TODD JOHNS  
SHERIFF/CORONER  
DIRECTOR

### PRESS RELEASE

FOR IMMEDIATE RELEASE

06/30/2022

This week, the Plumas County Sheriff's Office was made aware of a data breach by the California Department of Justice (DOJ), involving the personal information of California's concealed weapon (CCW) holders.

The DOJ has advised it has deactivated its "2022 Firearms Dashboard Portal," and will be contacting CCW permit holders directly to advise them of the breach and will institute a program to mitigate any harm or damages to CCW holders which may result from the breach. According to the DOJ, the information exposed included names, date of birth, gender, race, driver's license number, addresses, and criminal history. Social Security numbers or any financial information were not disclosed as a result of this event. The Plumas County Sheriff's Office encourages our CCW holders, or any member of our community with questions or concerns, to contact the California DOJ at:

<https://oag.ca.gov/contact>

We also encourage our CCW holders to monitor their accounts for any suspicious and unauthorized activity.

The full statement released by the California Department of Justice can be found by clicking on the link below.

<https://oag.ca.gov/.../california-department-justice...>

The Plumas County Sheriff's Office is furious about this unauthorized release of personal information and is concerned for the safety and security of CCW permit holders in Plumas County and beyond, we will continue to monitor this situation and report out any additional information we receive.
