SURVEYOR'S NOTE:

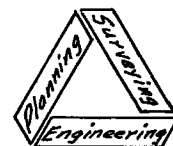

The Official Plat of the Town of Taylorsville filed Feb. 17, 1873 in Book A of Maps page 45 does not indicate monumentation and no "original" monumentation has been found. It is of general knowledge both lay and professional that discrepancies exist between the Plat and lines of possession.

This survey is a comprehensive retracement of Blocks 7, 8, 9, & 10, accomplished by utilizing certain found monuments which were weighted for their positional value in relation to long standing lines of occupation and possession. The resultant retracement offers the least disruption to the Plat and lines of possession; only the depth of the south half of Blocks 7 & 8 could not be resolved to record dimensions.
