

NATURAL & CULTURAL RESOURCES

RECOVERY SUPPORT FUNCTION (RSF)

Recovery Topics:

- Cultural Sacred Sites
- Ecological Restoration
- Ecotourism
- Historic Structures
- Parks and Recreation
- Watersheds
- Wildlife Movement

Recovery Co-Chairs:

- Paul Russell,
Museum Director
- Willo Vieira,
Agricultural
Commissioner

Mission Statement

Assist wildfire-impacted communities in Plumas County with efforts to preserve, protect, conserve, rehabilitate, recover, and restore natural and cultural resources through technical assistance, project development, resource identification, and project implementation.

Goals

The goal of the Natural and Cultural Resources RSF is to:

- Integrate subject matter experts, assets, and capabilities to support local and tribal governments and communities to address natural and cultural resource recovery and mitigate unavoidable adverse effects.

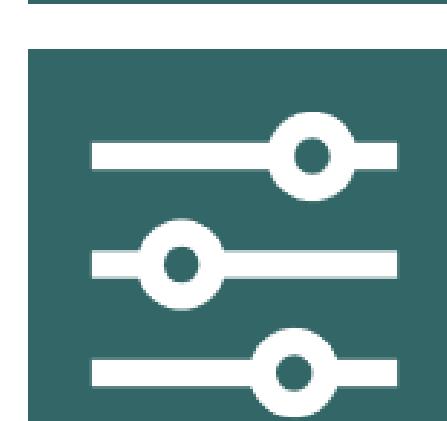

Fire Impacts and Needs

768,130 acres burned
in the County¹

Lassen Volcanic
National Park
impacted by 68%²

Over 600,000 acres assessed as moderate-to-high soil burn
severity (SBS)³

21,957 trees felled under Hazard Tree Removal Program⁴
