Update on Recovery Status

- A number of recently approved Canyon Dam commercial sites have been cleared of debris- including Quail Lodge.
- The main road through Warner Valley has been plowed by Nation Park Service. The County will plow side street as soon as possible.
- Debris Removal has started in both Warner Valley and Frenchman Lake. There is 1 Crew working strictly in Warner Valley and another moving between Warner Valley, Chester, and East Tehama.
- Hazardous tree removal operations have re-started in Warner Valley – 1 Crew performing tree operations this week with possibility of another crew assisting soon. Crews are coordinating safe operations and minimize congestion with multiple debris and tree crews in the area.
- 2 Crews working in the Dixie/Frenchman area and 1 Crew working in the Last Chance area, near Frenchmen Lake.
- PGE’s mobile help center will be out at Greenville High School on April 7 from 9:00am- 1:00pm . Staff will answer questions and provide information on reestablishing electric service for rebuilt homes and businesses, as well as ask questions about tree removals.

Help Rebuild Greenville Brick by Brick – Volunteers Wanted!

Team Rubicon, a veteran powered international disaster response non-profit that provides relief to communities in need is organizing a recovery project to salvage the bricks that constructed the historic 150+ year old buildings that burned in Greenville.

- Please join us at the Greenville Elementary School (meeting spot) on Friday (9am), Saturday (8am), and Sunday (8am) – April 15 through 17 – to help stack the salvaged bricks for future use in rebuilding Greenville.
- Lunch and drinks will be provided.
- Volunteers **must be 18 years of age** and are required to sign a standard liability waiver.
- Team Rubicon will provide basic safety equipment (gloves, eye protection, and ear protection). N-95 masks will also be provided at certain locations with heavy dust.
- Show up or sign-up at <https://forms.gle/JJeigJhugQqkSaW8A>.
