Tracey,

I am vehemently opposed to allowing vested rights for US Copper concerning the Engels and Superior Mines. We have never seen any indication of activity at these mines since we have lived and owned property on North Arm rd. We often travel through that end of North Arm for multiple reasons and would notice any significant sign of activity there. I sincerely feel this is a large well funded corporation trying to take advantage of a small, poor county government. This is one time we really need our government officials to step up and protect us residents from this abuse.

Sincerely,
Jim Westcott
428 North Arm road.
