

Chapter 6 Plan Adoption

Requirement §201.6(c)(5) and §201.7(c)(5): [The local hazard mitigation plan shall include] documentation that the plan has been formally approved by the governing body of the jurisdiction requesting approval of the plan (e.g., City Council, county commissioner, Tribal Council).

The purpose of formally adopting this Plan is to secure buy-in from Plumas County, raise awareness of the plan and the risks and vulnerabilities of natural hazards in the Planning Area, and to formalize the Plan's implementation. The adoption of this Plan Update completes Planning Step 9 of the 10-step planning process: Adopt the Plan, in accordance with the requirements of the Disaster Mitigation Act (DMA) of 2000. For Plumas County, this adoption also establishes compliance with AB 2140 requiring adoption by reference or incorporation into the Public Health & Safety Element of the General Plan. An adoption resolution was created for Plumas County. The Plumas County Board of Supervisors, or the governing board for the County, has adopted this 2020 Local Hazard Mitigation Plan by passing a resolution. A copy of the proposed resolution and the executed copies are included in Appendix D: Adoption Resolution.
