

Additional Information Notes:

MITIGATION MEASURE 5A

Should development activities reveal the presence of cultural resources (i.e., artifact concentrations, including arrowheads and other stone tools or chipping debris, cans, glass, etc.: structural remains; human skeletal remains), work within 50 feet of the find shall cease immediately until a qualified professional archaeologist can be consulted to evaluate the remains and implement appropriate mitigation procedures. Should human skeletal remains be encountered, State law requires immediate notification of the County Coroner. Should the County Coroner determine that such remains are in an archaeological context, the Native American Heritage Commission in Sacramento shall be notified immediately, pursuant to State law, to arrange for Native American participation in determining the disposition of such remains.

Under 1275.00 et seq. of the SRA Fire Safe Regulations and the provisions of Article 10 of Chapter 4 of Title 9, commencing with Section 9-4.1001 of the Plumas County Code, emergency water for fire protection shall be required before final inspection for building construction.

Future development of these parcels has the potential to be incompatible depending on the intensity and density of use. Future development plans or building permits must be reviewed by the Airport Land Use Commission in order to ensure that any new use is compatible with the Safety Compatibility Zone 2 as described in the California Airport Land Use Planning Handbook.
