchasing any Products, Customer shall rely exclusively on the representations and warranties made by the manufacturer or supplier and on

the specifications and other information furnished by the manufacturer or supplier only and not on any representation, warranty, statement, specification or other information furnished by DGI.

- 2.2. **Creation of Associated Contract.** The Parties acknowledge that, before a Proposal becomes an Associated Contract binding upon either Party, it must be validly accepted by Customer and must include a Customer Stocking Letter when professional services are performed at a DGI facility. Customer may create an Associated Contract only by accepting a Proposal by (i) signing and delivering to DGI a counterpart of the Proposal, subject to the terms and conditions of a separate "Designation of Authorized Purchasing Agent" agreement, (ii) signing and delivering to DGI any other written document that states that Customer or its Affiliate accepts the Proposal, and/or (iii) by transmitting its acceptance by electronic transmission, including, without limitation, email from an authorized representative of Customer. In order to be effective, each form of acceptance referenced in the immediately preceding sentence must be given and made without any accompanying conditions, qualifications, interlineations, addenda, supplements, amendments and/or other changes to the pertinent Proposal and/or this Agreement. Any form of acceptance that is given and made with conditions, qualifications, interlineations, addenda, amendments and/or other changes to the Proposal shall be deemed a counteroffer and shall not be binding or enforceable as an Associated Contract unless consented to in writing by DGI. Customer acknowledges that an Associated Contract shall not be created by delivering a pre-printed form of purchase order to DGI if such purchase order contains standard, pre-printed or other additional terms, provisions and/or conditions that conflict with the Proposal and/or this Agreement. Any such additional terms, provisions and/or conditions shall be null and void as between the Parties.
- 2.3. **Effect of Acceptance.** Customer's acceptance of a Proposal pursuant to **Section 2.2** shall constitute Customer's acceptance and confirmation of the binding nature of this Agreement and the terms, provisions and conditions of the resulting Associated Contract.
- 2.4. **Conflicts.** If the terms, provisions and conditions of any Associated Contract expressly conflicts with any term, provision or condition of this Agreement, the terms, provisions and conditions contained in the Associated Contract shall prevail and be controlling.
3. **Performance by DGI.**
 - 3.1. **Reasonable Commercial Efforts.** Subject to Customer's compliance with the terms, provisions and conditions of this Agreement and Customer's performance of its obligations under the Associated Contract, DGI shall use reasonable commercial efforts to provide the Services to Customer and/or deliver the Products to Customer, according to the terms, provisions and conditions of this Agreement and the Associated Contract.
 - 3.2. **Changes to Scope.** Changes to the scope, cost and/or schedule of the Services and/or Products contained in an Associated Contract, including, without limitation, changes made to the previously-approved design or layout of the project, changes which in DGI's sole discretion make the project a "rush" project, extensive alterations, a change in the objectives of Customer and new work or Products requested by Customer (collectively, "**Changes**"), are not effective or binding unless agreed upon by DGI and Customer in a written instrument specifying the scope, schedule and price of such Changes, which instrument shall be deemed to amend the Associated Contract. DGI shall not be bound to any Changes requested by Customer prior to the mutual execution of such written instrument. DGI may stop all work relating to the Services, at the expense of Customer, until the scope, schedule and price of such Changes are agreed upon in writing by both parties. Customer acknowledges that DGI cannot change its allocation of personnel with less than thirty (30) days written notice.
4. **Term, Termination, Suspension and Extension.**

- 4.1. **Term.** The term of this Agreement shall be effective as of the Effective Date and shall continue in effect until terminated as provided herein. Each Associated Contract shall be effective as of the date Customer accepts or is deemed to have accepted the pertinent Proposal and shall continue in effect until the earlier of (i) the date that all Services and/or Products to be provided by DGI under the Associated Contract have been provided, or (ii) the date either the Associated Contract or this Agreement is terminated as provided herein.
- 4.2. **Immediate Termination by Reason of Certain Events.** Either Party may, by delivering written notice to the other Party (a "**Termination Notice**"), immediately terminate this Agreement and all outstanding Associated Contracts for cause if the other Party (i) is adjudicated insolvent, (ii) terminates or ceases its business operations, (iii) makes an assignment for the benefit of its creditors, or (iv) is adjudicated bankrupt or becomes the subject of dissolution, liquidation and/or bankruptcy proceedings, whether voluntarily or involuntarily. DGI may immediately terminate this Agreement by delivering a Termination Notice to Customer if there is a merger, purchase, transfer or other acquisition of substantially all of Customer's assets or a controlling interest in Customer.
- 4.3. **Termination for Breach.** Either Party may, by delivering a Termination Notice to the other Party, terminate this Agreement and/or an Associated Contract for cause if such other Party is in breach of its obligations under this Agreement and/or an Associated Contract and fails to cure such breach within thirty (30) days after its receipt of written notice of such breach from the non-breaching Party or, if such breach cannot reasonably be cured within such thirty (30) day period, the breaching Party fails to commence and diligently pursue remedial steps to cure the breach within such thirty (30) day period.
- 4.4. **Termination for Convenience.** Customer may cancel the performance of Services by DGI at any time upon thirty (30) days' prior written notice to DGI. In the event of cancellation, Customer shall pay, within ten (10) days of DGI's demand therefor, DGI's reasonable and proper cancellation charges which shall include (i) the cost of all Products ordered for it by DGI less credits provided by the Product vendor for any return, (ii) a percentage of the price payable for Services to be performed reflecting the percentage of work performed, and (iii) costs resulting from termination and the costs and expenses, including the costs and expenses of DGI's personnel, in responding to and processing the cancellation. Any cancellation by Customer shall relieve DGI of any liability or responsibility for Products delivered or Services performed prior to the cancellation.
- 4.5. **Extension or Suspension.** In addition to the cancellation right set forth in **Section 4.4**, Customer shall have the right to extend schedules or suspend the Services at any time, upon written notice to DGI. Any delay in the performance by DGI of its obligations to Customer caused by Customer or its other contractors or suppliers shall be treated as an extension. DGI shall resume the delivery of any suspended Services when directed to do so by Customer. The delivery schedule and time for performance shall be extended for a period reflecting the delay caused by an extension or suspension. DGI shall also be entitled to an adjustment of all prices to cover reasonable stand-by fees and additional costs incurred by DGI by reason of an extension or suspension.
5. **Fees, Expenses and Payment.**
- 5.1. **Fees and Expenses.** Customer shall pay to DGI the fees for Services and/or the purchase price for Products as specified in each Associated Contract. Customer shall reimburse DGI for all reasonable travel and out-of-pocket expenses incurred in connection with DGI's performance of the Services and/or delivery of the Products. Unless the applicable Associated Contract states otherwise, DGI may incur on behalf of Customer (and Customer shall be liable for) expenses and charges imposed by third party vendors in performance of the Services or obtaining the Products, and such expenses and charges are not or may not be included in any fees quoted to Customer. Customer shall pay such expenses and charges in addition to the fees

specified in the Associated Contract and the expenses of DGI referenced in the first sentence of this section. Customer's failure to pay all such fees, expenses and/or charges that are not the subject of a good-faith dispute regarding which Customer has notified DGI in writing, shall constitute a material breach of this Agreement and the applicable Associated Contract. If Customer is a signatory to this Agreement but its Affiliate is signatory to an Associated Contract, both Customer and the Affiliate shall be jointly and severally liable to DGI for payment and performance under this Agreement and the Associated Contract.

- 5.2. **Time of Payment.** Customer shall make payments to DGI as required under this Agreement and each Associated Contract. Unless otherwise specified in an Associated Contract, Customer shall pay the full amount of each invoice submitted by DGI within (30) days after its receipt, without setoff, counterclaim, deduction, recourse or other defense.
- 5.3. **Overdue Payments.**
 - 5.3.1. **Late Payment Charge.** Customer hereby acknowledges that late payment of invoiced amounts and other sums due to DGI hereunder and/or under an Associated Contract will cause DGI to incur costs not contemplated by this Agreement and/or the Associated Contract, the exact amount of which are and will be extremely difficult to ascertain. Such costs include, but are not limited to, processing, and financing charges. Accordingly, unless otherwise stated in the applicable Associated Contract, if any invoiced amount or any other sum due from Customer is not received by DGI by the date due, Customer shall pay to DGI a late charge equal to five percent (5.0%) of such overdue amount. The Parties acknowledge that such late charge represents a fair and reasonable estimate of the costs DGI will incur by reason of late payment by Customer.
 - 5.3.2. **Interest.** In addition to any late charge assessed pursuant to **Subsection 5.3.1** and unless otherwise stated in the applicable Associated Contract, any invoiced amount or other sum due to DGI, if not paid when due, shall bear interest from the date due until paid in full at the rate of 1.5% per month, or, if less, at the highest rate permissible under Applicable Law, provided that interest shall not be payable on late charges incurred by Customer.
 - 5.3.3. **No Default Cure.** Payment of interest and/or late charges without payment in full of the delinquent invoiced amount shall not excuse or cure any default by Customer hereunder and/or under any Associated Contract.
- 5.4. **Frequency of Invoices.** Unless otherwise stated in the applicable Associated Contract, DGI may bill Customer from time to time as often as DGI deems necessary, in its discretion. If the applicable Associated Contract specifies a flat fee for Services and/or Products, and unless otherwise stated in such Associated Contract, such fee shall be considered earned by DGI and payable by Customer upon the earlier of (i) delivery of the Products, or (ii) substantial performance of the Services.
- 5.5. **Fee Estimates.** If DGI provides any estimate of fees for work to be done at an hourly rate or rates, such estimate shall not constitute a final statement of such fees and shall not be binding upon DGI. DGI does not make, and hereby expressly disclaims, any representation and/or warranty that any such estimate will correctly approximate the actual fees of DGI for such work.
- 5.6. **Deposits.** If a deposit is required under any Associated Contract, Customer shall, unless otherwise stated in such Associated Contract, within two (2) business days after the effective date of the Associated Contract, deliver such deposit to DGI. DGI may commingle any such deposit in the same account or accounts with deposits from other customers and other funds of DGI. Any interest that may accrue on any such deposit shall be the sole property of DGI, without credit to Customer against any fees or expenses owed. All deposits shall be non-refundable unless otherwise indicated in the Associated Contract.

- 5.7. **Taxes.** Unless otherwise expressly stated in an Associated Contract, DGI's fees shall not include any direct or indirect local, state, federal or foreign taxes, levies, duties and/or similar governmental assessments of any nature, including, without limitation, value-added, use and withholding taxes (collectively, "**Taxes**"). Customer shall be solely liable and responsible for paying all Taxes associated with its purchases of Services and/or Products hereunder, excluding any taxes based upon DGI's income or ownership of property. If DGI has the legal obligation to pay or collect Taxes for which Customer is liable under this section, the appropriate amount shall be invoiced to and paid by Customer, unless Customer timely provides DGI with a valid tax exemption certificate authorized by the pertinent taxing authority.
6. **Delivery, Title and Risk of Loss.** DGI shall deliver all Products to Customer FOB destination. All transportation, freight, handling and other shipping costs and charges are the responsibility of Customer. Title and risk of loss, including title and risk of loss to the Products, including materials and equipment to be installed by DGI or used and consumed by DGI in the performance of its installation obligations, if any, shall pass to Customer upon delivery to the Customer FOB destination.
7. **Certain Obligations of Customer.**
- 7.1. **Information.** Customer shall furnish to DGI all information regarding its facilities, operations, communication processes and systems, utilities, service providers and other aspects or matters reasonably required by DGI to furnish the Products or perform the Services. Such information as Customer shall furnish to DGI shall be deemed to be non-proprietary and non-confidential unless otherwise agreed in writing by Customer and DGI at the time the information is furnished. Customer acknowledges that any Services to be provided by DGI are dependent on the accuracy and completeness of the information provided by Customer (or made available by others to DGI at the request or direction of Customer) to DGI and the knowledge and cooperation of the employees, contractors and other representatives appointed or designated by Customer to work with DGI.
- 7.2. **Access.** With respect to any Services to be performed by DGI at Customer's site, Customer shall make those portions of such site on or with respect to which DGI shall perform Services and its access thereto continuously available to DGI in an unobstructed and uninterrupted manner. DGI shall attempt to perform the services to be performed by it within Customer's normal working hours; however, Customer recognizes that the schedule for performance, the nature of work or the optimum time for performing the Services may occur during other than normal working hours and in such event Customer shall provide DGI access to the site during such non-normal working hours as DGI shall request. Customer shall also provide DGI access to such of Customer's suppliers, contractors and employees and its resources at the site of the work that DGI determines are incidental, useful or necessary for DGI to provide the Services.
- 7.3. **Cooperation.** Customer shall cooperate fully with DGI with respect to the delivery of Products and in the performance of Services by DGI. Such cooperation shall include, but not be limited to, (i) timely responses to inquiries made by DGI, (ii) timely responses to requests by DGI for approvals and authorizations, (iii) providing DGI with local and remote computer access to Customer's computer and other systems and access to information and materials in Customer's possession or subject to its control that may be incidental, useful to or required by DGI in the performance of Services or with respect to the furnishing of Products, and (iv) providing DGI such consents, approvals, rights, permits and licenses required by DGI to access, use and modify data and third party products and programs. At such time as DGI begins work on any computer or other system of Customer, Customer shall provide DGI with all applicable passwords and other information required for DGI to access such system and perform Services thereon or with respect thereto. DGI shall follow all reasonable security rules and procedures of Customer which are communicated in writing by Customer to DGI from time to time.
- 7.4. **Government Authorizations.** Customer shall, at its cost and expense, obtain all federal, state and local

governmental permits, licenses, approvals and other authorizations required with respect to or for the performance of any of the Services at its facilities.

- 7.5. **Export Control Laws.** Products delivered by DGI and the products and systems of the Customer on or with respect to which DGI performs Services are intended for use within the United States. If Customer exports or intends to export any of such Products or systems, or any part thereof, Customer shall be responsible and liable for, at Customer's cost and expense, compliance with all export control laws of the United States. Customer further recognizes that software programs embedded in Products and systems worked on by DGI may be encrypted or contain encryption capabilities which are subject to such laws and the foregoing obligations of Customer.

8. **Proprietary Rights.**

- 8.1. **Restrictions.** Customer shall not, and shall not permit any third party to, (i) modify, copy and/or create derivative works based on any Products and/or Services supplied by DGI hereunder or under any Associated Contract, (ii) frame or mirror any content forming part of any Products, other than on Customer's own Network or otherwise for its own internal business purposes, (iii) reverse engineer, de-compile, disassemble and/or otherwise attempt to discover the source code of any Products, and/or (iv) access any Products in order to build a competitive product or service, or copy any ideas, features, functions and/or graphics of the Products.
- 8.2. **DGI Intellectual Property.** As between DGI and Customer, and subject to the limited rights expressly granted hereunder and/or under any Associated Contract, DGI reserves any and all rights, titles and interests it may have in and to the Products, the Services and DGI Technology, including, without limitation, all related patent, copyright, trademark and other intellectual property rights, whether owned by or licensed to DGI. No rights are granted to Customer hereunder and/or under any Associated Contract other than as expressly set forth herein and/or in the applicable Associated Contract. To the extent legally permissible, DGI shall own all rights, titles and interests, including, without limitation, all intellectual property rights, in and to any improvements to the Products (including, without limitation, those relating to any new programs, upgrades, modifications, refinements and/or enhancements (collectively, "**Improvements**"), developed by or for DGI in connection with providing any Products or Services to Customer, even when such Improvements result from Customer's request. To the extent, if any, that ownership of such Improvements does not automatically vest in DGI by reason of this Agreement or otherwise, Customer hereby assigns and transfers to DGI any and all rights, titles and interests that Customer may have in or to the Improvements.
- 8.3. **Customer's Intellectual Property.** As between Customer and DGI, Customer exclusively owns all rights, titles and interests in and to all Data and Customer Technology. All content created by, or by DGI for, Customer during performance of any Services, including, without limitation, templates, links, linkages, images, graphs and photos (collectively, "**Work Product**"), and all Customer Technology, shall be the sole and exclusive property of Customer. DGI shall not use the same Work Product created for Customer under this Agreement and an Associated Contract and/or any Customer Technology for another DGI customer; provided, however, that nothing in the preceding clause shall be interpreted to preclude DGI from using the same functionality, format, code, design, concept, workflow, integration or other idea represented in the Work Product.

9. **Warranties and Disclaimers.**

- 9.1. **Mutual Warranties of Authority.** Each Party represents and warrants that (i) it has the legal power to enter into this Agreement, (ii) the signatory hereto has the authority to bind it, (iii) when executed and delivered, this Agreement will constitute the legal, valid and binding obligation of such Party, enforceable

according to its terms, and (v) when executed and delivered, each Associated Contract will constitute the legal, valid and binding obligation of such Party, enforceable according to its terms.

- 9.2. **Customer Warranties.** Unless and to the extent otherwise expressly stated in an Associated Contract, Customer hereby represents and warrants to and for the benefit of DGI that, as of the Effective Date and the effective date of each Associated Contract, (i) the Data does not and will not infringe on any copyright, patent, trade secret and/or other proprietary right held by any third party and was not and will not be compiled or used by Customer in any manner that violates Applicable Law, and (ii) Customer will not use any Product in a manner that violates Applicable Law.
- 9.3. **DGI Warranties.** Unless and to the extent otherwise expressly stated in an Associated Contract, DGI hereby represents and warrants to and for the benefit of Customer that, as of the Effective Date and the effective date of each Associated Contract, (i) DGI owns and will own, or otherwise has or will have sufficient rights (whether by license or otherwise) in, all Products delivered to Customer under any Associated Contract, and (ii) all Services provided or to be provided hereunder and/or under any Associated Contract will be performed in a professional and workmanlike manner.
- 9.4. **Disclaimer as to Products.** As referenced herein, DGI is not the manufacturer of any Products purchased by Customer from DGI. In purchasing any Products, Customer will be relying exclusively on the representations and warranties made by the manufacturer or supplier and on the specifications and other information furnished by the manufacturer or supplier only and not on any representation, warranty, statement, specification or other information furnished by DGI. The only warranties offered are those of the manufacturer or supplier of the Products furnished. EXCEPT AS OTHERWISE SPECIFICALLY PROVIDED HEREIN AND/OR IN ANY ASSOCIATED CONTRACT, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, DGI EXPRESSLY DISCLAIMS ANY AND ALL WARRANTIES, CONDITIONS, REPRESENTATIONS AND GUARANTEES WITH RESPECT TO THE PRODUCTS AND SERVICES, WHETHER EXPRESS OR IMPLIED, ARISING BY LAW, USAGE OF TRADE, COURSE OF DEALING AND/OR COURSE OF PERFORMANCE, PRIOR ORAL OR WRITTEN STATEMENTS OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE. DGI DOES NOT AND SHALL NOT WARRANT THE PERFORMANCE OR RESULTS CUSTOMER MAY OBTAIN BY RECEIVING ANY SERVICES FROM DGI OR USING ANY PRODUCTS SUPPLIED BY DGI. NO REPRESENTATION OR OTHER AFFIRMATION OF FACT, INCLUDING, WITHOUT LIMITATION, STATEMENTS REGARDING CAPACITY, SUITABILITY FOR USE OR PERFORMANCE OF ANY PRODUCTS NOT CONTAINED IN THIS AGREEMENT SHALL BE DEEMED TO BE A WARRANTY BY DGI. PLUMAS COUNTY LIBRARY DEPARTMENT MEMORANDUM

TO: Honorable Chair and Board of Supervisors

FROM: Dora Mitchell, Librarian

MEETING DATE: July 1, 2025

SUBJECT: Adopt **RESOLUTION** to Authorize the Plumas County Librarian to Execute the "Libraries as Literacy Centers: Strengthening Libraries' Capacity to Meet Local Literacy Needs" Grant Funding Agreement; in the amount of \$65,000.00 over three years (General Fund Impact) positive impact; approved as to form by County Counsel; discussion and possible action. **Four/Fifths Roll call vote**

Adopt **RESOLUTION** to Authorize the Plumas County Librarian to Execute the "Libraries as Literacy Centers: Strengthening Libraries' Capacity to Meet Local Literacy Needs" Grant Funding Agreement; (General Fund Impact); approved as to form by County Counsel; discussion and possible action. **Four/Fifths Roll call vote**

Background and Discussion:

The Plumas County Library has been awarded a grant from the American Library Association and the Mellon Foundation for the purpose of expanding and strengthening the Library's digital literacy services. This grant will provide \$65,000, awarded over the course of three years, along with \$9,000 in funds to be distributed to community partners working on the project, a two-year organizational membership in the American Library Association for the Library, and a \$2,000 travel stipend to allow a library representative to attend the ALA's 150th Annual Conference 2026 in Chicago, Illinois.

The Library has identified a strong need in the community for digital literacy assistance, training, and access to technology tools such as computers and hotspots for internet access to improve digital equity throughout the county. Therefore, if this grant is accepted, funds will be used for additional literacy staffing to provide digital technology support both one-on-one and through classes and workshops, along with the purchase of new equipment (laptops, hotspots, etc.) for the use of participants in the expanded digital literacy program.

The Library will prioritize services to residents with specific goals like starting a new small business, job-seeking, or earning a credential in areas such as accounting, programming, business, and coding. Literacy program staff will assist participants with developing basic computer skills, setting up and using equipment provided by the Library, and signing up for courses through the Library's learning platforms, such as LinkedIn Learning and Coursera, which offer courses, specializations, and professional certificates from leading universities and companies. Literacy staff will meet with participants on an ongoing basis to assist them with completing their credential or certificate and planning next steps in reaching their long-term goals, such as growing a business or applying for jobs.

Dear Dora Mitchell,

Please accept this award letter as confirmation that the Plumas County Library is a recipient of a Libraries as Literacy Centers: Strengthening Libraries' Capacity to Meet Local Literacy Needs award in the amount of \$65,000 for library support on this project. In addition, your library will receive a \$9,000 award to distribute to your community partners on this project, a two-year American Library Association (ALA) organizational membership for your library, and a \$2,000 travel stipend to support a library representative's attendance to ALA's 150th Anniversary and Annual Conference 2026 in Chicago, Illinois.

The purpose of this project is to engage libraries and literacy service organizations to partner in more structured, coordinated ways to transform our combined capacity to advance literacy equity for all. With funding from the Mellon Foundation, ALA will support the development of our theory of change, that increasing and structuring libraries' service as literary hubs is vital to increasing literacy equity, correcting systemic educational injustice, and building a thriving community culture constituted by creativity, empathy, and civic fluency.

Attached you will find the Grant Acceptance Form and Terms and Conditions document, which describe the grant benefits and responsibilities, as well as a W8 and ACH enrollment form. Please complete those at your earliest convenience to ensure timely engagement with the project.

Appendix A: Data on Adult Literacy Needs in Plumas County

Plumas County's adult literacy needs are heavily influenced by the county's rural landscape and widely dispersed and shrinking population. As of 2024, the county's population is approximately 18,834. It has dropped by 5% since 2020 and is projected to drop 30% by 2060¹. Our largest demographic is 60-70; 33% of residents are 65 or older and 65% are over age 40². This aging demographic underscores the necessity for accessible literacy services tailored to older residents.

Despite Plumas County's socioeconomic challenges, adult literacy rates and educational attainment are generally good. Average literacy scores on the PIAAC and NAAL scales are higher than the national average (see below). 73% of adults over the age of 25 have a high school diploma, some college, or an associate's degree.

Where many county residents fall behind is in digital literacy. No formal data on digital literacy could be found; data sources focus on tangibles like broadband access and computer ownership. However, due to the median age, economic disadvantages, and poor broadband coverage, it is safe to say that a large proportion of the county's population suffers from the digital divide. Anecdotally, library and literacy staff have seen many community members experiencing high levels of stress and anxiety caused by struggling to function in the 21st century world.

Low digital literacy combined with lack of home internet access is the biggest obstacle facing our community when it comes to:

- Seeking employment or changing careers

¹ Research conducted by Demographic Research Unit of CA Dept of Finance and Clint Koble, Small Business Development Center Business Advisor (Northern CA Network).

² U.S. Census Quick Facts. <https://www.census.gov/quickfacts/fact/table/plumascountycalifornia#>

³ <https://map.barbarabush.org/map/>

⁴ <https://www.policymap.com/newmaps/e/calibrarydata>

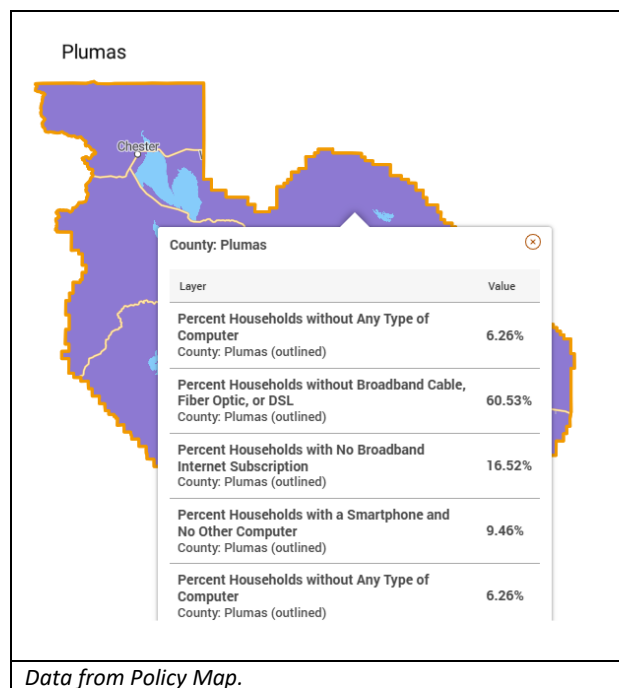

- Maintaining social supports by staying in contact with friends and family who have moved away (increasingly important as population continues to decline; 33% of residents experience a lack of emotional/social support)
- Basic necessities like banking, accessing SSA and DMV services, etc., which are increasingly online-only
- Accessing patient portals to communicate with medical providers

Internet and cell coverage is spotty, with large regions of the county left completely without connectivity to either broadband or cell service.⁵

Many households do not own a computer, or have a smartphone as their only internet-enabled device. Residents rely on their local library branch for internet access, either via our public computers or wi-fi, but residents with transportation issues who cannot visit the library are at a disadvantage. Hotspots are one of the library's most used items, because they enable residents who either can't afford a broadband plan, or live in one of the many areas without a broadband provider, to access the internet at home.

The Plumas County Library Literacy Program is already one of the most established and accessible resources in the county for adults who need to build basic digital literacy, but we have significant room to expand these services with additional equipment, staffing, new community partnerships, and new initiatives such as providing laptop/hotspot bundles to residents who are seeking employment, running a small business, or working on a certificate or degree.

⁵ <https://broadbandmap.fcc.gov/>

Appendix D: Plumas County Library Literacy Vision Statement

The Plumas County Library's Literacy Program plans to expand our existing digital literacy services with a project aimed at residents who want to build 21st century workplace skills, whether their goal is to start a business, change careers, earn a certification, or otherwise increase their employability.

Library and literacy staff have identified several core community needs related to digital equity:

1. Training in basic digital literacy skills
2. Training in navigating online services that have become vital to meeting basic needs
3. Access to reliable internet and up-to-date technology
4. Assistance with using learning programs that the library already offers, such as LinkedIn Learning, Coursera, and EBSCO Learning Library to build workforce readiness

We currently address Needs 1 and 2 with beginner computer classes and drop-in technology help hours. To address Needs 3 and 4, the literacy program has a small pool of local funds earmarked for digital equity efforts, and a new community partnership with the Indian Valley Innovation Hub (a nonprofit focused on economic development through supporting local entrepreneurs and small business owners). Working with the Hub, we plan to:

- Hire staff with skills in technology and instruction
- Perform outreach and recruit locals whose goals align with the program
- Purchase updated equipment to replace outdated equipment we currently use and increase the number of learners we can assist
- Provide laptops and hotspots to learners who lack internet/computer access at home
- Enroll learners in one-on-one and/or group classes to work toward their digital literacy goals

Learners would begin by working with literacy staff on foundational digital literacy skills. Those who are building small businesses could later "graduate" to working with the Hub on advanced steps of business development such as building a web presence and marketing. Through this initiative, we aspire to bridge the digital divide in Plumas County while fostering opportunities for economic growth and security.

Dear Mr. Brechtel,

Regional Government Services (RGS) appreciates the opportunity to submit this proposal to assist Plumas County (County) with an Agency-wide Salary Survey. We are pleased to support your interest in moving this project forward quickly and efficiently, and we value the trust placed in RGS to utilize our Joint Powers Authority status to streamline the contracting process.

As requested, RGS has updated the scope of work to include a Probation Group within the Salary Survey. We will ensure that this group is fully incorporated into our market analysis, internal alignment review, and compensation benchmarking, consistent with the County's overall objectives for transparency, competitiveness, and equity.

With over two decades of experience serving cities, counties, and special districts across California, RGS brings deep expertise in public-sector compensation analysis, classification studies, and human resources consulting. Our proven methodology ensures data integrity and tailored recommendations that balance organizational needs with fiscal responsibility.

We appreciate your consideration of our proposal and stand ready to begin work upon your direction. Should you have any questions or require further information, please contact Patty Howard at pHoward@rgs.ca.gov or 650-587-7300 ext 94. We look forward to the opportunity to collaborate.

The core team will ensure a seamless continuity of services, delivering on time and to the highest standards. To maximize the budget, we plan to conduct our work remotely. Qualifications & Experience

We are public, we serve public

RGS is a Joint Powers Authority (JPA) that was created to serve public agencies. The cities that formed RGS knew that with collaboration, they could more effectively serve their communities. RGS currently serves more than 130 agencies. We understand the public sector because we are public. RGS contracts with many partners, including:

- Cities
- Joint Powers Authorities (JPAs)
- Special Districts
- Counties

A public agency does not need to join our JPA to benefit from our services. We often work with public agencies like a typical consultant. What's different? We do not profit, plus we have a public Board of Directors. The public sector executive staff that makes up our Board helps RGS identify trends and meet the emerging needs of local government.

Recent relevant projects

RGS has worked on more than 40 classification and compensation projects in the past five years for local government agencies. Here are some of our projects from the last year.

Approach & Methodology

WORKING WITH RGS

RGS will partner with Plumas County (County) and support its evolving needs. RGS has carefully constructed policies and procedures to allow maximum flexibility. RGS has a Client Relations Manager to oversee ongoing interaction to ensure your needs are met, projects progress appropriately, and agreed-upon timelines are met.

Client Relations Manager Fanni Acosta will serve as the primary point of contact for this engagement, ensuring ongoing coordination between RGS and Plumas County throughout the project's duration. Project Lead, Patty Howard, will direct projects to other RGS staff and oversee the work product. The County will also benefit from expert advisors on the project team. RGS staff, with equal or lower bill rates, will be assigned to projects or tasks at the Lead Advisor's discretion. If Plumas County wants personnel reassignment, the County and RGS shall meet to address concerns. This may result in reassigning a team member or members.

RGS prioritizes effective communication within project teams and with its partners. While RGS will work with multiple County stakeholders, the team will require a primary/lead contact. The project lead will keep this contact current and notify them of any issues that impact the schedule or budget. The County's lead contact may request any changes in scope in writing.

PATTY'S PROJECT MANAGEMENT PHILOSOPHY & EXPERIENCE

Patty believes that effective project management is rooted in clear communication, strategic planning, and collaboration. She prioritizes building strong relationships within the project team, ensuring that everyone involved has a shared understanding of the goals and expectations. By fostering open communication and trust, she creates a foundation for projects to thrive.

Patty values detailed planning and adherence to timelines and recognizes the importance of adaptability when unexpected challenges arise. Her ability to anticipate risks and adjust strategies ensures that projects stay on time and on budget without compromising quality.

She works closely with agencies to align project strategies with organizational objectives, leveraging their insights and resources to drive success.

Above all, Patty is committed to delivering results that align with organizational goals and exceed expectations. She will pull in RGS team members to deliver effective and efficient service. Patty's dedication to excellence and her people-centered approach drive her success as a project manager.

She has recently led projects for:

- Humboldt Bay Municipal Water District
- Monterey County
- County of Santa Barbara
- City of Fairfield
- City of Hollister
- City of Sonora
- Sedona Fire Protection District
- Ironhouse Sanitary District
- Regional Water Authority

Approach & Methodology

Scope of work

PROJECT KICKOFF

RGS will arrange a virtual kickoff meeting with the County's designated contacts. During this meeting, we will outline our methodology, address any questions, and allow the County to discuss any issues or challenges that may impact the project.

REVIEW OF AGENCY DOCUMENTS

Once the contract is executed, RGS will request and review key background material and documents from the County's current classification and compensation plans, organizational structure, policies, and procedures. Typical materials requested include:

- Organizational Chart(s)
- Existing classification specifications
- Current salary schedules
- Memoranda of Understanding (MOUs) and employment agreements
- Benefits documents/summaries
- Applicable policies and procedures
- Current budget documents
- Previous compensation studies

STUDY COMPONENTS

The first step of a total compensation study is establishing the study components. These components include the group of comparable agencies to be surveyed, the benefit elements that will define total compensation, and the list of classifications that will be included in the study to serve as benchmarks for updates to the compensation plan.

COMPARABLE AGENCIES

The comparable agencies to be surveyed for a compensation study are critical to the accuracy and validity of the data collected during the study. Agencies surveyed for any prior compensation studies should be evaluated as well as additional agencies using the following factors:

Approach & Methodology

COMPARABLE AGENCIES [continued]

Organizational Type and Services Provided: Potential comparable agencies will be reviewed regarding their organization type, the services provided, and how closely they align with the County.

Population Served and Demographics: This provides insight into the level and types of services required and the staffing levels and funding needed to provide those services. **Geographical Proximity and Labor Market:** A review of this factor, in combination with the information gained above, provides an indication of applicant pools, the proximity of applicants to potential employers, and the likelihood of attracting sufficient qualified applicants from within the immediate market.

Personnel and Operational Budgets: The size of a potential comparator's budgets and current staffing allocations will assist in gaining insight into the resources available to provide services.

Cost of Living: This factor, which includes the cost of housing, goods, and services, helps to analyze the available labor market further, such as mean housing prices and median household incomes.

BENCHMARK CLASSIFICATIONS

Benchmark classifications are those typically found throughout the comparator agencies. They are most often journey-level classifications either within a specific classification series or those that are single classifications. When conducting a compensation study, salary recommendations for the benchmark classifications are developed from the data collected. Using the benchmark data, an internal salary alignment analysis to provide salary recommendations for the remaining classifications.

STUDY PROCESS AND REPORTING APPROACH

RGS will meet with the County's identified stakeholders to discuss the above methodology and establish the study components. RGS will draft a report for the County Administrative Officer and other designated parties to explain the methodology used in establishing the study components and to explain the remaining steps of the study process. After all parties have reviewed the draft report, RGS will incorporate the feedback and present the final report to the Board of Supervisors.

Approach & Methodology

DATA COLLECTION

RGS will identify comparable classifications within each comparator agency and collect and compile the compensation data using the comparator agencies and the selected benchmark classifications. Equivalent classifications will be determined on a "whole job" basis, considering duties, reporting structure, and requirements, and not by title alone.

RECOMMEND PLACEMENT OF CLASSIFICATIONS WITHIN THE SALARY SCHEDULE

RGS will utilize the external compensation data and conduct an internal salary alignment analysis to recommend the salary placement of classifications based on the following classification factors:

- Data collected during the compensation study
- Authority and autonomy in decision-making
- Scope and complexity of the work
- Types and frequency of contacts
- Supervision exercised and received
- Knowledge, skills, and abilities required both at entry and learned after entry
- Minimum education and experience required for successful performance

PROGRESS MEETING TO DISCUSS PRELIMINARY FINDINGS

While progress reports and status meetings may be provided/scheduled at any point in the study, RGS will suggest a progress meeting or conference call with the County to discuss preliminary findings and clarify any questions related to operational needs that may have come up for RGS before drafting the preliminary report.

DEVELOP DRAFT STUDY REPORT

RGS will prepare a draft report of findings, analysis, and recommendations for County management review. RGS advisors will be available to make necessary modifications and provide expert advice and support during the review process. This will include responding to the written comments or tracked changes in the draft documents, conducting telephone interviews for clarification, participating in video or telephone conferences, or responding to email communications. RGS will provide and present the draft report to the County Administrative Officer, Human Resources, and bargaining units for review and feedback.

Approach & Methodology

FINAL COMPENSATION STUDY REPORT

RGS will compile and incorporate information gathered in the collaborative review process and finalize the report. The final report will include, at a minimum, the following:

- Executive Summary – including the process followed and the methodology used.
- Compensation Study
 - A list of comparator agencies surveyed as part of the compensation study, with the match classifications identified.
 - Statistics for each benchmark classification's base pay rate, with the percentage above or below the average of market comparators identified.
 - Explanation of differences and responsibilities between the County classifications and those in comparable agencies.
 - Complete compensation survey data.
 - Strategies to implement the compensation recommendations.

PRESENTATION TO THE BOARD OF DIRECTORS AND OTHER STAKEHOLDERS

The project lead can present the compensation study's findings and recommendations to the Board of Supervisors. This proposal assumes the presentation is conducted virtually. If the County prefers, RGS can attend in person and will bill travel time and expenses without markup.

Timelines and Fee Schedules

RGS Advisors will be prepared to commence work on the compensation study once a Professional Services Agreement (PSA) has been executed between the County and RGS. While the County's goal is to conduct an agency-wide salary survey, after a discussion with the County, RGS has developed the following timelines and fee schedules, which are separated into classification groups. This will enable the County to develop a strategy to achieve its ultimate goal, prioritizing work based on financial, timing, and staffing needs and restraints.

The groups identified by the County include:

- Department Heads
- OE3 Sheriff's Groups
- OE3 Public Works Groups
- Confidential Group
- Probation Group
- Health and Human Services Department
- OE3 General & Mid-Management Group

RGS will begin work upon notification by the County of the project award and receipt of a fully executed PSA. Work is performed as agreed and subsequently billed each month based on the hours worked and team member rates. RGS employees are skilled at prioritizing projects and working within the budget of partner agencies. Mileage, if applicable, will be calculated/invoiced using the current IRS rate.

The following tentative timelines may be modified with mutual agreement between the County and RGS. We have included the various tasks/milestones, the work schedule, and those involved in each task. The comparable agencies' responsiveness and County staff availability during the study will be critical to meeting the study timeline as presented. Meetings with the County's point(s) of contact will be scheduled as required.

Following each timeline is the associated fee schedule broken down into study phases. In addition, we have included a not-to-exceed (NTE) amount for each study.

Timelines and Fee Schedules

Pre-Study Work

Prior to the commencement of the separate studies, there are a number of pre-study tasks that will be completed. These include the virtual kickoff meeting with County point(s) of contact, the receipt and review of County documents related to the study, and the establishment of comparable agencies to be surveyed for the studies, and the job classifications that will be included in each study group. The remainder of the tasks outlined in the Work Plan section this proposal will remain the same for each study conducted.

Letter of Streetlight Agreement

Dear valued customer,

As we approach the beginning of your Rule 20A project, one issue that you will need to address is your choice of the available streetlight options. The streetlights located within the Rule 20A project are currently (PG&E or community owned) and on Rate Schedule (LS1, LS2, LS3, streetlights OL1 outdoor lighting, TC1 traffic signals).

Rule 20A funding covers the costs of converting existing PG&E owned streetlight services on a one-for-one basis, but does not provide for the upgrading of facilities. Therefore, if the existing streetlights are on wood poles, the Rule 20A funding will cover the cost of providing an underground service and riser up the existing wood pole to the existing streetlight and the topping of the wood pole just above the streetlight.

You have the option under Rate Schedule LS1 (PG&E owned streetlights); to install new-galvanized steel streetlights that meet PG&E's standards or have PG&E install these new streetlights for you at your cost, in place of leaving the existing wood pole mounted streetlights. If you choose to have PG&E install these new streetlights standards the costs which you will be responsible for will include the installation and purchase of the new streetlight, replacement of any necessary landscaping, pavement and/or concrete and ITCC tax at a current rate of 34%. If you choose to install new streetlights that do not meet PG&E's standards, you may do so but PG&E will no longer own and maintain them.

If the existing streetlights are customer owned (rate schedule LS2 or LS3), you as the streetlight owner will be responsible for the cost to underground the streetlights. A portion of your streetlight undergrounding cost will include a share of the joint trenching costs (based on the conduit occupancy of the joint trench) and streetlight conduit installation costs should you choose to participate in the joint trench. When estimating begins we will provide you with an estimate of the approximate cost of this portion of your streetlight conversion costs for your budgeting purposes. You will also be responsible for any connection and removal costs associated with your customer owned streetlights. All of the provisions of customer owned streetlights also apply to traffic signals (rate schedule TC1) and outdoor lighting (rate schedule OL1).

Please note that the existing streetlights and supporting overhead electrical system cannot be removed prior to the new streetlights being installed and energized. If you are the streetlight owner or they are PG&E owned and you choose to perform the streetlight work yourself, then the new streetlights should be installed and ready to be energized prior to the completion of trenching. Streetlight standard leads times can be three to four months, so please coordinate your work to ensure the streetlights do not delay removal of the overhead system.

Please check the boxes below that represent how your community would like to proceed regarding streetlights.

- ☐ Streetlights will remain on existing wood poles.
- ☐ Install new galvanized steel streetlight poles at our expense.
- ☐ We choose to purchase and install our own new streetlights poles.
- ☐ We choose to participate in the joint trench installing our own streetlight conduit.
- ☐ We choose to participate in the joint trench, but would like PG&E to install our streetlight conduit.
- ☐ We choose not to participate in the joint trench, and instead will do our own trenching for streetlights.
- ☐ The current streetlights are in conflict with our road improvements and we would like PG&E to replace them on a one-for-one basis.

NOTE: LS1 = Owned & maintained by PG&E; LS2 = Customer owned & maintained or PG&E maintained; LS3 = Customer owned metered; OL1= Outdoor lighting private property; TC1 = Government owned metered traffic signals or signal lighting systems.

I request PG&E to proceed with the design of this project based on the above marked choices and understand I will have a chance to review the estimate prior to agreeing on any associated cost. If applicable, contracts will be executed based on the above decisions and associated cost.

GENERAL CONDITIONS AGREEMENT TO PERFORM WORK PURSUANT TO PG&E ELECTRIC RULE 20A – REPLACEMENT OF OVERHEAD WITH UNDERGROUND ELECTRIC FACILITIES

PG&E Contract: _____
Contact #: _____

PROJECT NAME: _____

LOCATION: _____, CALIFORNIA

City/County of _____ (Governmental Body)
has requested, and PACIFIC GAS AND ELECTRIC COMPANY (PG&E) has agreed to perform the
replacement of overhead with underground electric facilities pursuant to Section A of PG&E's Electric Rule
20 Tariff (Electric Rule 20A), subject to the following General Conditions Agreement.

Rule 20A Tariff:

PG&E will, at its expense, replace its existing overhead electric facilities with underground electric facilities
along public streets and roads, and on public lands and private property across which rights-of-way
satisfactory to PG&E have been obtained by PG&E, consistent with Electric Rule 20A.

To ensure the success of this Electric Rule 20A project, Governmental Body and PG&E agree to the
following terms. Any exceptions to these terms will require an advice filing with the California Public Utilities
Commission (CPUC), with notice to the Governmental Body in accordance with General Order 96-B or any
successor orders.

Responsibilities of the Governmental Body:

PG&E's Electric Rule 20A sets forth a program for replacing existing overhead electric facilities with
underground electric facilities subject to certain requirements. In order to implement the Electric Rule 20A
program as requested by the Governmental Body, the Governmental Body hereby agrees to:

- 1) Consult with PG&E to confirm the requirements of an Electric Rule 20A project and the location of the
specific Electric Rule 20A project.
- 2) Hold public hearing(s) on the proposed Electric Rule 20A project in order to determine that the specific
Electric Rule 20A project is in the general public interest.
- 3) Provide PG&E with a duly-adopted ordinance or resolution, as appropriate, creating an underground
district in the area in which both the existing and new facilities are and will be located, requiring, among
other things:
 - a) That all existing overhead communication and electric distribution facilities in such district shall
be removed;
 - b) That each property served from such electric overhead facilities shall have installed in
accordance with PG&E's rules for underground service, all electrical facility changes on the
premises necessary to receive service from the underground facilities of PG&E as soon as it is
available; and
 - c) Authorizing PG&E to discontinue its overhead electric service upon completion of the
underground distribution system.
- 4) Acknowledge that wheelchair access is in the public interest and will be considered as a basis for
defining the boundaries of projects that otherwise meet the criteria set forth in PG&E's Electric Rule
20A, Subsection 1(a).
- 5) Provide PG&E with a project boundary map and available drawings showing all known Governmental
Body-owned facilities and known road improvements.
- 6) Identify property owners/persons responsible for the properties identified by PG&E as requiring
easements. Make initial contact with the property owners/responsible persons, mail PG&E prepared
easement documents, and coordinate meetings for the purpose of assisting PG&E with acquisition of
necessary easements.

GENERAL CONDITIONS AGREEMENT TO PERFORM WORK PURSUANT TO PG&E ELECTRIC RULE 20A – REPLACEMENT OF OVERHEAD WITH UNDERGROUND ELECTRIC FACILITIES

- 7) Provide PG&E with the Governmental Body's published standard for trench restoration and backfill requirements prior to start of engineering for the project, and require joint trench participants to replace paving, landscaping, sidewalk, etc., in accordance with the Governmental Body's published standard for trench restoration and backfill requirements that is removed or damaged during construction.
- 8) Work cooperatively with PG&E to schedule undergrounding projects prior to paving projects or after the paving moratorium period. If the Governmental Body elects to construct the undergrounding project prior to the end of the paving moratorium period, restoration and backfill requirements shall not exceed the standards for non-moratorium streets, described in Section 7 above.
- 9) Prior to the start of the project design, elect how to address streetlights impacted within the project scope.
- 10) Prior to the start of the project design, provide a list of all recorded property owners (including APNs and addresses based on current tax assessor records).
- 11) By the end of the project design, disclose all intended permit conditions, fees, and cost details. If the Governmental Body is a joint trench participant, the Governmental Body will pay its share of the associated permit costs.
- 12) Provide PG&E with recent pot holing/core samplings and soils/paving information from other projects, if available.
- 13) Work cooperatively with PG&E to establish work hour restrictions for construction, including holiday and/or special construction limitations.
- 14) Survey, stake, and provide drawings to PG&E for any future known Governmental Body road improvement, grade changes, or viaduct projects known or planned within the project limits.
- 15) Work cooperatively with PG&E to identify a suitable construction yard for the Rule 20A project. If the Governmental Body is a joint trench participant, will pay its share of the associated construction yard costs.
- 16) Work cooperatively with PG&E concerning contaminated soils and cultural resources.
 - a) Contaminated Soils. In the circumstance where contamination may be a concern, PG&E's Electric Rule 20A funds will be used for core samples to design a project to avoid environmental issues. In the event contamination is encountered that triggers federal, state, and/or local laws and regulations which restrict or prohibit further work in the trench, PG&E will suspend work in the affected area until all measures required by law have been completed by the Governmental Body or other party responsible for such contamination.
 - b) Cultural Resources. In the circumstance where cultural resources are encountered that trigger federal, state, and/or local laws and regulations which restrict or prohibit further work in the trench, PG&E will suspend work and comply with the appropriate notification requirements.
- 17) Electric Service Panel Conversion: Governmental Body may choose to be the lead in the conversion of electric service panels to accept underground service. If so and stated in the ordinance or resolution, PG&E shall pay the Governmental Body up to the maximum amount allowed by the Electric Rule 20A Tariff per service entrance, excluding permit fees. If the panel conversions are performed by the property owner, the Governmental Body will coordinate the reimbursement of PG&E funds, to the property owner / responsible party, up to the maximum amount allowed by the Electric Rule 20A Tariff per service entrance, excluding permit fees.
- 18) Subsurface Equipment: Governmental Body may request that PG&E install electrical equipment subsurface. If PG&E agrees, then, the Governmental Body's Electric Rule 20A allocation shall be used for the additional costs necessary to complete the subsurface installation. The Governmental Body shall be responsible for paying the appropriate one-time maintenance charge. However, in the event that pad-mounted equipment cannot be installed due to field conditions, the Governmental Body will not be charged the one-time maintenance fee.

The one-time maintenance charge is calculated by multiplying the Estimated Special Facility Cost by a one-time Cost-of-Ownership factor which represents the present worth of estimated operations and maintenance expenses per dollar of facility cost. The Estimated Special Facility Cost will vary

GENERAL CONDITIONS AGREEMENT TO PERFORM WORK PURSUANT TO PG&E ELECTRIC RULE 20A – REPLACEMENT OF OVERHEAD WITH UNDERGROUND ELECTRIC FACILITIES

depending on the transformer size. The Estimated Special Facility Cost equals the Estimated Non-Standard Special Facility Cost minus the Estimated Standard Facility Cost. The one-time Cost-of-Ownership factor is: $((\text{current monthly Cost-of-Ownership factor} \times 12 \text{ months}) \times (\text{current Present Worth Factor}))$. The monthly Cost-of-Ownership factor is stated in Rule 2 of PG&E's tariff. For example, based on the monthly Cost-of-Ownership factor as of January 1, 2018, the one-time maintenance charge would be $((0.53\% \times 12) \times (14.2)) \times (\text{Estimated Special Facility Cost})$. This is for example purposes only and the formula factors may change over time.

Responsibilities of PG&E:

PG&E's Electric Rule 20A sets forth a program for replacing existing overhead electric facilities with underground electric facilities subject to certain requirements. In order to implement the Electric Rule 20A program as requested by the Governmental Body, PG&E hereby agrees to:

- 1) Consult with the Governmental Body to confirm the requirements of Electric Rule 20A, including but not limited to holding public hearings, adoption of an ordinance or resolution, and creation of a project boundary map.
- 2) Prepare a base map showing the following: boundary, roads, sidewalks, curbs, property lines, buildings, existing water and sewer, easements, and any other known utilities or obstacles.
- 3) Upon request of the Governmental Body, initiate project design sufficient to identify trench routes and obtain any necessary easements with the express understanding that if the underground district is subsequently delayed or cancelled, PG&E shall deduct all project-related expenses, including overheads, from the Governmental Body's Electric Rule 20A allocation. If the necessary easement(s) cannot be obtained, the Governmental Body may elect to change the project scope, request redesign of the project to avoid the need for the easement(s), or request that the project be postponed.
- 4) If PG&E is designated as the design/trench lead, PG&E shall prepare the intent drawings, composite drawings and joint trench cost agreement for joint trench construction (costs will be shared by all joint trench participants). If an entity other than PG&E is designated as the design/trench lead, PG&E shall provide electric design to the design/trench lead agency.
- 5) Disclose project impacts to the existing streetlight system.
- 6) If PG&E is designated as the joint trench lead, provide Governmental Body with traffic control plan for PG&E construction pursuant to the California Manual on Uniform Traffic Control Devices (MUTCD) as part of the permit process.
- 7) Identify all locations that require an easement(s) for PG&E, prepare all necessary easement related documents, and with the cooperation of the Governmental Body (as described in item 6 of "Responsibilities of Governmental Body" above), secure easements to the satisfaction of PG&E.
- 8) Once the design process begins, provide a project schedule and cost updates on a quarterly basis to the Governmental Body.
- 9) Provide proper notification to all affected customers when electrical outages are necessary to complete project conversion to the new underground system.
- 10) Remove poles, portions of poles, or tenant poles from the underground district as required by the Joint Pole Utility Agreement.
- 11) Provide inspection services for the installation of PG&E facilities.
- 12) Work cooperatively with the Governmental Body concerning contaminated soils and cultural resources.
 - a) Contaminated Soils. In the circumstance where contamination may be a concern, PG&E's Electric Rule 20A funds will be used for core samples to design a project to avoid environmental issues. In the event contamination is encountered that triggers federal, state, and/or local laws and regulations which restrict or prohibit further work in the trench, PG&E will suspend work in the affected area until all measures required by law have been completed by the Governmental Body or other party responsible for such contamination.

GENERAL CONDITIONS AGREEMENT TO PERFORM WORK PURSUANT TO PG&E ELECTRIC RULE 20A – REPLACEMENT OF OVERHEAD WITH UNDERGROUND ELECTRIC FACILITIES

- b) Cultural Resources. In the circumstance where cultural resources are encountered that trigger federal, state, and/or local laws and regulations which restrict or prohibit further work in the trench, PG&E will suspend work and comply with the appropriate notification requirements.
- 13) Electric Service Panel Conversion: Governmental Body may choose for PG&E to be the lead for the panel conversion. If so, then PG&E will convert the electric service panels to accept underground services. PG&E will have its selected contractor communicate to each property owner / responsible party the plan for the trench and panel locations and reach an agreement with the property owner / responsible party before proceeding with conversion. PG&E will be responsible for any work up to and including the meter. Any additional work needed by the property owner / responsible party will be at owner's / responsible party's costs. PG&E will require its selected contractor to abide by all Governmental Body's applicable laws and regulations.
- 14) Subsurface Equipment: Governmental Body may request that PG&E install equipment subsurface. If PG&E agrees, then the Governmental Body's Electric Rule 20A allocation shall be used for the additional installation costs necessary to complete the subsurface installation. The Governmental Body shall be responsible for paying the appropriate one-time maintenance charge. However, in the event that pad-mounted equipment cannot be installed due to space constraints, the Governmental Body will not be charged the one-time maintenance fee.

The one-time maintenance charge is calculated by multiplying the Estimated Special Facility Cost by a one-time Cost-of-Ownership factor which represents the present worth of estimated operations and maintenance expenses per dollar of facility cost. The Estimated Special Facility Cost will vary depending on the transformer size. The Estimated Special Facility Cost equals the Estimated Non-Standard Special Facility Cost minus the Estimated Standard Facility Cost. The one-time Cost-of-Ownership factor is: $((\text{current monthly Cost-of-Ownership factor} \times 12 \text{ months}) \times (\text{current Present Worth Factor}))$. The monthly Cost-of-Ownership factor is stated in Rule 2 of PG&E's tariff. For example, based on the monthly Cost-of-Ownership factor as of January 1, 2018, the one-time maintenance charge would be $((0.53\% \times 12) \times (14.2)) \times (\text{Estimated Special Facility Cost})$. SUBJECT: PUBLIC HEARING: Adopt RESOLUTION Establishing a Revised Fee Schedule for Collection and Related Solid Waste Services for Franchise Service Area 1 Operated by Feather River Disposal; (No General Fund Impact); approved as to form by County Counsel; discussion and possible action. Roll call vote

Recommendation:

The Plumas County Integrated Waste Management Task Force has recommended that, unless it is determined there are timely written protests by *greater than* fifty percent of current collection route customers, that the Board of Supervisors vote to adopt the attached proposed 4.42% Rate Increase Resolution for solid waste services related to curbside collection fees, which shall cover door-to-door collection, transfer, hauling, ultimate disposal activities, and franchise fees within Franchise Area No. 1, as operated by franchise contractor USA Waste of California, Inc., doing business as Feather River Disposal, per the Franchise Agreement that took effect April 1, 2017.

Background and Discussion:

PREFACE:

The primary purpose of this Agenda Request, in compliance with Proposition 218, is to enable the Board of Supervisors to:

1. *Receive a report and recommendations from the Department of Public Works pertaining to a Rate Increase of 4.42% (residential) and 4.42% (commercial) for solid waste services provided by franchise contractor Feather River Disposal related to collection fees. This Rate adjustment is necessary to cover increased costs per the Franchise Agreement for door-to-door collection, transfer, hauling, ultimate disposal activities as determined by an independent analysis of contractor expenses.*

2. *Enable commentary by the franchise contractor, Feather River Disposal.*

3. *Open a Public Hearing and enable commentary by the general public and other governmental officials, if any. Receive and tabulate written protests against the proposed fee increase by customers. Close Public Hearing.*

4. ***Consider the adoption of the attached proposed Resolution to Increase Rates by 4.42% (residential) and 4.42% (commercial) for solid waste services provided by franchise contractor Feather River Disposal related to collection fees. This Rate adjustment is necessary to cover increased costs for door-to-door collection, transfer, hauling, ultimate disposal activities as determined by an independent analysis of contractor expenses.***

BACKGROUND:

On March 14, 2025, Solid Waste staff received Feather River Disposal's audited financial statements for the period ending December 31, 2024. Public Works staff reviewed the audited financial statements and subsequently forwarded the documentation to HF&H Consultants. HF&H Consultants reviewed the audited financial statement and concluded that Feather River Disposal, per the Franchise Agreement, was entitled to a fee increase in the amount of 4.42%.

PROPOSED RATE INCREASE SUMMARY FOR FRD:

The cumulative proposed fee increase described above is summarized as follows:

- 4.42% (residential collection) and
- 4.42% (commercial collection)

Note: This Agenda Request does not pertain to rates at the transfer stations, as the proposed 4.42% rate increase for those services was considered and approved by the Board of Supervisors at the June 10, 2025 Board of Supervisors meeting.

As required annually by the 2017 Franchise Contract between the County and USA Waste of California, Inc., dba Feather River Disposal (FRD), a resolution will be considered by the Board of Supervisors to amend the rates for solid waste collection and disposal within the unincorporated portion of Plumas County served by **Feather River Disposal (Solid Waste Franchise Area No. 1)**. The calculated rate increase (**4.42%**) is determined per the terms and conditions of the 2017 Franchise Contract for the solid waste collection and disposal fees for property owners and tenants (those liable to pay solid waste charges for residential curbside collection) operated by the franchise contractor USA Waste of California, Inc., dba Feather River Disposal (FRD) serving Franchise Area No. 1.

If adopted, the resolution will amend the existing solid waste fee schedule to increase the solid waste collection and disposal fees for property owners and tenants (those liable to pay solid waste charges for residential curbside collection) by **4.42%** beginning on July 1, 2025. Commercial solid waste collection fees will increase by **4.42%** beginning on July 1, 2025. These rate changes apply to the area serviced by Feather River Disposal only, not Inter Mountain Disposal, and does not include the jurisdictions of the Chester Public Utilities District or the Quincy Community Service District, which have separate (non-county) contracts with Feather River Disposal.

PLUMAS COUNTY SOLID WASTE MEMORANDUM

TO: Honorable Chair and Board of Supervisors

FROM: Rob Thorman, Director of Public Works

MEETING DATE: July 1, 2025

SUBJECT: PUBLIC HEARING: Adopt RESOLUTION Establishing a Revised Fee Schedule for Collection and Related Solid Waste Services for Franchise Service Area 2 Operated by InterMountain Disposal; (No General Fund Impact); approved as to form by County Counsel; discussion and possible action. Roll call vote

Recommendation:

The Plumas County Integrated Waste Management Task Force has recommended that, unless it is determined there are timely written protests by *greater than* fifty percent of current collection route customers, that the Board of Supervisors vote to adopt the attached proposed 4.56% Rate Increase Resolution for solid waste services related to curbside collection fees, which shall cover door-to-door collection, transfer, hauling, ultimate disposal activities, and franchise fees within Franchise Area No. 2, as operated by franchise contractor InterMountain Disposal, per the Franchise Agreement that took effect April 1, 2017.

Background and Discussion:

PREFACE:

The primary purpose of this Agenda Request, in compliance with Proposition 218, is to enable the Board of Supervisors to:

1. *Receive a report and recommendations from the Department of Public Works pertaining to a Rate Increase of 4.56% (residential) and 4.56% (commercial) for solid waste services provided by franchise contractor InterMountain Disposal related to collection fees. This Rate adjustment is necessary to cover increased costs per the Franchise Agreement for door-to-door collection, transfer, hauling, ultimate disposal activities as determined by an independent analysis of contractor expenses.*

2. *Enable commentary by the franchise contractor, InterMountain Disposal.*

3. *Open a Public Hearing and enable commentary by the general public and other governmental officials, if any. Receive and tabulate written protests against the proposed fee increase by customers. Close Public Hearing.*

4. *Consider the adoption of the attached proposed Resolution to Increase Rates by 4.56%*

(residential) and 4.56% (commercial) for solid waste services provided by franchise contractor InterMountain Disposal related to collection fees. This Rate adjustment is necessary to cover increased costs for door-to-door collection, transfer, hauling, ultimate disposal activities as determined by an independent analysis of contractor expenses.

BACKGROUND:

On March 14, 2025, Solid Waste staff received InterMountain Disposal's audited financial statements for the period ending December 31, 2024. Public Works staff reviewed the audited financial statements and subsequently forwarded the documentation to HF&H Consultants. HF&H Consultants reviewed the audited financial statement and concluded that InterMountain Disposal, per the Franchise Agreement, was entitled to a fee increase in the amount of 4.56%.

PROPOSED RATE INCREASE SUMMARY FOR FRD:

The cumulative proposed fee increase described above is summarized as follows:

- 4.56% (residential collection) and
- 4.56% (commercial collection)

Note: This Agenda Request does not pertain to rates at the transfer stations, as the proposed 4.56% rate increase for those services was considered and approved by the Board of Supervisors at the June 10, 2025 Board of Supervisors meeting.

CONSIDERATION BY THE SOLID WASTE TASK FORCE:

On April 28, 2025, the Plumas County Integrated Waste Management Task Force conducted a Solid Waste Task Force Meeting to consider these proposed fee increase matters and make a recommendation for consideration by the Board of Supervisors. The Solid Waste Task Force voted to recommend a 4.56% Rate increase to the Board of Supervisors. If adopted, the rate increase would take effect on July 1, 2025.

PUBLIC NOTICE:

On May 17, 2025, the franchise contractor, InterMountain Disposal, mailed notices of a public hearing to customers and property owners paying fees for residential and commercial customers under contract for curbside pickup and disposal of solid waste that detailed proposed rate adjustments and provided internet links to a listing of pertinent rate increase-related documents.

Grantor further grants to Grantee the right to apportion to another public utility (as defined in Section 216 of the California Public Utilities Code) the right to construct, reconstruct, replace, remove, maintain, inspect, and use the communications facilities within said easement areas including ingress thereto and egress therefrom.

The legal description herein, or the map attached hereto, defining the location of this utility distribution easement, was prepared by Grantee to Section 8730 (c) of the Business and Professions Code.

PLUMAS COUNTY BOARD OF SUPERVISORS MEMORANDUM

TO: Honorable Chair and Board of Supervisors

FROM: Josh Brechtel, County Counsel

MEETING DATE: July 1, 2025

SUBJECT: Information and determination regarding the appointment of a new Sheriff due to retirement; Board to choose the methodology in which the appointment will be made; discussion and possible action.

Recommendation:

Information and determination regarding the appointment of a new Sheriff due to retirement; Board to choose the methodology in which the appointment will be made; discussion and possible action.

Background and Discussion:

Until a new Sheriff is appointed, Cal Gov Code 24105 provides that the undersheriff shall temporarily discharge the duties of the sheriff in the event of a vacancy. This provision does not require the Board of Supervisors to appoint the undersheriff to permanently fill the position. The undersheriff's role is limited to temporarily performing the duties of the office until the vacancy is filled in accordance with the law.

Therefore, if no new sheriff is appointed prior to the current Sheriff's resignation, the undersheriff would function as Sheriff until a new sheriff is appointed.

In order to fill the vacancy of the sheriff's office, Government Code § 25304 states that the Board of Supervisors shall fill by appointment all vacancies that occur in any office filled by the appointment of the board and elective county officers, except judges of the superior court and supervisors. The appointee shall hold office for the unexpired term or until the first Monday after January 1st succeeding the next general election. This means that any appointed sheriff would serve until 2028 pursuant to AB 759 which explicitly states that "the next election for that office shall occur at the 2028 presidential primary," instead of the gubernatorial election.

The decision the Board must make is the method of appointment for the Sheriff's Office. Two common methods is for the Board to simply appoint a logical successor, or to hold interviews and to select from the interviewees.

The Office will come up for election as normal in 2028.

Important to note that the Board does not have the ability to refuse to appoint a new sheriff and then call for a special election.

Re: Your Public Records Act Request, Which Was Received on 1-13-2025

Dear Mr. Foster,

I am writing in response to the above-referenced Public Records Act request, which was received by the Behavioral Health Department on 1-13-2025. The Behavioral Health Department is reviewing your request and seeking responsive records. Pursuant to Government Code section 7922.535 the County will need an extension of time to prepare its initial response.

Please note PRA requests are limited to records maintained in the normal course of business by the County and records that are in the County's custody, control and access.

Please also note we will not produce records that are privileged or otherwise exempt from disclosure. This includes documents pertaining to the attorney-client privilege, attorney work product, official information privileges, and [election-related exemptions falling under Government Code section 7929.000 and 7922.000]. If we determine any of these exemptions apply, we will inform you of those specific determinations.

This extension is due to the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request.

We will provide a determination on your request on or before February 14, 2025. Nothing in this letter should be construed as a representation that the County has all of the records requested, or that such records (if they exist) are subject to public disclosure.

Very truly yours,

Dear Mr. Foster-

Thank you for your request under the California Public Records Act (CPRA).

The CPRA does not require new records be created but, rather, controls disclosure of **existing** records (*Sander v. State Bar of California* (2013) 58 Cal.4th 300, emphasis mine).

However, the letter and spirit of the CPRA also requires the public entity to assist the requestor with their inquiry (GC 6253.1, now 7922.600 eff. 01/01/2020); *San Diegans for Open Gov't v. City of San Diego* (2016) 247 CA4th 1306).

It is this latter tenet upon which we have always operated and do so now.

We have searched both DA and ASP (Alternative Sentencing Accounts) for any situation where there has been a "fine(s), return(s) of funds or other fee(s) levied against" the DA's office due to not meeting a deadline, timeline, rule, regulation or law. We have expanded your request to also include any fines or penalties levied against the DA's office by the court in any case in which we were a party. We have reviewed the last 4 years as well as the nine years before that (going back to 2011).

Since 2011 there have been **no** fines, funds returned or fees, or penalties levied by a court against the DA's Office due to not meeting a deadline, timeline, rule, regulation or law.

Again, thank you for your request.

Please do not hesitate to contact me should you have questions or need additional information.

Respectfully yours,

Richard –

The only fines, return of funds, or other fees levied against the Museum Department in the time of 2020 – 2024 were late fees and penalties from American Valley Community Services District and Farrell Gas.. During this period the late fees assessed by Farrell Gas amounted to between \$1.34 and \$1.84 per year, while the late fees/penalties for American Valley CSD were substantially higher (especially in the years 2022-2023 when County bills consistently seemed to be sent out late or not paid in full). January 2022 – December 2022 seems to be \$70.63, while January 2023 – December 2023 seems to be 50.69. A payment of \$50.69 In January 2024 brought the balance down to zero and no late fees/penalties have occurred since (I also started having that bill processed by the county on a 3-day rush to avoid such fees).

Attached are pdfs showing the late fees/penalties for American Valley CSD for 2020 – 2024 and a detail of the payments for Jan – Dec. 2023 – showing that \$50.69.

Re: Your Public Records Act Request, Which Was Received on January 13, 2025

Dear Mr. Foster,

This letter responds to the California Public Records Act request that you sent to the Department of Plumas County Public Health Agency which is referenced above. The requests seeks the following records:

1. Fines, Return of Funds, and Other Fees levied against the Public Health Department in the last four years, due to not meeting a deadline, timeline, rule, regulation or law. (4 years, January 2020 Through December 2024)
2. It is noted that a copy of the fine itself, a copy of the payment of the fine, or a list of the fines with no documentation will suffice.

Plumas County Public Health Agency has not had fines or other fees levied against the Public Health Department in the last four years.

Plumas County Public Health Agency has had one return of funds over the last four years to the California Department of Public Health in the amount of \$55,831.42 in October 18, 2024. This return was due to an audit finding from the Office Of Aids regarding our Ryan White Part B program. This grant required a time tracking system in place to validate personal charges made to the grant. Due to the agency operating without such a system, all personal costs were returned. Fortunately, we have since implemented the appropriate time tracking throughout the agency to prevent future penalties.

Very truly yours,

Director of Plumas County Public Health Agency

In response to your line of inquiry, please find the following.

1. Plumas County Social Services does not have any record of fines, returns of funds, fees or levies against the department during the span of time from January 2020 through December 2024, from not meeting deadlines, timeline, rule, regulation or law. Thus, no records can be provided to this effect.

2023-2024 Interest Income due to FRC on Investments

July 8, 2024	Emailed County to get ETA of 4th quarter interest. Was told it the admin fee needed to be calculated and staff would start on it and it would likely be 2 weeks.
July 23, 2024	Asked for an update and was told the County was gathering the information for the calculation.
August 7, 2024	Asked for an update and was told the Treasurer had started calculating the Admin Fee that week.
August 26, 2024	Asked for an update and was told on 8/28/24 that the admin fee needed to be finished and then all interest would be apportioned. The Treasurer was hoping it would be done by the end of the week.
September 3, 2024	Asked for an update and was told the Treasurer was aware of my need for the interest calculation and is continuing to work on the figures. I was told I would be the first to know when it is posted.
September 16, 2024	As of today we still don't have 4th quarter interest. This is a continued problem, we didn't receive any interest for 22/23 until Oct 2023.

IRS Penalties and Interest on Federal Income Tax payments not made

July 2023	In July 2023, FRC experienced technical difficulties and did not meet the County's deadline for payroll. We worked with the County, they accepted our checks and payments, and told us they were completed.
April 2024	We were notified by the IRS that the County failed to pay the payroll taxes associated with our July 2023 month end payroll and that those taxes, along with penalties and interest, were due.
April 2024	The County paid the delinquent taxes. They also paid, out of their own funds, \$8,266.78 in interest/penalties. Included on the IRS notice was over \$33,000 in penalties that we needed an explanation for before asking the County to pay (and absorb).
July 2024	After much effort in trying to contact and communicate with the IRS, we learned that the \$33,000 was a "federal tax deposit penalty" which was separate from the other penalties assessed on our account. I requested that the County make that payment.
August 2024	We received another notice that the penalties had not yet been paid and asked that the County make the payment.
September 2024	As of 9/10/24, the \$33,000 had not been paid and had accrued interest and now totaled more than \$35,000.
September 2024	On 9/11/24, the County paid \$34,503.62 in outstanding penalties leaving FRC to forfeit a \$529.14 credit applied to the outstanding penalties. The Auditor would like to discuss the credit at a later time.

Audit Findings Notice to Plumas County Board of Supervisors

February 4, 2025

Feather River College

I was directed by the FRC Board of Trustees to communicate with the Plumas County Board of Supervisors that external auditors found two repeat issues of FRC finances under the control of the Plumas County Treasurer: (1) FRC not receiving investment income from the County Treasury within the deadline for Federal/State reporting, and (2) failure to pay required IRS and unemployment taxes from the County Treasury. This is the second year of these repeat findings.

With this repeat audit finding, I want to be clear that FRC is not interested in pointing fingers, nor is FRC interested in assigning blame. We have been trying to work proactively to solve the problem of missing investment interest income and late payments. FRC will continue to work with the office to solve the problem. My only goal here is to make the Board of Supervisors aware that FRC now has a two-year repeat audit finding due to circumstances beyond the control of FRC, with our suggestions for a solution below.

Finding 1 from CWDL Auditors

Condition: "During our testing of interest revenues, we noted that the District had not received its quarterly interest revenue from the county Treasury in a timely manner."

Effect: "The County's failure to apportion interest quarterly, as required by the Plumas County Investment Policy and Guidelines, has the potential for material misstatement of revenue and receivables based on unknown figures related to the ongoing delinquency of interest apportionment."

To be clear, FRC did receive Q4 interest payments, it was after FRC had closed the books at the end of the fiscal year and started the auditing process.

Finding 2 from CWDL Auditors

Condition: "During our review of internal controls over cash disbursement, we became aware of instances where paychecks were returned due to processing issues between the County and their bank. We also found instances of unemployment taxes and IRS payments not remitted in a timely manner causing the district to incur the late fees and interest."

Effect: "The District incurred various penalties and interest expenses related to these issues. Total expenses have amounted to \$53,906, including \$1,496 of credits forfeited by the District."

Greg Hagwood, Chairperson
Plumas County Board of Supervisors
C/O Debra Lucero, CAO

This letter is a request for the Board of Supervisors to add the following request to the agenda of the next public meeting possible:

“Review all Department Fines, Fees, Return of monies where the department paid in either multiples or single payments total amounts over \$1000 anytime within the last 5 years, due to not adhering to State, Federal or other rules, regulations or laws.”

I have been a member of the Grand Jury for the last two years and will attest to the following: “none of the following information came into my possession while I was a member of the Grand Jury.”

A number of years ago I was informed that the County Assessor’s office had to return approximately \$250,000 to SPI due to not meeting a deadline and that money was not recoverable by the county.

In the last 10 days I was informed that Feather River College was made aware of approximately \$30,000 in fines or fees that were assessed to them due to the Tax Collectors office not meeting requirements on financial investments the office controls for the county and that these fines or fees could possibly be multiplied by at least 4 other entities that are involved with the investment funds.

I would like these two allegations specifically investigated, but would also like each department in the county to respond to the Board of Supervisors with this request and for the Board of Supervisors to address this in a public meeting no later than the first Board of Supervisors meeting in September.

Thank you,
Richard Foster

Re: Your Public Records Act Request, dated January 13, 2025, and was received by the Plumas County Planning Department on January 14, 2025 (enclosed)

Dear Mr. Foster,

This letter responds to the California Public Records Act request, which is referenced above, which you sent to the Plumas County Planning Department to respond.

The request seeks the following records from the Planning Department:

I would like your department to submit to me the amount of any fines, returns of funds or other fees you are aware of that were levied against your Department in the last four years, due to not meeting a deadline, timeline, rule, regulation or law. (4 years, January 2020 Thru December 2024)

I am not requesting a new document be prepared of these fines, a copy of the fine itself or a copy of the payment of the fine or a list of the fines with no documentation will suffice.

The Planning Department staff has been unable to locate records responsive to your request.

Should you have any questions, please don't hesitate to give me a call at 530-283-6214.

BOARD AGENDA REQUEST FORM

- A. Discussion and release of information about fines, fees, penalties, return of monies from any county department due to not meeting a time deadline, etc.
- B. Determine that all departments will report any fines, fees, penalties, return of monies to any agency due to not meeting a time deadline, etc and also any monies not used from grants, etc. where dedicated monies were not spent according to grant requirements.
- C. Have each department explain in detail why such fines, fees, return of monies occurred.

In 2021, prior to becoming a Grand Jury member, I heard rumors that the county had lost a large amount of money due to a department not filing documents in a timely manner. Then in 2024 after serving on the Grand Jury, I became aware of money that was paid out in fines, fees, or penalties where departments had not done their job in a timely manner.

I addressed the Board of Supervisors (BOS) a number of times about my concerns, because it appeared to me that the Board of Supervisors or the public had not been notified of any of these fines. After bring this before the Board and getting little or no response the Board informed me that if I wanted to know about these fines then I should file a California Public Record Act request (PRA). This indicated to me that the Board did not feel it was their duty to question the departments that they oversee about monies lost to the county by county departments. When a department pays a fine, fee, or penalty because of a missed deadline, then that department is not performing their function for the county in a fiscally responsible manner.

The Clerk of the Board informed me that the County Counsel requested that I make the inquiry to the Plumas County Department Administrators. I sent a PRA to each Department Head requesting any fines, fees, or penalties for a 4 year period from January 2020 thru December 2024. I believe that the BOS should have the responsibility of reviewing fines, fees, and penalties. I am requesting that the BOS require that each department send this information to them and that the BOS reports the findings to the public at least once a year.

NOTICE: This document contains information pertaining to the Board Agenda Request Form, consists of the cover letter, a list of Departments that had no findings, and a list of the Departments that did pay fines, fees, or penalties with the amounts paid.

DEPARTMENTS WITH NO FINES FEES OR PENALTIES

All departments that reported back to me with no fines, fees, or penalties left themselves an out by putting something in the report such as “unable to locate any records” so that if later something did show up it would be that initially they might have missed something. I don’t believe any department was intentionally trying to hide anything, I just think they were replying as the County Counsel told them to since it appeared that the County Counsel informed the departments that they might be getting the PRA.

Memo

To: Honorable Board of Supervisors and Debra Lucero

From: Honorable Assessor, Cindie Froggatt

RE: 7/11/2024 Letter from Richard Foster

On November 30, 2018, Sierra Pacific Industries submitted Assessment Appeal Applications to the Clerk of the Board to Appeal their 2018 Assessed values on two parcels. These appeals were not addressed before the deadline of November 30, 2020.

In following the State Board of Equalization guidelines below:

TWO-YEAR TIME LIMIT

Section 1604 and Rule 309 provide a time period in which appeals boards are required to hear and make a determination on an application. Rule 309 states in part:

(b) A hearing must be held and a final determination made on the application within two years of the timely filing of an application for reduction in assessment submitted pursuant to subdivision (a) of section 1603 of the Revenue and Taxation Code, unless the applicant or the applicant's agent and the board mutually agree in writing or on the record to an extension of time.

133 Osco Drug, Inc. v. County of Orange (1990) 221 Cal.App.3d 189.

134 Section 51.5, subdivisions (a) and (d).

135 Sunrise Retirement Villa v. Dear (1997) 58 Cal.App.4th 948.

(c) If the hearing is not held and a determination is not made within the time specified in subsection (b) of this regulation, the applicant's opinion of value stated in the application shall be conclusively determined by the board to be the basis upon which property taxes are to be levied, except when:

(1) The applicant has not filed a timely and complete application; or,

(2) The applicant has not submitted a full and complete property statement as required by law with respect to the property which is the subject of the application; or,

(3) The applicant has not complied fully with a request for the exchange of information under regulation 305.1 of this subchapter or with the provisions of subdivision (d) of section 441 of the Revenue and Taxation Code; or

(4) Controlling litigation is pending ... or

(5) The applicant has initiated proceedings to disqualify a board member ... or

(6) The applicant has requested the hearing officer's recommendation be heard by the board....

Section 1604, subdivision (c), provides that the county assessment appeals board must make a final determination on an application for reduction in assessment of property within two years of the timely filing of the application. Thus, the statute contemplates that the assessment appeals board, rather than a hearing officer, must hold a hearing and render a final determination within the two-year period. Although the hearing officer conducts a hearing and prepares a recommendation, the assessment appeals board establishes the value based upon the recommendation pursuant to section 1641. Therefore, the appeals board's hearing and adoption of a hearing officer's recommendation as a basis for establishing the assessed value constitutes a final determination for purposes of section 1604, subdivision (c).

If an applicant fails to provide information to the assessor pursuant to section 441, subdivision (d), and introduces any requested materials or information at any appeals board hearing, the assessor may request and will be granted a continuance for a reasonable period of time. In this event, the two-year period is extended for a period of time equal to the period of the continuance.

The clerk of the board should closely follow applications to ensure that all are heard and final determinations are made within two years. A hearing and decision by an appeals board that the board has no jurisdiction to hear an appeal constitutes a hearing and final determination within the meaning of subdivision (c) of section 1604.¹³⁶ *Heavenly Valley v. El Dorado County Board of Equalization* (2000) 84 Cal.App.4th 1323 (opn.mod. 86 Cal.App.4th 25d). Chapter 5 Assessment Appeals Manual 59 May 2003

When a two-year period expires, section 1604(c) does not require immediate enrollment of the taxpayer's opinion of value, but instead sets the date two years after the close of the filing period—September 15 or November 30⁽¹³⁷⁾—when all taxpayers' opinions of value should be enrolled. Thus, the board clerk must individually track applications by exact date of filing, and, after a board hearing, transmit to the auditor a one-time value reduction two years after the close of the filing period for all applications that remain unheard.

For applications involving base year value appeals, if the applicant's opinion of value has been placed on the roll because the appeals board was unable to hear the application timely, that value remains on the roll until the appeals board makes a final determination on the application. For applications appealing decline in value and personal property assessments that have not been heard and decided by the end of the two-year period, the applicant's opinion of value will be enrolled on the assessment roll for the tax year or years covered by the pending application.¹³⁸

Section 1604(c)(1) provides that the taxpayer and an appeals board may mutually agree to an extension of time for hearing and determination past the two-year limitation.

Counties should have a procedure in place and an adopted standard waiver form for this purpose. Wherever possible, in appropriate circumstances, appeals boards should obtain the waiver from the taxpayer so that unnecessary roll corrections may be avoided.

I was appointed Assessor in February, 2021. When I began working as the Assessor, I slowly worked through what was necessary to perform my duties as Assessor. While I was investigating the open Assessment Appeals, I found that there were two Appeals that had not been addressed for Sierra Pacific.

In following the above guidelines, since the deadline had already passed, the taxpayers' opinion(s) of value should be enrolled. I processed two roll corrections reducing the value for APN#117-350-003 by \$17,417,430 and APN# 117-350-035 by \$12,442,845 as per the Assessment Appeal Applications, which created refunds. One for \$209,391.88 for APN# 117-350-003 and one for \$149,587.54 for APN# 117-350-035 respectively, on May 26, 2021.

BOARD AGENDA REQUEST FORM

- A. Discussion and release of information about fines, fees, penalties, return of monies from any county department due to not meeting a time deadline, etc.
- B. Determine that all departments will report any fines, fees, penalties, return of monies to any agency due to not meeting a time deadline, etc and also any monies not used from grants, etc. where dedicated monies were not spent according to grant requirements.
- C. Have each department explain in detail why such fines, fees, return of monies occurred.

In 2021, prior to becoming a Grand Jury member, I heard rumors that the county had lost a large amount of money due to a department not filing documents in a timely manner. Then in 2024 after serving on the Grand Jury, I became aware of money that was paid out in fines, fees, or penalties where departments had not done their job in a timely manner.

I addressed the Board of Supervisors (BOS) a number of times about my concerns, because it appeared to me that the Board of Supervisors or the public had not been notified of any of these fines. After bring this before the Board and getting little or no response the Board informed me that if I wanted to know about these fines then I should file a California Public Record Act request (PRA). This indicated to me that the Board did not feel it was their duty to question the departments that they oversee about monies lost to the county by county departments. When a department pays a fine, fee, or penalty because of a missed deadline, then that department is not performing their function for the county in a fiscally responsible manner.

The Clerk of the Board informed me that the County Counsel requested that I make the inquiry to the Plumas County Department Administrators. I sent a PRA to each Department Head requesting any fines, fees, or penalties for a 4 year period from January 2020 thru December 2024. I believe that the BOS should have the responsibility of reviewing fines, fees, and penalties. I am requesting that the BOS require that each department send this information to them and that the BOS reports the findings to the public at least once a year.

NOTICE: This document contains information pertaining to the Board Agenda Request Form, consists of the cover letter, a list of Departments that had no findings, and a list of the Departments that did pay fines, fees, or penalties with the amounts paid.

Department and amounts that were returned due to fines, fees, penalties. “or monies not used” from January 1, 2020 thru December 31, 2024.

In 2021, prior to becoming a Grand Jury member, I heard rumors that the county had lost a large amount of Money due to a department not filing documents in a timely manner. Then in 2024 after serving on the Grand Jury, I became aware of money that was paid out in fines, fees, or penalties where departments had not done their job in a timely manner.

I addressed the Board of Supervisors (BOS) a number of times about my concerns, because it appeared to me that the Board of Supervisors or the public had not been notified of many of these fines. After bring this before the Board and getting little or no response the Board informed me that if I wanted to know about these fines then I should file a California Public Record Act (PRA). This indicated to me that the Board did not feel it was their duty to question the departments that they over-see about monies lost to the county by county departments which are. When a department pays a fine, fee, or penalty because of a missed deadline, then that department is not performing their function for the county in a fiscally responsible manner.

The Clerk of the Board informed me that the County Counsel requested that I make the inquiry to the Plumas County Department Administrators. I sent a PRA to each Department Head requesting any fines, fees, or penalties for a 4 year period from January 2020 thru December 2024. I believe that the BOS should have the responsibility of reviewing fines, fees, and penalties. I am requesting that the BOS require that each department send this information to them and that the BOS reports the findings to the public at least once a year.

NOTICE: This document contains information pertaining to the Board Agenda Request Form it is attached to. This document consists of the cover letter, a list of Departments that had no findings, and a list of the Departments that did pay fines, fees, or penalties with the amounts paid.

DEPARTMENTS WITH NO FINES FEES OR PENALTIES

All departments that reported back to me with no fines, fees, or penalties left themselves an out by putting something in the report such as “unable to locate any records” so that if later something did show up it would be that initially they might have missed something. I don’t believe any department was intentionally trying to hide anything, I just think they were replying as the County Counsel told them to since it appeared that the County Counsel informed the departments that they might be getting the PRA.
