IMPORTANT MAP NOTES:

General coverage areas for inspection staff are shown here. Inspections cannot be scheduled by calling an inspector directly. Inspections are divided based on volumes and staffing availability. This map does not guarantee any particular staff will be assigned to your project.

Plumas County inspectors cover unincorporated areas only. For inspections within the incorporated City of Portola, please call (530) 832-6809.

Inspectors are typically out conducting inspections throughout the day, so they may not be able to respond to calls right away. Please leave a message or send email.
