**PLUMAS COUNTY  
PUBLIC WORKS DEPARTMENT  
MEMORANDUM**

---

**TO:** Honorable Chair and Board of Supervisors

**FROM:** Rob Thorman, Director of Public Works

**MEETING DATE:** September 9, 2025

**SUBJECT:** Approve and authorize Chair to sign Amendment No. 2 to agreement between Plumas County Public Works and McGarr Excavation, Inc., Dig It Construction, Inc. and Turner Excavation, Inc. to extend the term; (No General Fund Impact) (from road funds); approved as to form by County Counsel.

---

**Recommendation:**

The Department of Public Works respectfully requests that the Board of Supervisors authorize the Chair to execute On-call Maintenance Amendments for McGarr Excavation, Inc., Dig-It Construction, Inc. and Turner Excavation, Inc. extending the expiration of the agreement to September 30, 2026.

**Background and Discussion:**

Three on-call snow removal and storm damage agreements were approved by the Board of Supervisors on January 2, 2024 with not to exceed amount of \$200,000 and expiration date of September 30, 2024. The agreements were extended one year by Amendment No. 1 on September 17, 2024. The only contract utilized was McGarr Excavation, Inc. in the Sierra Valley for extra help with snow removal. McGarr Excavation has \$178,387.50 remaining of the not to exceed \$200,000. The purpose of this request for bids was for Public Works to have options in the event of heavy prolonged snow where understaffed road crews have maxed out time, which limits drivers to 12 hours. Upon Public Works request the on-call contractors would mobilize between storms to remove snow primarily during daytime hours. The on-call contractors would also be potentially utilized for storm damage cleanup operations.

Three separate Maintenance Agreement Amendments have been reviewed and approved as to form by County Counsel. The Second Amendments extend the Agreement expiration to September 30, 2026.

**Action:**

Approve and authorize Chair to sign Amendment No. 2 to agreement between Plumas County Public Works and McGarr Excavation, Inc., Dig It Construction, Inc. and Turner Excavation, Inc. to extend the term; (No General Fund Impact) (from road funds); approved as to form by County Counsel.

**Fiscal Impact:**

No General Fund impact. Road funds.

This Agreement is made by and between the COUNTY OF PLUMAS, a political subdivision of the State of California, by and through its Public Works department (hereinafter referred to as "County"), and Dig It Construction, Inc., a California corporation (hereinafter referred to as "Contractor").

The parties agree as follows:

1. Scope of Work. Contractor shall provide the County with materials and services as set forth in Exhibit A, attached hereto (hereinafter referred to as the "Work").
2. Compensation. County shall pay Contractor for the Work in the manner set forth in Exhibit A, attached hereto. The total amount paid by County to Contractor under this Agreement shall not exceed One Hundred Thousand Dollars and No/100 (\$200,000) (hereinafter referred to as the "Contract Amount"), unless the Contract Amount has been adjusted pursuant to Section 15 of this Agreement.
3. Commencement and Term. The date of commencement of the Work shall be the date of execution of this Agreement. Contractor shall complete the Work no later than September 30, 2024, subject to adjustment as stated in Sections 15 and 16.
4. Termination.
  - a. By County for Cause. The County may immediately terminate this Agreement for cause, upon written notice to Contractor, if Contractor (i) does not supply sufficient skilled workers or materials to ensure the timely and competent performance of the Work; (ii) fails to make payment to subcontractors for materials or labor in accordance with the respective agreements between Contractor and the subcontractors; (iii) violates any law, ordinance, rule, regulation, or order of a public authority having jurisdiction over Contractor, the County, or this Agreement; or (iv) has committed any other substantial breach of this Agreement. If the County terminates this Agreement for cause, then Contractor shall not be entitled to receive further payment from the County other than for the value of the services and materials previously provided to the County under this Agreement.
  - b. County's Remedies. Upon terminating this Agreement for cause, County may, without prejudice to any other rights or remedies held by the County under this Agreement or applicable law, take possession of the site and all materials thereon owned by Contractor, and finish the Work by what whatever reasonable method the County deems appropriate. - d. By Contractor. If the County fails to make payment as provided in Exhibit B for a period of at least thirty (30) days after the date such payment is due and payable, then Contractor may, upon seven (7) additional days' written notice to the County, terminate this Agreement. Upon such termination, County shall pay Contractor for any Work performed prior to termination as well as the costs incurred by Contractor by reason of such termination.

The parties agree as follows:

1. Scope of Work. Contractor shall provide the County with materials and services as set forth in Exhibit A, attached hereto (hereinafter referred to as the "Work").

The total amount paid by County to Contractor under this Agreement shall not exceed One Hundred Thousand Dollars and No/100 (\$200,000) (hereinafter referred to as the "Contract Amount"), unless the Contract Amount has been adjusted pursuant to Section 15 of this Agreement.

4. Termination.
  - a. By County for Cause. The County may immediately terminate this Agreement for cause, upon written notice to Contractor, if Contractor (i) does not supply sufficient skilled workers or materials to ensure the timely and competent performance of the Work; (ii) fails to make payment to subcontractors for materials or labor in accordance with the respective agreements between Contractor and the subcontractors; (iii) violates any law, ordinance, rule, regulation, or order of a public authority having jurisdiction over Contractor, the County, or this Agreement; or (iv) has committed any other substantial breach of this Agreement.   - b. County's Remedies. Upon terminating this Agreement for cause, County may, without prejudice to any other rights or remedies held by the County under this Agreement or applicable law, take possession of the site and all materials thereon owned by Contractor, and finish the Work by whatever reasonable method the County deems appropriate. - d. By Contractor. If the County fails to make payment as provided in Exhibit B for a period of at least thirty (30) days after the date such payment is due and payable, then Contractor may, upon seven (7) additional days' written notice to the County, terminate this Agreement. Upon such termination, County shall pay Contractor for any Work performed prior to termination as well as the costs incurred by Contractor by reason of such termination.

The contractors work will generally occur between snowstorms when County Maintenance personnel have reached their 12-hour work limit per federal DOT regulations. The contractor will work during daylight hours and limit work day to 8 hours maximum unless directed by the Deputy Director otherwise. Contractors will not be requested to plow snow during storms unless their graders and dump trucks are properly equipped and approved for such use by the Department in advance and in writing. County Maintenance personnel will provide traffic control as necessary.

On-call Storm Damage Assistance scope of work: The work will generally consist of clearing mud, rock, trees and or debris from blocked County roads as well as clearing and reestablishing ditches and culvert inlets and outlets when directed to do so by County Road Department Area Maintenance Foremen or the Deputy Director of Public Works. The contractors work will generally occur during daylight hours between 6 am and 6 pm. County Maintenance personnel will provide traffic control as necessary.

A contractor can provide up to three pieces of equipment for each requested type for this service for each requested area. Operator and equipment rates to be paid will be the same for both On-Call Snow Removal Services and On-call Storm Damage Assistance.

Contractors will be given a minimum 72-hour notice for requests to mobilize operators and equipment to the locations to be assigned for work. The request will be directed to the signatory on this agreement at the phone number listed in item 36 above. The quoted hourly rates for transport vehicles doesn't apply for moving equipment to Plumas County, only for transport within Plumas County.

Contractor may submit for payment once per month with detailed invoice for services provided. ## QUESTIONS FOR STAFFING CRITICAL POSITIONS WHICH ARE CURRENTLY ALLOCATED.

- Is there a legitimate business, statutory or financial justification to fill the position?
  - Yes, the Deputy Probation Officer I/II position is a legitimate business need.
- Why is it critical that this position be filled at this time?
  - The main function of this position is to cover a wide range of duties, including community supervision and preparing reports for the Court. In order to fulfill the Department's goals and mission, caseloads and workloads must be maintained at appropriate levels.
  - This particular position handles the Post Release Community Supervision caseload, a demanding caseload that requires the officer to interact with felony level offenders.
- How long has the position been vacant?
  - This position was vacated on August 8<sup>th</sup>, 2025, via promotion.
- Can the department use other wages until the next budget cycle?
  - Other wages are not suitable in recruiting, hiring, and retaining Deputy Probation Officers, and are therefore not an option. The job requires specific education and experience. A permanent employee in this position is important.
- What are staffing levels at other counties for similar departments and/or positions?
  - Other county Probation Departments of similar size use a comparable number of Deputy Probation Officers.
- What core function will be impacted without filling the position prior to July 1?
  - Timely flow and completion of court related documents and assessments would be impacted. Effective community supervision would be impacted.
- What negative fiscal impact will the County suffer if the position is not filled prior to July 1?
  - There would not be a negative fiscal impact to the County.
- A non-general fund department head needs to satisfy that he/she has developed a budget reduction plan in the event of the loss of future state, federal or local funding? What impact will this reduction plan have to other County departments?
  - The Probation Department is a general fund department.

- Does the department expect other financial expenditures which will impact the general fund and are not budgeted such as audit exceptions?
  - The Probation Department does not expect unbudgeted audit exceptions that will affect the general fund.
- Does the budget reduction plan anticipate the elimination of any of the requested positions?
  - The Probation Department is not requesting elimination of any positions.
- Departments shall provide an estimate of future general fund support for the next two years and how the immediate filling of this position may impact, positively or negatively, the need for general fund support?
  - There is no anticipated impact to the General Fund.
  - Using values provided by Human Resources in FY25-26 for an allocated Deputy Probation Officer, including health and benefits, the estimated cost for the position over two years is \$189,808.
  - AB109 funding will pay for the entirety of the position for the next two years, under the assumption that funding for AB109 continues as it has for the prior decade. This figure may change depending on the applicant's starting rate of pay and health insurance situation, but should likely come in below this figure.
- Does the department have a reserve? If yes, provide the activity of the department's reserve account for the last three years?
  - AB109's reserve sustains several county agencies, not only the Probation Department's, meaning that in the event that funding were to see a reduction, another funding source would have to be located to sustain the position.
  - SB678 has a significant reserve, which would be able to bear the weight of the position should AB109 falter in any way for a period of time.

NOTICE! You have been sued. The court may decide against you without your being heard unless you respond within 30 days. Read the information below.

You have 30 CALENDAR DAYS after this summons and legal papers are served on you to file a written response at this court and have a copy served on the plaintiff. A letter or phone call will not protect you. Your written response must be in proper legal form if you want the court to hear your case. There may be a court form that you can use for your response. You can find these court forms and more information at the California Courts Online Self-Help Center ([www.courtinfo.ca.gov/selfhelp](http://www.courtinfo.ca.gov/selfhelp)), your county law library, or the courthouse nearest you. If you cannot pay the filing fee, ask the court clerk for a fee waiver form. If you do not file your response on time, you may lose the case by default, and your wages, money, and property may be taken without further warning from the court.

There are other legal requirements. You may want to call an attorney right away. If you do not know an attorney, you may want to call an attorney referral service. If you cannot afford an attorney, you may be eligible for free legal services from a nonprofit legal services program. You can locate these nonprofit groups at the California Legal Services Web site ([www.lawhelpcalifornia.org](http://www.lawhelpcalifornia.org)), the California Courts Online Self-Help Center ([www.courtinfo.ca.gov/selfhelp](http://www.courtinfo.ca.gov/selfhelp)), or by contacting your local court or county bar association. **NOTE:** The court has a statutory lien for waived fees and costs on any settlement or arbitration award of \$10,000 or more in a civil case. The court's lien must be paid before the court will dismiss the case. **¡AVISO! Lo han demandado. Si no responde dentro de 30 días, la corte puede decidir en su contra sin escuchar su versión. Lea la información a continuación.**

Tiene 30 DÍAS DE CALENDARIO después de que le entreguen esta citación y papeles legales para presentar una respuesta por escrito en esta corte y hacer que se entregue una copia al demandante. Una carta o una llamada telefónica no lo protegen. Su respuesta por escrito tiene que estar en formato legal correcto si desea que procesen su caso en la corte. Es posible que haya un formulario que usted pueda usar para su respuesta. Puede encontrar estos formularios de la corte y más información en el Centro de Ayuda de las Cortes de California ([www.sucorte.ca.gov](http://www.sucorte.ca.gov)), en la biblioteca de leyes de su condado o en la corte que le quede más cerca. Si no puede pagar la cuota de presentación, pida al secretario de la corte que le dé un formulario de exención de pago de cuotas. Si no presenta su respuesta a tiempo, puede perder el caso por incumplimiento y la corte le podrá quitar su sueldo, dinero y bienes sin más advertencia.

Hay otros requisitos legales. Es recomendable que llame a un abogado inmediatamente. Si no conoce a un abogado, puede llamar a un servicio de remisión a abogados. Si no puede pagar a un abogado, es posible que cumpla con los requisitos para obtener servicios legales gratuitos de un programa de servicios legales sin fines de lucro. Puede encontrar estos grupos sin fines de lucro en el sitio web de California Legal Services, ([www.lawhelpcalifornia.org](http://www.lawhelpcalifornia.org)), en el Centro de Ayuda de las Cortes de California, ([www.sucorte.ca.gov](http://www.sucorte.ca.gov)) o poniéndose en contacto con la corte o el colegio de abogados locales. **AVISO:** Por ley, la corte tiene derecho a reclamar las cuotas y los costos exentos por imponer un gravamen sobre cualquier recuperación de \$10,000 ó más de valor recibida mediante un acuerdo o una concesión de arbitraje en un caso de derecho civil. Tiene que pagar el gravamen de la corte antes de que la corte pueda desechar el caso.

## INSTRUCTIONS ON HOW TO COMPLETE THE COVER SHEET

**To Plaintiffs and Others Filing First Papers.** If you are filing a first paper (for example, a complaint) in a civil case, you **must** complete and file, along with your first paper, the Civil Case Cover Sheet contained on page 1. This information will be used to compile statistics about the types and numbers of cases filed. You must complete items 1 through 6 on the sheet. In item 1, you must check **one** box for the case type that best describes the case. If the case fits both a general and a more specific type of case listed in item 1, check the more specific one. If the case has multiple causes of action, check the box that best indicates the **primary** cause of action. To assist you in completing the sheet, examples of the cases that belong under each case type in item 1 are provided below. A cover sheet must be filed only with your initial paper. Failure to file a cover sheet with the first paper filed in a civil case may subject a party, its counsel, or both to sanctions under rules 2.30 and 3.220 of the California Rules of Court.

**To Parties in Rule 3.740 Collections Cases.** A "collections case" under rule 3.740 is defined as an action for recovery of money owed in a sum stated to be certain that is not more than \$25,000, exclusive of interest and attorney's fees, arising from a transaction in which property, services, or money was acquired on credit. A collections case does not include an action seeking the following: (1) tort damages, (2) punitive damages, (3) recovery of real property, (4) recovery of personal property, or (5) a prejudgment writ of attachment. The identification of a case as a rule 3.740 collections case on this form means that it will be exempt from the general time-for-service requirements and case management rules, unless a defendant files a responsive pleading. A rule 3.740 collections case will be subject to the requirements for service and obtaining a judgment in rule 3.740.

**To Parties in Complex Cases.** In complex cases only, parties must also use the Civil Case Cover Sheet to designate whether the case is complex. If a plaintiff believes the case is complex under rule 3.400 of the California Rules of Court, this must be indicated by completing the appropriate boxes in items 1 and 2. If a plaintiff designates a case as complex, the cover sheet must be served with the complaint on all parties to the action. A defendant may file and serve no later than the time of its first appearance a joinder in the plaintiff's designation, a counter-designation that the case is not complex, or, if the plaintiff has made no designation, a designation that the case is complex.

22 TO THE HONORABLE COURT:

23  
24 **INTRODUCTION**

25  
26 The County of Plumas respectfully submits this ex parte application for a temporary injunction to  
27 prevent further construction of a cell phone tower on private property located at 1006 Powerline

1 Rd, Greenville, Ca 95947, near Native American burial grounds and to set a date for a full  
2 evidentiary hearing. This application is brought pursuant to Cal Code Civ Proc § 527 and related  
3 statutes.

4

5

## FACTUAL BACKGROUND

6

7 The property at issue is located at 1006 Powerline Road, Greenville, Ca 95947, where  
8 construction of a cell phone tower is currently underway. Adjacent to this property lies a site of  
9 significant cultural and historical importance: Native American burial grounds that have been in  
10 use for hundreds of years and are protected under Federal and California law. These burial  
11 grounds are sacred to the Washoe family of Native Americans and are recognized as a vital part  
12 of their cultural heritage. Although the Plumas County Building Department issued a building  
13 permit for the tower, this was a purely ministerial act, and the County would be able to  
14 demonstrate that the permit was issued without proper consideration of laws protecting Native  
15 American burial sites. It has, very recently, come to the attention of the County that the cell  
16 phone tower is being built close to the Washoe Family traditional burial grounds. This cemetery  
17 has been in use for hundreds of years and there are concerns that have been expressed by the  
18 Washoe Family members that some of the older burial sites may not have any markers and the  
19 construction may disturb the remains that are buried in this area. Plumas County is requesting  
20 that all construction be halted in order to ensure that the remains interred in this area, and the site  
21 itself are treated with the deference and respect that they are due. As the Respondents have  
22 indicated their intent to pour the concrete footings today, Petitioner is requesting a temporary halt  
23 of construction activities to ensure that all appropriate safeguards have been put in place for the  
24 proposed site.

25

26 The construction activities pose an imminent threat to the integrity of the burial grounds,  
27 including but not limited to; potential excavation, vibration damage, and other disturbances.

Immediate judicial intervention is necessary to prevent irreparable harm to this culturally significant site. Additionally, the County and tribal representatives are requesting the installation of a tribal monitor pursuant to the guidelines in the Native American Graves Protection and Repatriation Act (NAGPRA).

## LEGAL BASIS FOR RELIEF

## 1. Standards for Injunctive Relief

Under California law, injunctive relief is appropriate where there is a showing of irreparable harm, a likelihood of success on the merits, and a balance of equities favoring the applicant. The County satisfies these criteria:

- **Irreparable Harm:** The destruction or disturbance of Native American burial grounds constitutes irreparable harm, as such damage cannot be undone. Any disturbance of the Native Americans at rest in the burial grounds, which have been in use continuously for centuries for the Washoe Family, would cause such harm to the Washoe Family that no court could ever provide sufficient relief to make them whole again.
- **Likelihood of Success:** The County is likely to prevail on the merits under the Native American Historic Resource Protection Act, which prohibits the destruction or defacement of Native American cultural sites. Under California law, Native American burial sites are afforded certain protections, even on private land, through statutes such as *Cal Pub Resources Code § 5097.94*, *Cal Pub Resources Code § 5097.98*, and *Cal Pub Resources Code § 5097.99*. These statutes emphasize the importance of treating Native American burial sites and associated remains with dignity and ensuring consultation with Native American descendants or the Native American Heritage Commission (NAHC). At this time, there has been no indication that any discussions have taken place between any of the Respondents and the Washoe Family in regard to the safeguarding of their sacred site.
- **Balance of Equities:** The potential for harm to the burial grounds far outweighs any inconvenience to the construction project, which can be temporarily halted without

1 significant prejudice whereas any harm to the burial grounds of the Washoe Family would  
2 never be repaired.

3 • **Native American Historic Resource Protection Act:** The Act provides for the  
4 protection of Native American burial grounds and prohibits their unlawful excavation or  
5 destruction. The ongoing construction activities threaten to violate these protections,  
6 necessitating immediate judicial intervention. The County desires to ensure that the  
7 proposed construction does not negatively impact the cemetery and that appropriate  
8 protections are in place. The Plumas County Planning Director has requested documents  
9 from Respondents to ensure compliance with FCC regulations and NEPA compliance on  
10 September 2, 2025, and the County is waiting for those documents to be produced but  
11 more time is needed to ensure compliance with these regulatory bodies.

12 **PROCEDURAL REQUIREMENTS**

13 This application complies with the procedural requirements for ex parte relief:

14

15 • **Notice:** The County requests that notice be waived due to the immediate danger posed by  
16 the construction activities, although appropriate notice will be provided upon issuance of  
17 the temporary injunction. “(c) No temporary restraining order shall be granted without  
18 notice to the opposing party, unless both of the following requirements are satisfied:  
19 (1) It appears from facts shown by affidavit or by the verified complaint that great or  
20 irreparable injury will result to the applicant before the matter can be heard on notice.  
21 (*Cal Code Civ Proc § 527*). The Petitioner is reliably informed that concrete for the  
22 footing is being planned to be poured today, September 3, 2025. Should the construction  
23 continue, irreparable injury will be caused to the resting place of hundreds of years of  
24 Washoe Family members.

25 • **Factual Showing:** The Petitioner has attached letters (Exhibit A and B) from the Plumas  
26 County Board of Supervisors as well as Dwayne Anthony Washoe Jr., demonstrating and  
27 describing irreparable harm and immediate danger to the burial grounds. Declarations

1 were unavailable due to the very short notice that the County received of these activities  
2 but is another reason why more time is needed to ensure the respectful and appropriate  
3 treatment of these ancient burial grounds.

**REQUEST FOR RELIEF** The County respectfully requests that the Court issue a temporary injunction:

1. Halting all construction activities related to the cell phone tower on the property located at 1006 Powerline Rd., Greenville, Ca, 95947.
2. Preserving the status quo pending a full evidentiary hearing on the matter at the convenience of the Court.

## CONCLUSION

For the foregoing reasons, the County respectfully requests that the Court grant this ex parte application for a temporary injunction to protect the Native American burial grounds from irreparable harm until a full evidentiary hearing can be held, and any other relief be granted that the Court considers proper in order to preserve this important cultural site.

Re: Opposition to Proposed Cell Tower Development in Greenville, California

Dear Verizon Wireless Leadership,

As Plumas County Supervisor for District 2, I am writing to express my strong opposition—and that of many community members—to the proposed cell tower site in Greenville on Power Line Road. While I fully support improved connectivity and recognize the vital role reliable communication plays in our rural county, this project does not at all reflect a thoughtful or appropriate balance between technology and community values.

The area you have identified is still reeling from the massive devastation of the Dixie Fire. Families are only beginning to rebuild their homes, their lives, and their sense of stability. Our residents are working hard to restore not only structures, but the deep sense of community, beauty, and stewardship that has defined this region for generations. The introduction of a large, industrial tower into the heart of this recovery zone risks undermining that effort in profound and lasting ways.

Of particular concern is the tower's proximity to the Washoe family cemetery, a site of cultural, spiritual, and historic importance for the tribal and broader community. To erect such a structure nearby demonstrates a lack of sensitivity to the Indigenous people of this land and to the memory of their ancestors. At a time when we should be honoring heritage and respecting the sacred, this proposal threatens to do the opposite.

In addition, the tower would impose real economic harm. Homeowners who have poured their time, energy, and funds into rebuilding after catastrophic loss are now being asked to shoulder an additional burden—the loss of property value directly tied to industrial encroachment. Those who have not yet rebuilt, already struggling under the strain of loss and displacement, now face the added uncertainty of whether their homes and neighborhoods will ever again feel whole.

Connectivity is essential, and I am eager to work with Verizon and other providers to find solutions that expand access without compromising the integrity of the places we love. But progress cannot come at the expense of a community that has already endured so much. A project of this nature requires not just technical feasibility but cultural awareness, environmental stewardship, and respect for those most directly impacted.

I respectfully urge Verizon to withdraw this proposal and engage in a collaborative process with Plumas County, tribal representatives, and local residents to identify alternative solutions that meet our shared goals. With care and partnership, we can strengthen communication infrastructure while also honoring the resilience, dignity, and future of this community.

Thank you for your time and thoughtful consideration.

Sincerely,

*Kevin Goss*

# Statement Regarding Proposed Verizon Cell Tower Near the Washoe Family Cemetery

My name is Dwayne Anthony Washoe Jr., and I am here today to speak on behalf of the Washoe family and the Washoe family cemetery.

The Washoe Cemetery is more than just a resting place. It is sacred ground, a place of history, remembrance, and respect for our loved ones and ancestors. Families come here to grieve, to honor, and to find peace. For generations, this land has been set aside as a place of dignity and reflection, and it holds deep personal and cultural meaning to us.

The proposed construction of a Verizon cell tower on Sierra Pacific Industries (SPI) land in such close proximity to this cemetery raises serious concerns. The burial grounds of the Washoe family cemetery are positioned to face west, in alignment with long-held spiritual and Native beliefs. This orientation is deeply meaningful and intentional, reflecting respect for tradition and cultural practices. The fact that this tower would stand in clear eyesight of these sacred grounds directly disrupts that spiritual connection and the peace this place is meant to provide.

It is also important to note that the Washoe burial sites are not limited to the marked cemetery. There are older, unmarked burial grounds outside the cemetery boundaries that date back hundreds of years. These sites cannot be easily seen today, yet they remain sacred, carrying with them history and ancestral ties that must be respected. Any development in this area risks disturbing these unmarked graves and erasing pieces of history that cannot be replaced.

We are also concerned about long-term impacts to the land itself. Construction activities could risk disturbing the soil, water, and natural setting around the cemetery. The presence of heavy equipment and infrastructure may alter the environment in ways that are permanent and irreversible.

Beyond physical impacts, there is the moral obligation we all share to protect sacred ground. Cemeteries and ancestral burial sites are places that deserve respect, quiet, and preservation. Allowing such a project to move forward here would set a precedent that commercial interests can outweigh the dignity of our families and our history.

We are not against progress, technology, or better communication services. But there are countless other locations where a cell tower could be placed without encroaching on a cemetery or ancestral burial grounds and the sacred memories they hold.

On behalf of the Washoe family and all who care about preserving this place, I, Dwayne Anthony Washoe Jr., respectfully urge Verizon and Sierra Pacific Industries to halt ongoing construction immediately and reconsider this project's location. We ask that the sanctity of the Washoe Cemetery, along with the unmarked ancestral burial grounds surrounding it, be honored and protected, and that a new, more appropriate site be selected—one that does not come at the expense of our history, our culture, and the respect due to those who came before us.

Thank you. D.A.  Date: 9-1-25
